Unit description

This unit provides extended formal academic support for students concurrently enrolled in the Advanced Taxation unit of the CPA program. This unit examines advanced tax issues including income tax law for a variety of business structures and investment entities; goods and services tax; international tax; and anti-avoidance regimes. It also considers the tax implications of complex business structures and corporate financing arrangements. By the end of this unit, students will have an ability to explain how tax theory, tax policies and tax legislation impacts on business decisions. Students will also be able to advise on the local and international tax issues surrounding various complex business structures, and make appropriate recommendations to clients.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Explain how tax theory and tax policies impact on business decisions and the tax consequences of various corporate financing arrangements

ULO2: Advise on the tax implications arising from various complex business structures, superannuation and associated investment decisions.

ULO3: Apply advanced tax knowledge to recommend an appropriate business or investment structure to achieve commercial and client's personal goals.

ULO4: Apply advanced tax knowledge in complex business areas at local and international levels, such as transactions involving complex goods and services tax law, cross-border tax issues, and tax avoidance.

Delivery and Resources

Classes

There are 3 hours of face-to-face teaching per week consisting of a 3-hour seminar conducted online via Zoom. Depending on when the CPA exams are scheduled, there may be a need to schedule more than one 3-hour seminar in a week.

Students are required to attend all classes. Webcams are required.

Required and Recommended texts and/or Materials

Required texts

CPA Program: Advanced Taxation, Study Materials, Deakin University (provided to you by CPA

Australia)

Recommended texts

Students will need to refer to legislation throughout the course. No legislation reference is prescribed as compulsory, but students would find useful:

OUP Core Tax Legislation and Study Guide (latest edition), or Thomson Reuters Fundamental Tax Legislation (latest edition).

Alternatively, students can access tax legislation at www.comlaw.gov.au. Additional references
The following books are not required to be purchased, but students would benefit from reference to any of the following as additional reading:

OUP Australian Taxation Law, Woellner, Barkoczy, Murphy, Evans and Pinto (latest edition)

CCH Australian Master Tax Guide (latest edition), or

Thomson Reuters Australian Tax Handbook (latest edition).

Students would also benefit from referring to the latest edition of the OUP Australian Taxation Study Manual (Nethercott, Devos and Gonzaga) which provides questions and suggested solutions to tax problems.

Many of the recommended texts and additional references are available in the Library and for purchase from the Macquarie University Co-op Bookshop.

Unit Web Page

Course material is available on iLearn.

Teaching and Learning Activities

The unit is broken up into seminars in which students and the lecturer discuss readings, case studies and assigned questions on specified taxation topics that correlate with the 10 modules. Each seminar will be held on the scheduled date for 3 hours.

In between these seminars, students are required to work through and complete nominated modules in the CPA program, as well as work on assessment tasks.

Each seminar will consist of a mixture of activities based around the CPA program modules.

These will include:

- discussion of case studies, examples and questions relating to the class's assigned module, and
- review of the main concepts and content, and their practical application, arising from the current class's assigned module.

The workload in completing this unit is 150 hours.

Technology Used and Required

Students are expected to have:

- proficiency in Word, Excel and Powerpoint
- knowledge of Macquarie University's online learning management system (iLearn) for downloading materials, and
- knowledge of the library resource database for accessing additional research material.
