Notice

As part of Phase 3 of our return to campus plan, most units will now run tutorials, seminars and other small group activities on campus, and most will keep an online version available to those students unable to return or those who choose to continue their studies online.

To check the availability of face-to-face activities for your unit, please go to timetable viewer. To check detailed information on unit assessments visit your unit’s iLearn space or consult your unit convenor.

Unit description
This unit covers the overall structure and dynamics of contemporary private capital covering both portfolio firm level and fund level considerations. Key issues of assessing, valuing, contracting, monitoring and exiting private equity and venture capital investments are dealt with at a practitioner level of detail. This unit covers a spectrum of private capital investments, from early stage and venture (seed and start-up) to late stage (management and buy-outs), together with managing private capital funded businesses. Consideration is also given to fund creation and management.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Examine recent developments in the private capital market and explain the key issues of assessing, valuing, contracting, monitoring and exiting private equity investments.
ULO2: Research and critically appraise a range of private equity investments and approaches.
ULO3: Describe the full lifecycle of a private capital transaction and apply private equity investment considerations to ‘real world’ situations.
