Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

This unit provides an introduction to the main ideas and concepts involved in modern economics, and attempts to provide students with an understanding of how the economy works, what type of problems economists attempt to solve, and how they set about trying to solve them. The unit is primarily concerned with the analysis of individual decision-making agents, the behaviour of firms and industries in the economy (microeconomics), and on the economy as a whole (macroeconomics). Topics can include: consumer choice and demand analysis, the firm and its production and costs, market structures and performance, and labour markets and inequality.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://students.mq.edu.au/important-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Identify and describe the importance of economics in the appropriate management of contemporary economic issues.

ULO2: Analyse and explain how principles of economics are relevant in analysing and describing decision-making by individuals, businesses and government.

ULO3: Communicate solutions and apply theories and concepts to real life economic problems.

ULO4: Evaluate economic policy from broad ethical and equity perspectives.

Assessment Tasks

Name	Weighting	Hurdle	Due
Weekly online participation	10%	No	Weekly
Online quizzes	10%	No	Weeks 5 & 10
Assignment	30%	No	Week 8
Online final examination	50%	No	University Exam Period

Weekly online participation

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 13 hours

Due: **Weekly**

Weighting: **10%**

Online participation is expected throughout the session. Each week, you are expected to make two posts in the relevant forum thread based on the lecture/tutorial content. Your participation will be recorded each week based on the number and the quality of your posts. In order to get full marks for this component, you need to demonstrate active participation in at least 10 weeks throughout the session.

On successful completion you will be able to:

- Analyse and explain how principles of economics are relevant in analysing and describing decision-making by individuals, businesses and government.
- Communicate solutions and apply theories and concepts to real life economic problems.

Online quizzes

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 2 hours

Due: **Weeks 5 & 10**

Weighting: **10%**

There will be two online quizzes conducted throughout the session. The first online quiz will cover lecture material from weeks 1-4; the second online quiz will cover lecture material from weeks 5-9. The quizzes are of equal value (5% each).

On successful completion you will be able to:

- Analyse and explain how principles of economics are relevant in analysing and describing decision-making by individuals, businesses and government.
- Communicate solutions and apply theories and concepts to real life economic problems.

Assignment

Assessment Type ¹: Problem set

Indicative Time on Task ²: 15 hours

Due: **Week 8**

Weighting: **30%**

There will be one individual assignment to be completed during the session. The assignment will be in the form of written short and long answer questions (2,000 words in total).

On successful completion you will be able to:

- Communicate solutions and apply theories and concepts to real life economic problems.
- Evaluate economic policy from broad ethical and equity perspectives.

Online final examination

Assessment Type ¹: Examination

Indicative Time on Task ²: 33 hours

Due: **University Exam Period**

Weighting: **50%**

A two-hour open-book examination, consisting of multiple-choice questions, short answer questions, or long answer questions, will be held during the University Examination Period. The examination will be administered online.

On successful completion you will be able to:

- Identify and describe the importance of economics in the appropriate management of

contemporary economic issues.

- Analyse and explain how principles of economics are relevant in analysing and describing decision-making by individuals, businesses and government.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Learning Skills Unit](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Prescribed textbook:

Students will need to consult this textbook:

- *The Economy: Economics for a Changing World.*

This text is produced by the CORE ECON team and is [available free online at https://www.core-econ.org/project/core-the-economy/](https://www.core-econ.org/project/core-the-economy/). You will need to register on the site as a student. It is also possible to purchase a hard copy textbook if desired, see the CORE ECON project site for more information.

Note that the CORE ECON project site contains significant additional resources that you should aim to make use of in aiding your learning.

Technology Used and Required

The unit uses the learning management system (iLearn) that can be accessed via iLearn.mq.edu.au. All of the learning materials and important information related to ECON1020 will be provided and can be accessed via iLearn. Students are expected to check the ECON1020 iLearn site regularly. It also allows students to put questions to an Online-Tutor. The Online-Tutor will attempt to answer your questions in a timely manner.

This unit uses Zoom for all online meetings which include live tutorial sessions and consultations. See iLearn for details.

Learning and Teaching Activities

This unit is taught as a mix of lectures and tutorials. The lectures are designed to provide the tools which can then be applied in tutorials. ECON1020 relies heavily on independent learning where students read the relevant chapter(s), revise lecture notes, and prepare answers to the tutorial questions.

Lectures (2 hours for each topic)

Lectures are intended to provide an overview of the key concepts explored in the unit. Students

are expected to read the relevant chapter(s) and watch the lectures provided on iLearn.

Tutorials (1 hour for each topic)

Tutorials constitute a critical learning experience of this unit. Students are expected to attempt tutorial questions prior to engaging in tutorial activities (see iLearn for details).
