Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

The ability to effectively communicate and persuade consumers is a major challenge facing marketers. Aside from clutter, consumers are also getting busier. The rise of social media also means that consumers are now more subtly influenced by their friends, and with the rise in multi-channel marketing, consumers expect a seamless experience when interacting with organisations. Being able to communicate the right message to the right people at the right time, using the right channels in an integrated fashion, is crucial to the success of any marketing communications. This unit develops students' knowledge of the principles and practices of integrated marketing communications. It covers planning processes, tools of marketing communications, creativity and media planning, among others. Students gain knowledge about developing and implementing effective integrated marketing communications campaigns.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

General Assessment Information

Late submissions of assignments:

Sometimes unavoidable circumstances occur that might prevent you from submitting an assignment on time and, in that case, you may be eligible to lodge a [Special Consideration request](#).

Unless a [Special Consideration request](#) has been submitted and approved, please note that no extensions to assignment deadlines will be granted. Assignments that are submitted late will attract a late penalty:

1. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late.
2. No assignment will be accepted more than 72 hours after the due date and time (incl. weekends) after the original due date.
3. No late submissions will be accepted for timed assessments (e.g., quizzes, online tests) or for tasks with a weighting of 10% or less of the total unit assessment.
