Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

This unit focuses on singing, song, composition and musical arrangement in a range of styles. It aims to facilitate critical listening and singing through the exploration of vocal stylistic nuances and musically arranging for voice. Creative approaches to repertoire and songwriting are introduced. Students research songs and musical styles/genres and are encouraged to pursue specific interests such as Blues, Jazz, Musical Theatre, Country, Pop and Rock. The unit fosters the development of creative, interpretive, performative and analytical skills appropriate to a variety of contemporary music genres. Original songs may also be explored. No prior knowledge of singing is required.

General Assessment Information

Assessment standards

1. Rubrics are used for all assessments and will be available on iLearn.
2. Assessment standards in this unit align with the University's grade descriptors, available in Schedule 1 at: <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment>

Written Assessment Submission

All written assessment submissions must be through Turnitin by the due date and time. For all written work, students are required to use APA referencing system for all in-text referencing and reference lists. This includes recorded material as appropriate. Please use the Library database for your own research purposes and do not use Wikipedia as a reference.

iLearn Forums

Students are required to participate in iLearn Forums for all group discussions. Please do not use social media, e.g., do not use Facebook. Due to copyright issues, the posting of lyrics, sheet music and/or videos on iLearn is not permitted. If appropriate, please post only links to resources such as websites/YouTube.

Project and Performance Assessments

No songs performed or analysed for assessments in other units may be used for assessment tasks in this unit.

Students are not permitted to read the lyrics or sheet music during their assessments.

No practical assessments (group or solo) may be recorded (video or audio) by students nor uploaded to social media/platforms.

Performances and/or presentations are to be from memory. That is, there is to be no reading of lyrics, music or scripts. If choosing a presentation option, students are required to use PowerPoint slides and to upload these with their outline.

Singing in a language other than English is permitted for one song only. Please email a translation of the lyrics to the unit convenor prior to the assessment date.

Students will be allocated an individual assessment time for the final task.

Late submission

Please note that the University and the Faculty of Arts have launched a new assessment policy effective as of 1 July 2021. This new policy particularly affects LATE SUBMISSION OF ASSIGNMENTS.

The Faculty policy in relation to late assessment submissions is as follows:

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – 10 marks out of 100 credit will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests, etc.

To be very clear:

Unless you have applied for special consideration and had your application approved, for each day your assignment is late, 10 marks will be deducted. For example, if you submit your assignment 7 days late, 70 marks will be deducted, which means you will fail that assignment. If your assignment is more than 7 days late (including weekends), you will get 0 for your assignment. These are serious penalties that will substantially alter your final grade and even determine whether you pass or fail this unit. Please make every effort to submit your assignment by the due date.

Special Consideration

If you find you cannot submit your assignment on time, please apply for Special Consideration through AskMQ. Make sure you read Macquarie University's policy regarding Special Consideration requests before you apply:

<https://students.mq.edu.au/study/assessment-exams/special-consideration>

Delivery and Resources

Lectures will be delivered online and will commence in Week 1. Tutorials will start in Week 2.

Required Readings and Resources

Required readings are available through Leganto. An indicative allocation of 12 hours is an estimate of the time required to complete these readings.

Set singing exercises are available on iLearn.

Additional Resources

Additional resources will be progressively introduced in tutorials as appropriate.

Individual Learning

Due to the practical and interactive components of this unit, students are encouraged to attend weekly tutorials and watch online lectures beforehand, to read the essential readings prior to attending weekly tutorials, to conduct individual research and to work on vocal development progressively throughout the session. Students therefore need to devise a progressive rehearsal schedule that enables regular practice of vocal exercises, which is a key component of the Vocal Exercises assessment.

An indicative allocation of 25 hours is an estimate of the time required to complete additional research and practice. This is in addition to the hours allocated to each assessment task.

Vocal Health and Care

Students should have access to bottled room temperature water to all tutorials. Students are requested to advise their convenor/tutor of any vocal health issues.

Feedback

Formal and informal feedback will be available throughout the session.

Technologies used and required

A computer and Internet access are required. Music playback facility is also required.
