Unit description

This unit introduces students to the voice as an instrument for effective, musical communication. Through studying elements of vocal anatomy and physiology, students learn technical and foundational aspects of the voice, voice function/production and appropriate technique for singing. Vocal health and vocal care strategies are also discussed. Students apply their learning to individual vocal programs, aspirations and abilities. The contemporary singing voice and its role in solo- and ensemble- specific situations within a range of music styles are explored. No prior knowledge of singing is required.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## General Assessment Information

### Written, Performed and/or Recorded Submissions

All assessment tasks have both written and performed (or presented) components. All written components for assessment tasks must be submitted through Turnitin by the due date/time shown. The performed (or presented) component of Assessment Tasks 2 and 3 will then be undertaken in the subsequent tutorial session either live (Face-to-Face tutorials) or via recorded format (Online students).

Students will be required to provide an instrumental backing track in a suitable key for each performance assessment task. It is the responsibility of students to ensure that backing tracks do not breach copyright legislation, are obtained legally and are not pirated copies. No melody or vocals are to be on the backing track used for assessment purposes (i.e. they should be instrumental accompaniment only).

### Referencing Style

For all written work, students are required to use the APA referencing system for all in-text referencing and reference lists. This includes references for recorded material as appropriate.

### Recording of Assessed Performances

Due to copyright issues, no practical assessments (group or solo) may be recorded by students in either audio or video format.

### Return of marked work

Formal and informal feedback will be issued throughout the session.

### Late submission / Special Consideration

Unless a Special Consideration request has been submitted and approved:

1. a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and
2. no assignment will be accepted more than seven (7) days (including weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests, online participation.

## Assessment standards

1. Rubrics are used for all assessments and will be available on iLearn.
2. Assessment standards in this unit align with the University's grade descriptors, available in Schedule 1 at: <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment>

## Delivery and Resources

### Lecture Delivery

Lectures for this unit will mostly be offered in live zoom sessions in the time slot indicated. Occasionally lectures will be offered in recorded format available through the Echo System through iLearn. Consequently, students should find a suitable location where they can setup their computer to attend the zoom lectures at 9:00 am on Tuesdays each week. **Lectures begin in Week 1.**

### Tutorial Delivery

There are three timetable slots available for tutorials in this unit. Students should select one of the following slots and attend classes weekly:

1. 10 am Tuesday (F2F in room 187 "Drama Studio")
2. 11 am Tuesday (F2F in Room 187 "Drama Studio")
3. 12 noon Tuesdays (Online)

### **THERE ARE NO TUTORIAL SESSIONS IN WEEK 1 - TUTORIALS BEGIN IN WEEK 2**

Tutorial activities will include a variety of tasks, instructions, practice and group performance work. Students will undertake the majority of their vocal practice at home including the practice of vocal exercises, and learning/practicing songs. However, recordings of vocal practice will be reviewed in tutorial time. Students will be updated as to appropriate tutorial procedures in

accordance with NSW Health guidelines.

Students will be formed into groups to complete Assessment Task 2 (Vocal Learning and Reflection). Group members will all be part of one tutorial group. Group singing and group practice will NOT occur during tutorials. Sessions will be used to plan material, explain assignment task details, discuss lecture content and discuss readings. In addition, classes will be used to discuss strategies to put together ensemble performances in a safe environment. The interactive nature of the group work for the unit means that it is essential that students attend weekly lectures, tutorials and undertake the activities associated with each week's content.

Online tutorial students will also be formed into groups to complete Assessment Task 2. The performed component of this task will need to be completed as a compiled recording. Details will be discussed in online zoom tutorials.

## iLearn Forums

Students are required to participate in iLearn Forums for all group discussions. Please do not use social media, e.g., do not use Facebook. Due to copyright issues, the posting of lyrics, sheet music and/or videos on iLearn is not permitted. If appropriate, please post only links to resources such as websites/YouTube.

## Required Readings and Resources

Required readings are available through Leganto. An indicative allocation of 8 hours is an estimate of the time required to complete these readings.

Set singing exercises are available on iLearn.

## Recommended Readings

Recommended readings will be progressively listed on iLearn.

## Vocal Health and Care

Students should bring bottled room temperature water to all tutorials. Students are requested to advise their tutor of any vocal health issues.

## Technologies used and required

A computer and Internet access are required. Music playback facility is also required.

## Unit Schedule

### Individual Learning and Group Work

Due to the practical, interactive and group components of this unit, students are encouraged to read the essential readings prior to engaging in the weekly lectures, to conduct individual research and to work on vocal development progressively throughout the semester.
