Macquarie University has taken all reasonable measures to ensure the information in this publication is accurate and up-to-date. However, the information may change or become out-dated as a result of change in University policies, procedures or rules. The University reserves the right to make changes to any information in this publication without notice. Users of this publication are advised to check the website version of this publication [or the relevant faculty or department] before acting on any information in this publication.

Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of units with mandatory on-campus classes/teaching activities.

Unit description

This unit provides a comprehensive outline of proactive approaches to student well-being, guiding and supporting positive behaviour. This unit focuses on identification and assessment issues, with a strong practical emphasis on functional assessment, related program development and intervention with students who experience disability within schools. This unit will examine the general issues of mental health and study the relationships between well-being, social and emotional competencies, and engagement with learning within a range of school environments.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Critically reflect on the principles of positive teaching and support for positive behaviour development at a classroom and school level.

ULO2: Critically evaluate the research-evidence for effective classroom and behaviour management.

ULO3: Creatively design functional behaviour assessment and analyse and synthesize the results.

ULO4: Construct evidence-based instructional programs to support positive behaviour, drawing on the results of functional assessment.

ULO5: Critically reflect on intervention processes and outcomes.

ULO6: Analyze the relationships among wellbeing, social and emotional competencies, prosocial behaviour, mental health as well as attitudes towards and engagement with learning.

General Assessment Information

Assessment Presentation and Submission Guidelines

Please follow these guidelines when you submit each assignment:

- · Allow a left and right-hand margin of at least 2cm in all assignments.
- · Please type all assignments using 12-point font and 1.5 spacing.
- · All assessments must be submitted through Turnitin in .doc or .pdf format
- · It is the responsibility of the student to ensure that all assessments are successfully submitted through Turnitin.
- · Faculty assignment cover sheets are NOT required.

Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to
 obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

Please note:

- · Students should regularly save a copy of all assignments before submission,
- Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.

Assignment extensions and late penalties

- In general, there should be no need for extensions except through illness or misadventure that would be categorised as serious
 and unavoidable disruption according to the University definition of same, see: https://students.mq.edu.au/study/my-study-progra
 m/special-consideration
- Applications for extensions must be made via AskMQ according to the Special Consideration policy. Extensions can only be
 granted if they meet the Special Considerations policy and are submitted via https://ask.mq.edu.au/. This will ensure consistency
 in the consideration of such requests is maintained.
- Late submissions: Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply

 10/100 marks of credit (10% of the total assessment weighting) will be deducted per day for assignments submitted after the
 due date and (b) no assignment will be accepted seven days (incl. weekends) after the original submission deadline. No late
 submissions will be accepted for timed assessment e.g. quizzes, online tests. A zero result for the assignment will be recorded
 after the late submission period has ended if no task has been received.
- · If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.
- Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

Requesting a re-assessment of an assignment

If you have **evidence** that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a remark you need to contact the unit convenor within **7 days** of the date of return of the assignment and provide **a detailed assessment of your script against the task criteria.** Evidence from your assignment must be provided to support your judgements.

Note:

- · Please do not request a re-mark for a Failed assessment as they are all double-marked as a part of the moderation process.
- The outcome of a re-mark may be a higher/lower or unchanged grade.
- Grades are standards referenced and effort is NOT a criterion.

University policy on grading

Criteria for awarding grades for assessment tasks

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. The following descriptive criteria are included for your information.

Descriptive Criteria for awarding grades in the unit

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at <u>all</u> assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Students will be awarded grades ranging from HD to F according to guidelines set out in the policy: https://staff.mq.edu.au/work/strategy-plan
https://staff.mq.edu.au/work/strategy-plan
https://staff.mq.edu.au/work/strategy-plan
https://staff.mq.edu.au/work/strategy-plan
https://staff.mq.edu.au/work/strategy-plan
https://staff.mq.edu.au/work/strategy-plan
https://staff.mq.edu.au/work/strategy-plan
<a href="mailto:ning-and-governance/university-policies-and-procedures/policies-and-proc

The following generic grade descriptors provide university-wide standards for awarding final grades.

Grade	Descriptor
HD (High Distinction)	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.
D (Distinction)	Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.
Cr (Credit)	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.
P (Pass).	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes
F (Fail)	Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

Note: If you fail a unit with a professional experience component, the fail grade will be on your transcript irrespective of the timing of the placement.

Withdrawing from this unit

If you are considering withdrawing from this unit, please seek academic advice via https://ask.mq.edu.au before doing so as this unit may be a co-requisite or prerequisite for units in the following sessions and may impact on your progression through the degree.

Results

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit <a href="mailto:as k.mq.edu.au.

Appeals against final unit grades

See the Policies and Procedures section for details on appeals against Unit Grades.

Academic honesty and plagiarism

You must read the Academic Honesty Policy that is linked in the Policies and Procedures section of this guide.

Important points:

- Close paraphrasing of another persons' writing is considered to be plagiarism. You must express ideas using your own words.
- Claim of ignorance of the University policy on plagiarism is NOT a defence. If you do not understand the Academic Honesty policy, please seek advice from a member of the academic staff.

How will I get feedback for my assignment?

Individual feedback will be provided electronically where you submitted your assignment.

Assignment rubric

The assignment rubric and performance criteria will be available on the iLearn site in the Assessment section.

Assessment Tasks

Name	Weighting	Hurdle	Due
Assignment	50%	No	23.55 03/10/2021
Examination	50%	No	During Exam period

Assignment

Assessment Type 1: Case study/analysis Indicative Time on Task 2: 40 hours

Due: 23.55 03/10/2021

Weighting: 50%

This assessment will present an assessment activity to apply the link between theoretical concepts and practical situations. Real-world scenarios where problems need to be solved. These questions will ask students to analyse, evaluate and relate ideas or bodies of literature to the case. Case Studies ask students to propose solutions to a problem (Approximately 2000 words).

On successful completion you will be able to:

- Critically reflect on the principles of positive teaching and support for positive behaviour development at a classroom and school level.
- Critically evaluate the research-evidence for effective classroom and behaviour management.
- Analyze the relationships among wellbeing, social and emotional competencies, prosocial behaviour, mental health as well as attitudes towards and engagement with learning.

Examination

Assessment Type 1: Examination Indicative Time on Task 2: 35 hours

Due: **During Exam period**

Weighting: 50%

The examination will serve as a summative assessment for the unit and will typically consist of a range of short answer questions addressing conceptual understanding and practical application of unit content. There will be a focus on scenario-based questions.

On successful completion you will be able to:

- Critically evaluate the research-evidence for effective classroom and behaviour management.
- Creatively design functional behaviour assessment and analyse and synthesize the results.
- Construct evidence-based instructional programs to support positive behaviour, drawing on the results of functional assessment.
- Critically reflect on intervention processes and outcomes.

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- · the Writing Centre for academic skills support.

¹ If you need help with your assignment, please contact:

² Indicative time-on-task is an estimate of the time required for completion of the assessment

task and is subject to individual variation

Delivery and Resources

Recommended texts

Information about the unit iLearn site

This unit has a full web presence through iLearn.

Students will need regular access to a computer and the Internet to complete this unit.

Weekly access to iLearn is compulsory for all students. Important assessment information will be posted here, as will other relevant unit notices and materials, including a reading template and guide to lecture note taking to assist your studies.

Various activities and materials for discussion and critical reflection are included and external students especially are encouraged to use this web component. Electronic links and suggested references will be included in the Resources section. Please check the iLearn unit regularly.

Weekly lectures are available on the web through the ECHO360 lecture component.

PowerPoint slides are available in iLearn in advance of the weekly lecture and/or are available in the Active Learning Tool.

Access and technical assistance

Information for students about access to the online component of this unit is available at <u>ilearn.mq.edu.au/login/MQ/</u>. You will need to enter your student username and password.

Please do NOT contact the Unit Convenor regarding iLearn technical help.

No extensions will be given for any technical issues. Allow enough time for your submissions.

Assistance is available from IT Helpdesk ph: 1800 67 4357, or log a request at help.mg.edu.au. OneHelp is the online IT support service for both students and staff.

This unit requires students to use several ICT and software skills:

- Internet access: The iLearn site contains materials for this unit; it is also required for the online submission of all Assessment Tasks, and for the use of Turnitin submission for ALL tasks.
- Word processing, visual representations, and document formatting: You are required to use an appropriate form of software to present your assignments.
- · Uploading of assessment tasks to iLearn.

General organisation of the unit

The unit is organised in external mode only, and in a flexible delivery format.

Delivery is designed such that students may seek as much or as little assistance as required in completing the unit. In flexible delivery units, it is critical that students are organised and disciplined. If you get significantly behind in your topic coverage, it may be impossible to catch up. Please start your study as soon as possible.

This unit has a full web presence through iLearn. Students are expected to access the iLearn site and engage with unit materials regularly during the teaching weeks of the semester.

Support resources

Macquarie University has a range of services for students. If you are struggling with any aspect of academic life or career trajectory and skills, we have great supports within the university. Please refer to the comprehensive list of support services here.

Access and technical assistance

Information for students about access to the online component of this unit is available at https://students.mq.edu.au/support/study/tools-and-resources/ilearn. You will need to enter your student username and password.

Unit delivery: Teaching and learning activities

- Study guides provide an overview of topics and guide learning.
- Readings are designed to prepare students for the seminars as well as broaden their understanding of topics.
- Online presentations provide information and highlight key concepts.
- Forums provide students with the opportunity to ask question and discuss issues relevant to the unit. Contributions to the online discussion forum are not compulsory but can be a beneficial way of exchanging ideas and discussing unit content with other students. Although unit convenors typically check the Discussion Forums daily (on weekdays), they will not respond to all posts, as discussion between students may be more appropriate. Forums should be checked every 48 hours for important announcements.
- Dialog allows students to communicate privately with the unit staff. Dialog should be checked every 48 hours for important information.
- Assessments allow students to refine and demonstrate achievement of unit learning outcomes.

Technologies used and required

The unit uses an iLearn web site. You may access the site from:

https://ilearn.mq.edu.au

Zoom Meetings will be used for consultation. You can sign up to use the service for free (https://www.zoom.us) and download clients for computers and mobile devices here:

https://www.zoom.us/download#client_4meeting

Unit Schedule

Topics of study that will be covered in this unit include: Basic assumptions, Possible causes, Assessment and identification, and Programs of support.

A full schedule of lectures, and recommended readings by week can be found on the ilearn site.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Grade Appeal Policy
- Complaint Management Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit Student Policies (https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit Policy Central (https://policies.mq.e du.au) and use the search tool.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

Results

Results published on platform other than <u>eStudent</u>, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in <u>eStudent</u>. For more information visit <u>ask.mq.edu.au</u> or if you are a Global MBA student contact globalmba.support@mq.edu.au

School of Education Procedures

In addition, the following policies and procedures of the School of Education are applicable in this unit.

Unit Expectations

- Students are expected to read recommended topic of study readings.
- Students are expected to listen to all on line lectures.

Note: It is not the responsibility of unit staff to contact students who have failed to submit assignments. If you have any missing items of assessment, it is your responsibility to make contact with the unit convenor.

Electronic Communication

It is the student's responsibility to check all electronic communication on a regular weekly basis. Communication may occur via:

- Official MQ Student Email Address
- · The Dialogue function on iLearn
- · Other iLearn communication functions

External Students

Please make effective use of the online component of the unit and access iLearn regularly.

Keep up to date with listening to the lectures on a weekly basis.

Student Support

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/

Learning Skills

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- · Getting help with your assignment
- Workshops
- StudyWise
- · Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

- · Subject and Research Guides
- · Ask a Librarian

Student Services and Support

Students with a disability are encouraged to contact the <u>Disability Service</u> who can provide appropriate help with any issues that arise during their studies.

Student Enquiries

For all student enquiries, visit Student Connect at ask.mg.edu.au

If you are a Global MBA student contact globalmba.support@mq.edu.au

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/ offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the <u>Acceptable Use of IT Resources Policy</u>. The policy applies to all who connect to the MQ network including students.

Changes from Previous Offering

This is a new unit of study.

5 Rs Framework

The 5Rs Framework, developed by the School of Education at Macquarie University, is embedded throughout your teacher education course. Your use of the 5Rs Framework will help you develop the capabilities that will make your teaching career sustainable and fulfilling. In this unit, you will learn the 5 Rs framework in the following important ways.

Resilient. Seminars will enable students to become aware of a range of behaviour engagement situations, which will encourage students to consider their own emotional reactions and the behaviour of those around them.

Reflexive. Students will engage with classroom focused scenarios in order to ponder past experience and to consider how they might improve their pedagogical practice in the future.

Responsive: Recommended and suggested peer reviewed readings will allow students to exhibit their eagerness to learn and a thirst for knowledge; connecting the learner and the content in meaningful, respectful and effective ways.

Ready to learn. Creatively designed supplementary activities will challenge students to exhibit their studiousness and inquisitiveness.

Research engaged. Assessment activities seeking the link between theoretical concepts and practical situations offer engaged research orientation to others, including those with whom students are researching and those who are involved in the area in which they are researching.
