Unit description

In this unit students will build on the knowledge of early childhood theory and practice that gained from your experiences in ECHE6030. Students will extend understanding of critical reflection and personal professional philosophy as a developing teacher. Central to this unit is a 20 day professional experience placement to develop awareness of the professional role and responsibilities of an early childhood teacher working with children from two to five years. This unit therefore combines theory and practice to enable students to construct practical knowledge of teaching and learning through guided reflection.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Demonstrate the link between theory, the Early Years Learning Framework (DEEWR, 2009) and planning for children aged 2-5 years

ULO2: Systematically document and critically analyse the pedagogies and practices of teaching and learning, including ways to guide children's behaviour

ULO3: Demonstrate the capacity to articulate a personal philosophy of professional

practice as a teacher of young children

ULO4: Critically examine ideas, issues and principles connected with professional decision-making as a teacher in an early childhood setting

ULO5: Demonstrate an understanding of the role of the reflective practitioner

General Assessment Information

Further information about each assessment task will be placed on iLearn. Please note the following general guidelines for School of Education units.

Assessment Presentation and Submission Guidelines

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing (*NB: for your parent booklets, you may choose a different format*).
- All assessments must be submitted through Turnitin in .doc or .pdf format
- It is the responsibility of the student to ensure that all assessments are successfully submitted through Turnitin.

Draft Submissions & Turnitin Originality Reports

- If available in your unit, you may use Turnitin's Originality Report as a learning tool to improve your academic writing.
- You are encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain the Originality Report.
- The Originality Report provides you with a similarity index and shows you where your work overlaps with others. You should make amendments to your draft before your final submission.
- Generally, one Originality Report is generated every 24 hours up to the due date. Do not submit a draft within 24 hours of your 'real' submission.

Please note:

- Students should regularly save a copy of all assignments before submission,
- Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.

Assignment Extensions

- In general, there should be no need for extensions *except* through illness or misadventure constituting serious and unavoidable disruption. Please see the University definition of serious and unavoidable disruption here: <https://students.mq.edu.au/study/mystudy-program/special-consideration>.

- Extensions can only be granted if they meet the Special Considerations policy and are submitted via <https://ask.mq.edu.au/>. This ensures consistency among students.
- Applications for extensions must be made via AskMQ according to the Special Consideration policy. They cannot be directed to unit conveners.

Late Assessment Penalty

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

Descriptive Criteria for Awarding Grades in the Unit

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45. Students will be awarded grades ranging from HD to F according to guidelines set out in the policy: <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment-in-effect-from-session-2-2016> . The following generic grade descriptors provide university-wide standards for awarding final grades.

Grade	Descriptor
HD (High Distinction)	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.
D (Distinction)	Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.
Cr (Credit)	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.
P (Pass).	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes

<p>F (Fail)</p>	<p>Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.</p>
----------------------------	---

Note: If you fail a unit with a professional experience component the fail grade will be on your transcript irrespective of the timing of the placement

Requesting a Re-assessment of an Assignment

If you have evidence that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a re-mark you need to contact the unit convenor within 7 days of the date of return of the assignment and provide a detailed assessment of your script against the task criteria. Grades are standards referenced and effort is NOT a criterion. Evidence from your assignment must be provided to support your judgements.

Note: The outcome of a re-mark may be a higher or lower grade, or an unchanged grade. Failed assessments cannot be re-marked as they are already double-marked as a part of the moderation process.

Withdrawing from this Unit

If you are considering withdrawing from this unit, please seek academic advice via <https://ask.mq.edu.au> before doing so as this unit may be a co-requisite or prerequisite for units in the following sessions and may impact on your progression through the degree.

Professional Experience Unit Placement Expectations

- Students must be able to present evidence of completion of the following prior to session census date (or as otherwise advised) in order to receive a placement for Professional Experience:
- A Working with Children Check or State/ Territory equivalent. For school placements this must be verified by DoE before your first placement. Complete and email: The [practicum](#)

[students declaration](#) and a copy of relevant ID documents to the department's [probity unit](#) at least two weeks prior to the start date of your first professional experience placement. You will also need to present photo ID on your first day of professional experience.

- Anaphylaxis training (practical and online training) (school placements only). Please note that Anaphylaxis training is only current for 2 years so students will need to update this, most probably at the start of their final year
- Read and acknowledge agreement to abide by the [DoE Code of Conduct](#) (school placements only)
- Child Protection Awareness Training (CPAT) (school placements only) (once only)
- Mandatory Child Protection Training (school placements only) (annually)

For more details re school placement requirements see: <https://education.nsw.gov.au/teaching-and-learning/professional-learning/pre-service-teacher-resources/induction-for-pre-service-teachers/mandatory-pre-requisites-for-pre-service-teachers-participating->

This includes completing the pre-service teacher acknowledgement: https://education.nsw.gov.au/content/dam/main-education/teaching-and-learning/professional-learning/pre-service-teacher-resources/Document2_Pre-service_teacher_Acknowledgement_October_2020.pdf

Students are responsible for ensuring that their evidence is current. Please be aware that you may need to update your training or credential during your program of study.

- A Working with Children Check or State/Territory equivalent is required by the end of Week 2 to be eligible for a placement. Students may need to withdraw from this unit if this has not been obtained in time.
- Students who are completing a unit offered by another department are expected to inform and negotiate with that unit convenor about their professional experience block dates and to discuss how that unit's requirements can be met. For some situations, it may mean that you are enrolled externally for that unit so that your attendance for tutorials for that unit is not impacted.
- Feedback from Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of any assessments or bookwork prior to submission.
- If a Student is identified being in need of additional support for Professional Practice and/or Bookwork, the [Department's 'Additional Support' procedure](#) will be activated and they will not be able to withdraw themselves from this Unit.

- The timing of placements can vary. For placements early in the Session, Fail grades may be approved by the University prior to the end of Session for students who do not meet the placement expectations of the Unit.

Fitness to practice requirements

- Macquarie University operates under a 'Fitness to Practice' model as specified in the University's Academic Progression Policy. For this Unit, this means that, when undertaking a placement, a student is declaring that they are able to demonstrate professional competence, acceptable professional behaviour, freedom from impairment, and compliance with program specific requirements needed for a student to practice properly and safely throughout their Practical, Clinical or Professional program or unit. It is the responsibility of the student to determine whether they are fit to undertake a placement. Therefore, if a student is feeling unfit to undertake a placement, they should not do so. For more information <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/academic-progression>

Students completing a single Education degree (such as the BEd) are advised to seek academic advice.
