Unit description

This unit is the third in the sequence of primary curriculum units. It introduces students to the syllabus structure, content and skills associated with two key learning areas in the primary school - Creative Arts/The Arts, and Personal Development, Health and Physical Education/ Health and Physical Education - with a particular focus on the development of pedagogical strategies. Practical applications of the knowledge and skills taught in this unit are designed to support the students' professional experience in schools.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Demonstrate developing syllabus knowledge of the concepts, substance and structure of NSW BOS syllabus documents for both PDHPE and Creative Arts(CA) Key Learning Areas and ACARA draft curriculum documents.

**ULO2:** Demonstrate an understanding of selecting appropriate content as prescribed by the NSW BOS syllabus documents for both HPE and TA ACARA draft curriculum documents.

**ULO3:** Demonstrate a developing understanding of using curriculum to support

assessment knowledge and appropriate teaching strategies and will be able to critically reflect on these.

**ULO4:** Design, implement and reflect upon lessons and units of work which are engaging and motivating for students K-6.

## General Assessment Information

### Assessment Presentation and Submission Guidelines

Specific information regarding exact submission criteria for each individual assessment task and related marking criteria are available on the EDTE3530 iLearn site.

Students should regularly save a copy of all assignments before submission. Students are responsible for checking that their submission has been successful and has been submitted by the due date and time.

It is not the responsibility of unit staff to contact students who have failed to submit assignments. If you have any missing items of assessment, it is your responsibility to make contact with the unit convenor.

### Assignment extensions and late penalties

In general, there should be no need for extensions except through illness or misadventure that would be categorised as serious and unavoidable disruption according to the University definition of same, see: <https://students.mq.edu.au/study/my-study-program/special-consideration>

Applications for extensions must be made via AskMQ according to the Special Consideration policy. Extensions can only be granted if they meet the Special Considerations policy and are submitted via <https://ask.mq.edu.au/>. This will ensure consistency in the consideration of such requests is maintained.

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends and public holidays) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g., quizzes, online tests. Late penalties are applied by unit convenors or their delegates after tasks are assessed. If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.

Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

### Requesting a re-assessment of an assignment

If you have evidence that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a re-mark you need to contact the unit

convenor within 7 days of the date of return of the assignment and provide a detailed assessment of your script against the task criteria. Evidence from your assignment must be provided to support your judgements. Note: · Please do not request a re-mark for a Failed assessment as they are all double-marked as a part of the moderation process. The outcome of a re-mark may be a higher/lower or unchanged grade.

Grades are standards referenced and effort is NOT a criterion.

### **University policy on grading**

**Criteria for awarding grades for assessment tasks:** Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. The following descriptive criteria are included for your information.

**Descriptive Criteria for awarding grades in the unit:** In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks.

Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45. Students will be awarded grades ranging from HD to F according to guidelines set out in the policy: <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment-in-effect-from-session-2-2016>

The following generic grade descriptors provide university-wide standards for awarding final grades.

Grade	Descriptor
HD (High Distinction)	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.

There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.
Cr (Credit)	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.
P (Pass)	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes.
F (Fail)	Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

## **Delivery and Resources**

Before commencing EDTE3530, please read this outline very carefully and ensure that you can meet all requirements, including workload requirements, attendance requirements, and assessment requirements.

### **Structure**

All classes for this unit begin in Session 1, Week 1.

This unit is only offered via online mode and comprises of one three-hour workshop each week. In the workshop students will discuss issues and questions arising from the prescribed readings and videos. A three hour workshop may include weekly tasks to be completed independently and submitted to the unit coordinator, listening to a pre-recorded lecture, watching a video or participating in small group activities and whole class discussions via Zoom. Students are expected to base their arguments/discussions on evidence from published research and other relevant material.

Activities completed during weekly workshops are essential for building the core knowledge and/or skills required to demonstrate the learning outcomes of this unit [and to meet the AITSL Graduate Teacher Standards requirements]. Completion of all workshop tasks is expected with completion marked.

### **Unit Expectations**

Students are required to read the weekly material in advance. The weekly program for the course with the accompanying readings/ preparation is available on the unit iLearn site. Workshops will build upon the knowledge gained from the weekly readings/tasks.

Students are required to participate in small group activities, whole class discussions, and to complete tasks either as individuals or in pairs.

### **Workload**

Credit points indicate the approximate hours per week that a student is expected to spend studying in order to pass a unit. In a 10 credit-point unit you should expect to commit nine (9) hours of your time per week to your studies. Study includes, completing set readings and background readings, completing assignments and using the unit's iLearn site.

Independent study is strongly encouraged in EDTE3530. Some students may wish to spend more time on the unit, particularly if attempting to achieve high grades or if problems are encountered understanding the material or meeting unit requirements.

Please ensure that you have sufficient time to dedicate to your studies before attempting this unit. We are sympathetic that students often have significant domestic and work related responsibilities. To be fair to our staff and to other students, however, these cannot be used to justify incomplete work or extension requests.

### **Practical Session Requirements**

Since this is a practical based unit, there will be physical activity tasks set as part of weekly workshop activities. Students are expected to be dressed appropriately (e.g. running shoes, shorts, leggings) when completing these tasks, and take care to perform the set activities in a safe space, to the best of their ability.

### **Pregnancy and Injury**

If you are pregnant or injured please be realistic and responsible in relation to both your health and the health of your developing child. PDHPE is a physically demanding unit of study (for example, it might include running, dancing, jumping or standing for extended periods of time) and your fitness to undertake it must be considered. Please feel free to discuss your circumstances with the unit coordinator if you are concerned about certain aspects. If you are unsure of your ability to fully participate, please speak with your medical practitioner for guidance.
