Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

Ever wanted to know what it is like to be on the radio? This unit, in collaboration with 2SER radio station, provides that opportunity. Students' to gain experience and knowledge of radio through live broadcast situations and professional roles. This connects students to the latest developments in radio, podcast and audio programming.

Workshops incorporate techniques of devising live to air program material: location recordings, interviews, voice segments, entertainment, promotion and feature packages. A live magazine style program for 2SER is one outcome, extending students' team and presentation skills, while consolidating the critical, research and production expertise required to produce an extended program of this genre.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** apply a range of communication and expression skills for electronic audio media productions.
- ULO2:** demonstrate journalistic and program making craft skills related to audio/radio productions.
- ULO3:** analyse the dynamics and methods necessary for successful communication with audiences and listeners.
- ULO4:** apply and communicate specialist skills to creative and collaborative roles in radio program production, broadcast audio media journalism, and presentation of collaboratively devised projects.
- ULO5:** apply and consolidate a range of technical and operational skills in radio broadcast and related audio media productions.
- ULO6:** reflect on practice and theory.

General Assessment Information

Please note that the University and the Faculty of Arts have launched a new assessment policy effective as of 1 July 2021. This new policy particularly affects LATE SUBMISSION OF ASSIGNMENTS.

The Faculty policy in relation to late assessment submissions is as follows:

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – 10 marks out of 100 credit will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests, etc.

To be very clear:

- Unless you have applied for special consideration and had your application approved, for each day your assignment is late, 10 marks will be deducted. For example, if you submit your assignment 7 days late, 70 marks will be deducted, which means you will fail that assignment.
- If your assignment is more than 7 days late (including weekends), you will get 0 for your assignment.

These are serious penalties that will substantially alter your final grade and even determine whether you pass or fail this unit. Please make every effort to submit your assignment by the due date.

If you find you cannot submit your assignment on time, please apply for Special Consideration through AskMQ. Make sure you read Macquarie University's policy regarding Special Consideration requests before you apply: <https://students.mq.edu.au/study/assessment-exams/special-consideration>

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

This unit uses lectures and workshop/tutorials.

Please Note: Lectures commence in week 1 and tutorials/workshops commence in week 2. Please attend all classes. Please check the unit schedule for more detail.

Technical assistance and demonstrations are given in tutorial/workshops and students need to be able to attend these throughout the semester. Ben Nash, Senior Technical Demonstrator, will be assisting with this instruction.

It is a requirement that an appropriate number of radio/audio programs be included as sources in scholarly reflections for all of the assessments and referenced accordingly in reference lists. These programs will form part of lectures and workshops, or be suggested for self-directed listening. Thus you should aim not to miss lectures or workshops. Please inform the tutor/lecturer if you cannot attend for any reason.

There are two hour weekly tutorial and/or technical workshop sessions. You are required to attend all tutorials and workshops. As participation in the process of learning is linked to and underpins the unit Learning Outcomes, you will need to either apply for Disruptions to Studies to cover any missed tutorial/workshop (if the disruption is greater than three consecutive days) or supply appropriate documentation to your unit convenor for any missed tutorial/workshop (if less than three consecutive days).

iLearn is a major component of this unit. Please refer to iLearn on a weekly basis and undertake the readings and activities and participate in discussions. It is very important to check announcements on iLearn regularly. If there are any changes to assessments, notifications will be made via iLearn "announcements" so it is the responsibility of every student to keep themselves informed.

REQUIRED EQUIPMENT

You will be required to purchase:

- 1) One set of good quality closed or semi-closed headphones (for hygiene reasons these are compulsory for each student). You may have these if you have already completed MMCC2160.
- 2) At least one portable memory device to use to transfer audio projects.

REQUIRED READING

A selection of readings and listenings are detailed on iLearn.

Readings/listenings are accessed via Leganto <http://libguides.mq.edu.au/leganto>

NOTE that you MUST access Leganto via the block in iLearn in the first instance. This is how the system verifies you as a student in this unit.

There are some other recommended readings. Students should draw on at least two sources for their written reflections, required in the documentation portion of the assessments.
