Unit description
This unit provides an introduction to the fields of intelligence and counterintelligence. It focuses on the tactical, operational and strategic levels of security, as well as the role of intelligence organisations in protecting the state and its citizens from both domestic and foreign threats. Students will gain a deep understanding of the history of intelligence, the key national intelligence agencies in Australia, the intelligence cycle and its application, and the relationship between policing and intelligence in domestic security. Students will engage with key case studies to further understand these issues and dynamics.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

**ULO1**: Identify key agencies and functions in Australia’s national security community.

**ULO2**: Analyze and explain the various public sector law enforcement and intelligence roles which contribute to both domestic and international security.

**ULO3**: Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.
ULO4: Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.

ULO5: Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia's intelligence agencies, from a governmental, private sector and societal perspective.

ULO6: Make judgments on the strategic and operational needs of intelligence and law enforcement agencies in relation to legal, ethical and policy constraints.

Constructive Engagement

Assessment Type 1: Participatory task
Indicative Time on Task 2: 13 hours
Due: Weekly, Weeks 2-13
Weighting: 5%

This assessment task is designed to promote student engagement, not only with the lecture materials and required readings, but through other readings, monitoring world events and in the context of presented questions, constructively engaging in considered and critical discussion with other students, moderated by the lecturer or tutor. Online and in-class discussion broadens student perspectives and value adds to course subject matter.

On successful completion you will be able to:

- Identify key agencies and functions in Australia's national security community.
- Analyze and explain the various public sector law enforcement and intelligence roles which contribute to both domestic and international security.
- Critically assess the integration of surveillance, intelligence and law enforcement in
protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.

- Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.
- Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia's intelligence agencies, from a governmental, private sector and societal perspective.

Analytical Brief
Assessment Type 1: Presentation
Indicative Time on Task 2: 20 hours
Due: Monday, Week 5
Weighting: 25%

This task requires students to build a Microsoft Powerpoint briefing presentation on an assigned analytical topic, employing intelligence research and analysis to evaluate and assess capabilities, vulnerabilities, risks and threats, as well as opportunities and projected future developments or projections (predictive analysis). Students will gain experience in brief preparation, intelligence research and analytical assessment.

On successful completion you will be able to:
- Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.
- Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia's intelligence agencies, from a governmental, private sector and societal perspective.
- Make judgments on the strategic and operational needs of intelligence and law enforcement agencies in relation to legal, ethical and policy constraints.

Midterm Exam
Assessment Type 1: Quiz/Test
Indicative Time on Task 2: 10 hours
Due: End of Week 7
Weighting: 20%

This online, non-invigilated, iLearn-based examination will cover lecture and required reading.
All questions will be based on material delivered in both recorded in-class lectures (available on ECHO360 in iLearn) and material contained in required readings for each weekly session.

On successful completion you will be able to:

- Identify key agencies and functions in Australia’s national security community.
- Analyze and explain the various public sector law enforcement and intelligence roles which contribute to both domestic and international security.
- Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.

**Intelligence Estimate & Issue Paper**

**Assessment Type**: Professional writing

**Indicative Time on Task**: 35 hours

**Due**: Monday, Week 11

**Weighting**: 30%

Students will prepare an Intelligence Estimate based on a selected subject chosen from a list posted to the iLearn page. From the Intelligence Estimate, prepare a One-Page Issue Paper summarising your assessments in the Intelligence Estimate.

On successful completion you will be able to:

- Identify key agencies and functions in Australia’s national security community.
- Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.
- Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.
- Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia's intelligence agencies, from a governmental, private sector and societal perspective.
- Make judgments on the strategic and operational needs of intelligence and law enforcement agencies in relation to legal, ethical and policy constraints.
Final Exam

Assessment Type: Quiz/Test
Indicative Time on Task: 10 hours
Due: End of Week 13
Weighting: 20%

This online, non-invigilated, iLearn-based examination will cover lecture and required reading material. All questions will be based on material delivered in both recorded in-class lectures (available on ECHO360 in iLearn) and material contained in required readings for each weekly session.

On successful completion you will be able to:

- Identify key agencies and functions in Australia’s national security community.
- Analyze and explain the various public sector law enforcement and intelligence roles which contribute to both domestic and international security.
- Critically assess the integration of surveillance, intelligence and law enforcement in protecting the state from threats and vulnerabilities and demonstrate knowledge of intelligence analytical, collection and production processes.
- Identify and debate challenges to relationship building between sectors relevant to national security at all levels of operations.
- Assess both domestic and international security issues impacting Australia in the Indo-Asia-Pacific region and consider their impact on Australia's intelligence agencies, from a governmental, private sector and societal perspective.

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Learning Skills Unit for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

DELIVERY AND RESOURCES
UNIT REQUIREMENTS AND EXPECTATIONS

- You should spend an average of 12 hours per week on this unit. This includes listening to lectures prior to seminar or tutorial, reading weekly required materials as detailed in iLearn, participating in iLearn discussion forums and preparing assessments.
- Internal students are expected to attend all seminar or tutorial sessions, and external students are expected to make significant contributions to on-line activities.
- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit.

REQUIRED READINGS

- The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University's library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement.
- This unit has an online presence. Login is via: https://ilearn.mq.edu.au/
- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.
- Information about IT used at Macquarie University is available at http://students.mq.edu.au/it_services/

SUBMITTING ASSESSMENT TASKS

- All text-based assessment tasks are to be submitted, marked and returned electronically. This will only happen through the unit iLearn site.
- Assessment tasks must be submitted as a MS word document by the due date.
- Most assessment tasks will be subject to a 'TurnitIn' review as an automatic part of the submission process.
- The granting of extensions is subject to the university’s Special Consideration Policy. Extensions will not be granted by unit conveners or tutors, but must be lodged through Special Consideration: https://students.mq.edu.au/study/my-study-program/special-
consideration

LATE SUBMISSION OF ASSESSMENT TASKS

• Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven (7) days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments – e.g. quizzes, online tests.

WORD LIMITS FOR ASSESSMENT TASKS

• Stated word limits include footnotes and footnoted references, but not bibliography, or title page.
• Word limits can generally deviate by 10% either over or under the stated figure.
• If the number of words exceeds the limit by more than 10%, then penalties will apply.
  These penalties are 5% of the awarded mark for every 100 words over the word limit. If a paper is 300 words over, for instance, it will lose 3 x 5% = 15% of the total mark awarded for the assignment. This percentage is taken off the total mark, i.e. if a paper was graded at a credit (65%) and was 300 words over, it would be reduced by 15 marks to a pass (50%).
• The application of this penalty is at the discretion of the course convener.

REASSESSMENT OF ASSIGNMENTS DURING THE SEMESTER

• Macquarie University operates a Grade Appeal Policy in cases where students feel their work was graded inappropriately: http://www.mq.edu.au/policy/docs/gradeappeal/policy.html
• In accordance with the Grade Appeal Policy, individual works are not subject to regrading.

STAFF AVAILABILITY

• Department staff will endeavour to answer student enquiries in a timely manner. However, emails or iLearn messages will not usually be answered over the weekend or public holiday period.
• Students are encouraged to read the Unit Guide and look at instructions posted on the
iLearn site before sending email requests to staff.
