#### **Disclaimer**

Macquarie University has taken all reasonable measures to ensure the information in this publication is accurate and up-to-date. However, the information may change or become out-dated as a result of change in University policies, procedures or rules. The University reserves the right to make changes to any information in this publication without notice. Users of this publication are advised to check the website version of this publication [or the relevant faculty or department] before acting on any information in this publication.

#### **Notice**

As part of [Phase 3 of our return to campus plan](#), most units will now run tutorials, seminars and other small group activities on campus, and most will keep an online version available to those students unable to return or those who choose to continue their studies online.

To check the availability of face-to-face activities for your unit, please go to [timetable viewer](#). To check detailed information on unit assessments visit your unit's iLearn space or consult your unit convenor.

## General Information

### Unit convenor and teaching staff

Convenor

Aron Downie

[aron.downie@mq.edu.au](mailto:aron.downie@mq.edu.au)

Contact via By email

By consultation

Tutor

Christopher Agius

[christopher.agius@mq.edu.au](mailto:christopher.agius@mq.edu.au)

Contact via By email

By appointment

### Credit points

10

### Prerequisites

Admission to BChiroSc and (CHIR2103 or CHIR213) and (CHIR2104 or CHIR214)

### Corequisites

### Co-badged status

### Unit description

This unit is an introduction to chiropractic spinal technique and extends palpation from the technique units at 100 and 200 level. It further develops psychomotor skill acquisition from previous units. Students gain proficiency in a core group of spinal and peripheral joint manipulative techniques. The hypotheses and scientific rationale relating to chiropractic intervention is explored. Biomechanical function of the spine is explored in detail. Major themes relating to evidence-based practice (EBP) are explored.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Demonstrate an understanding of spinal and peripheral joint mechanics

**ULO2:** Perform basic static and motion palpation of spinal joints

**ULO3:** Perform spinal adjustments and/or mobilisations with the appropriate psychomotor skills

**ULO4:** Apply theoretical frameworks for the assessment and therapeutic intervention for common musculoskeletal conditions at a rudimentary level.

**ULO5:** Demonstrate Research skills at the level of closed inquiry within structured guidelines as part of a research skills development (RSD) progression

## General Assessment Information

### General Assessment Information

#### Competency based assessment

In higher education, assessments must be able to recognise various levels of competencies in order to encourage students to become not only competent, but progress onto developing expertise. A key component of effective assessment in competency-based education is for assessments to be criterion-based using a developmental perspective. Defining the criteria in developmental terms, commonly called milestones or benchmarks, allows programs to determine whether the trainee is on an appropriate 'trajectory'. Milestones provide specific guidance on trainee progress throughout the continuum of their training program. CHIR3105 practical examinations are competency based.

For a more information see: "Competency-based Assessment, Macquarie University"  
<https://staff.mq.edu.au/public/download/?id=40618>

### Serious and unavoidable disruption

The University classifies a disruption as **serious and unavoidable** if it:

- could not have reasonably been anticipated, avoided or guarded against by the student; and
- was beyond the student's control; and
- caused substantial disruption to the student's capacity for effective study and/or completion of required work; and
- occurred during an event critical study period and was at least three (3) consecutive days duration, and/or
- prevented completion of a final examination.

Students with a pre-existing disability/health condition or prolonged adverse circumstances may be eligible for ongoing assistance and support. Such support is governed by other policies and may be sought and coordinated through Campus Wellbeing <https://students.mq.edu.au/support/wellbeing>

## Examinations

You are expected to present yourself for examination at the time and place designated in the University Examination Timetable. The timetable will be available in Draft form approximately eight weeks before the commencement of the examinations and in Final form approximately four weeks before the commencement of the examinations.

The only exception to not sitting an examination at the designated time is because of documented illness or unavoidable disruption. In these circumstances, you may wish to submit an application for 'Special consideration' <https://students.mq.edu.au/study/my-study-program/special-consideration>

If you receive special consideration for the final exam, a supplementary exam will be scheduled in the interval between the regular exam period and the start of the next session. By making a special consideration application for the final exam you are declaring yourself available for a resit during the supplementary examination period and will not be eligible for a second special consideration approval based on pre-existing commitments.

## Extensions and penalties

Extensions to assignments are at the discretion of the unit convenor. It is the responsibility of the student to prove to the convenor that there has been an unavoidable disruption. Please submit a 'Special consideration' and request an extension. The online form will ask you to provide evidence of the disruption.

Marks will be deducted for late submissions in the absence of an approved extension. *Marks will be deducted at the rate of 10% of the available marks per day.*

## Grading descriptors

**High Distinction** : provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem-solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application.

**Distinction**: provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is a demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.

**Credit** : provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; plus communication of ideas fluently and clearly in terms of the conventions of the discipline.

**Pass:** provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; and communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes.

**Fail:** does not provide evidence of attainment of all learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; and incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

GRADE	REQUIREMENTS
Pass	A minimum of 50% in each of unit component AND a minimum 50% aggregate raw mark.
Credit	A minimum of 50% in each of unit component AND a minimum 65% aggregate raw mark.
Distinction	A minimum of 50% in each of unit component AND a minimum 75% aggregate raw mark.
High Distinction	A minimum of 50% in each of unit component AND a minimum 85% aggregate raw mark.

## Assessment Tasks

Name	Weighting	Hurdle	Due
<a href="#">iLearn Quiz 1</a>	2%	No	Rolling
<a href="#">iLearn Quiz 2</a>	3%	No	Rolling
<a href="#">Spot Test 1</a>	5%	No	Week 6
<a href="#">Biomechanics written report</a>	10%	No	Week 8
<a href="#">Spot Test 2</a>	5%	No	Week 9
<a href="#">Objective Structured Clinical Exam (OSCE)</a>	40%	Yes	Week 13
<a href="#">End of semester written examination</a>	35%	No	Exam period

### iLearn Quiz 1

Assessment Type <sup>1</sup>: Quiz/Test

Indicative Time on Task <sup>2</sup>: 2 hours

Due: **Rolling**

Weighting: **2%**

Online quiz covering material from weeks 1-5

On successful completion you will be able to:

- Demonstrate an understanding of spinal and peripheral joint mechanics

## iLearn Quiz 2

Assessment Type <sup>1</sup>: Quiz/Test

Indicative Time on Task <sup>2</sup>: 2 hours

Due: **Rolling**

Weighting: **3%**

Online quiz covering material from weeks 6-10

On successful completion you will be able to:

- Demonstrate an understanding of spinal and peripheral joint mechanics

## Spot Test 1

Assessment Type <sup>1</sup>: Clinical performance evaluation

Indicative Time on Task <sup>2</sup>: 2 hours

Due: **Week 6**

Weighting: **5%**

Spot Test 1: Students will perform a chiropractic practical exam within normal tutorial time. Immediately afterward (i.e. during the same class), students will be given individual verbal feedback on their performance. The layout of the exam will help students prepare for the end of semester OSCE.

On successful completion you will be able to:

- Demonstrate an understanding of spinal and peripheral joint mechanics
- Perform basic static and motion palpation of spinal joints

- Perform spinal adjustments and/or mobilisations with the appropriate psychomotor skills

## Biomechanics written report

Assessment Type <sup>1</sup>: Report

Indicative Time on Task <sup>2</sup>: 10 hours

Due: **Week 8**

Weighting: **10%**

Written report task which asks students to explain biomechanical concepts as they relate to manipulative procedures.

On successful completion you will be able to:

- Demonstrate an understanding of spinal and peripheral joint mechanics
- Demonstrate Research skills at the level of closed inquiry within structured guidelines as part of a research skills development (RSD) progression

## Spot Test 2

Assessment Type <sup>1</sup>: Clinical performance evaluation

Indicative Time on Task <sup>2</sup>: 2 hours

Due: **Week 9**

Weighting: **5%**

Spot Test 2: Students will perform a chiropractic practical exam within normal tutorial time. Immediately afterward (i.e. during the same class), students will be given individual verbal feedback on their performance. The layout of the exam will help students prepare for the end of semester OSCE.

On successful completion you will be able to:

- Demonstrate an understanding of spinal and peripheral joint mechanics
- Perform basic static and motion palpation of spinal joints
- Perform spinal adjustments and/or mobilisations with the appropriate psychomotor skills

## Objective Structured Clinical Exam (OSCE)

Assessment Type <sup>1</sup>: Clinical performance evaluation

Indicative Time on Task <sup>2</sup>: 10 hours

Due: **Week 13**

Weighting: **40%**

**This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)**

During the Objective Structural Clinical Exam (OSCE) students will perform a practical exam over a number of stations. The OSCE allows students to demonstrate their acquisition of competency across the various clinical assessment and treatment procedures covered in this unit. The OSCE will be conducted during the end of semester practical examination period.

On successful completion you will be able to:

- Demonstrate an understanding of spinal and peripheral joint mechanics
- Perform basic static and motion palpation of spinal joints
- Perform spinal adjustments and/or mobilisations with the appropriate psychomotor skills

## End of semester written examination

Assessment Type <sup>1</sup>: Examination

Indicative Time on Task <sup>2</sup>: 10 hours

Due: **Exam period**

Weighting: **35%**

The end of semester written exam is a closed book examination of all the material covered in the unit.

On successful completion you will be able to:

- Demonstrate an understanding of spinal and peripheral joint mechanics
- Apply theoretical frameworks for the assessment and therapeutic intervention for common musculoskeletal conditions at a rudimentary level.
- Demonstrate Research skills at the level of closed inquiry within structured guidelines as part of a research skills development (RSD) progression

---

<sup>1</sup> If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

<sup>2</sup> Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

## Delivery and Resources

### Classes

- The timetable for classes can be found on the University web site at: <http://www.timetables.mq.edu.au/>
- **Lectures begin in WEEK 1**
- **Tutorials begin in WEEK 2**
  - Participation in tutorials will be recorded - 85% (or higher) attendance is strongly recommended to achieve competence in the course material

### Required and Recommended Texts and/or Materials

#### TEXT

- Esposito & Philipson, Manual of Spinal Technique - Printed EXCERPT will available for purchase within tutorial class
- Oatis. Kinesiology “Kinesiology The Mechanics and Pathomechanics of Human Movement,” 3rd edition. ISBN: 9781451191561
- Manual of Peripheral Technique, Department of Chiropractic, Macquarie University - online adjustment compilation available via iLearn download

#### RECOMMENDED READING

- Bergmann & Peterson: Chiropractic technique, principles and procedures 3rd Ed. ISBN : 9780323049696
- Specific week-week resources available as links via iLearn

### Teaching and Learning Strategy / technology required

- This unit is comprised of lectures and technique tutorials. There will also be some self directed learning within the course.
- The assignment contributes 10% of the overall mark.
- The unit is an internal offering.
- Students are expected to attend lectures and tutorials (tutorial minimum attendance 85%)
- iLearn is not a substitute for lecture attendance. Complex concepts are discussed as a group within the lecture format.
- The assignment will be submitted via Turnitin

- The online quizzes will be accessed via iLearn

## Unit Schedule

See iLearn page for week-week schedule

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies \(https://students.mq.edu.au/support/study/policies\)](https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au) and use the [search tool](#).

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

## Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](http://ask.mq.edu.au) or if you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

## Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

## Learning Skills

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- [Getting help with your assignment](#)
- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

## Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

## Student Enquiries

For all student enquiries, visit Student Connect at [ask.mq.edu.au](http://ask.mq.edu.au)

If you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

## IT Help

For help with University computer systems and technology, visit [http://www.mq.edu.au/about\\_us/offices\\_and\\_units/information\\_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

## Changes from Previous Offering

In 2021, all tutorials and practical assessment will be face-face.
