Unit description
This unit provides students with an introduction to fundamental elements of research design and quantitative research approaches within the business and economics. It seeks to develop students’ understanding of the contexts in which quantitative research can be undertaken and the ability to analyse, conduct, and evaluate quantitative forms of research.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Review and interpret the basic rationale and application of relevant quantitative approaches and analyses in disciplinary contexts of management, accounting and marketing research.
ULO2: Formulate appropriate hypotheses and propose the most appropriate research design for a research project
ULO3: Use specific statistical techniques to analyse data and explain present results

General Assessment Information
Research paper critique
Due: Week 6
Weighting: 15%
This assignment requires students to provide a critical review of a research paper and draw an appropriate conclusion from their critical analysis. More information will be provided on iLearn in due course.
Extension: No extension will be granted, except in circumstances where an application for special consideration is made and approved.

Research proposal
Due: Week 10
Weighting: 30%
This assignment requires students to develop a research project on a topic of their own choice using the survey method. More information will be provided on iLearn in due course.
Extension: No extension will be granted, except in circumstances where an application for special consideration is made and approved.

Data analysis and reporting
Due: Week 13
Weighting: 55%
This assessment will provide students with raw data in a general business discipline to analyse and to write an analytical report in response to the given research questions. More information will be provided on iLearn in due course.
Extension: No extension will be granted, except in circumstances where an application for special consideration is made and approved.
