Disclaimer
Macquarie University has taken all reasonable measures to ensure the information in this publication is accurate and up-to-date. However, the information may change or become out-dated as a result of change in University policies, procedures or rules. The University reserves the right to make changes to any information in this publication without notice. Users of this publication are advised to check the website version of this publication [or the relevant faculty or department] before acting on any information in this publication.

Notice
As part of Phase 3 of our return to campus plan, most units will now run tutorials, seminars and other small group activities on campus, and most will keep an online version available to those students unable to return or those who choose to continue their studies online.

To check the availability of face-to-face activities for your unit, please go to timetable viewer. To check detailed information on unit assessments visit your unit’s iLearn space or consult your unit convenor.
# General Information

Unit convenor and teaching staff
**Convenor**
Mitchell McEwan  
mitchell.mcewan@mq.edu.au  
Contact via Email  
4 Research Park Dr, Rm 367  
By Appointment

**Convenor**
Rowan Tulloch

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://students.mq.edu.au/important-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: demonstrate disciplinary knowledge of video games studies theories and practices.
ULO2: communicate clearly and effectively a range of ideas in a variety of media forms.
ULO3: identify and analyse different disciplinary approaches to video game analysis.
ULO4: apply game design skills and methodologies to the production of basic video games.

General Assessment Information
Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – two (2) marks out of 100 will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted more than seven (7) days (incl. weekends) after the original submission deadline.

Assessment Tasks

</tbody>
</table>
Practical Exercises
Assessment Type 1: Participatory task
Indicative Time on Task 2: 0 hours
Due: Weekly
Weighting: 6%

Practical exercises using a video game engine. These exercises are designed to introduce students to the basics of game development. Refer to iLearn for further information.

On successful completion you will be able to:
  • apply game design skills and methodologies to the production of basic video games.

Active Tutorial Participation
Assessment Type 1: Participatory task
Indicative Time on Task 2: 0 hours
Due: Weekly
Weighting: 10%

A set of small tasks including student-led discussions and group activities that take place in the weekly tutorials (in-class activities). Refer to iLearn for further information.

On successful completion you will be able to:
  • demonstrate disciplinary knowledge of video games studies theories and practices.
  • communicate clearly and effectively a range of ideas in a variety of media forms.
  • identify and analyse different disciplinary approaches to video game analysis.

Game Analysis
Assessment Type 1: Case study/analysis
Indicative Time on Task 2: 10 hours
A short answer online task, analysing the design of a game (to be provided) using the ideas taught in class. This exercise is designed to demonstrate students’ understanding of the concepts taught and their ability to apply them to analysing a game. Refer to iLearn for further information.

On successful completion you will be able to:

• demonstrate disciplinary knowledge of video games studies theories and practices.
• communicate clearly and effectively a range of ideas in a variety of media forms.
• identify and analyse different disciplinary approaches to video game analysis.

Final Essay
Assessment Type 1: Essay
Indicative Time on Task 2: 38 hours
Due: Friday 11:59pm Week 11
Weighting: 40%

Students write an essay critically analysing a video game or game community of their choosing. It must build upon, critique and/or extend the argument of one or more of the unit readings. It must also use academic theory from beyond the unit to support the argument. Students must identify the key theoretical ideas and assumptions associated with their chosen reading and apply them to the chosen game/community. Refer to iLearn for further information.

On successful completion you will be able to:

• demonstrate disciplinary knowledge of video games studies theories and practices.
• communicate clearly and effectively a range of ideas in a variety of media forms.
• identify and analyse different disciplinary approaches to video game analysis.

Game Design Task
Assessment Type 1: Design Implementation
Indicative Time on Task 2: 33 hours
Due: Friday 11:59pm Week 13
Weighting: 30%
A design implementation task using a 3D game engine. You will design a level for a simple video game and write a 1-2 page document describing the engine features you use and how they contribute towards your design.

On successful completion you will be able to:

• communicate clearly and effectively a range of ideas in a variety of media forms.
• apply game design skills and methodologies to the production of basic video games.

1 If you need help with your assignment, please contact:

• the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
• the Learning Skills Unit for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Classes

Each week you should watch a pre-recorded lecture, and attend a one hour tutorial and a two hour practical. For details of days, times and locations consult the timetables webpage. http://timetables.mq.edu.au

Note: Practicals and tutorials commence in Week 1.

You should have selected a tutorial and a practical at enrolment. You should attend the tutorial and practical you are enrolled in. For further details refer to iLearn.

Resources to assist your learning

Textbook

Adams, E. (2010) Fundamentals of game design is a recommended text for this subject but it is not required. It is, however, strongly recommended that students who are proceeding with the Bachelor of Game Design and Development buy this book as it will be a useful reference throughout your degree. For further details refer to iLearn.

The COMP1150/MMCC1011 readings will be provided online through iLearn.

Website

The website for this unit is provided through the University’s iLearn system. iLearn can be found
at http://ilearn.mq.edu.au. If you are enrolled in this unit you should have access to the material on iLearn once you log on.

Discussion Boards
The discussion board for this unit can be accessed through the iLearn site.

Technologies Employed
Game Design Environment: the Unity game engine will be used to create your game. This is a free download and runs on both PCs and Macs.

Consultation Times
The full contact details and consultation times of convenors Mitchell McEwan and Rowan Tulloch are available on the iLearn site.

Unit Schedule
Lectures and tutorials will cover weekly topics such as:

- What is a game?
- Player Experience
- Discovery and Mastery
- Game Analysis
- Approaches to Discourse (including cultural impacts, violence and classification)
- Game Essentialism
- Gamification
- The Magic Circle
- Gender
- Models and Metaphors
- Games and Meaning

Practicals will introduce the Unity game engine and cover practical skills related to version control, 2D physics and animation, layers, triggers and prefabs, meshes and textures, terrain, ProBuilder and package manager, cameras, lighting, particle systems and interactivity.

Policies and Procedures
Macquarie University policies and procedures are accessible from Policy Central (https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central). Students should be aware of the following policies in particular with regard to Learning and Teaching:
• Academic Appeals Policy
• Academic Integrity Policy
• Academic Progression Policy
• Assessment Policy
• Fitness to Practice Procedure
• Grade Appeal Policy
• Complaint Management Procedure for Students and Members of the Public
• Special Consideration Policy (Note: The Special Consideration Policy is effective from 4 December 2017 and replaces the Disruption to Studies Policy.)

Students seeking more policy resources can visit the Student Policy Gateway (https://students.mq.edu.au/support/study/student-policy-gateway). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

If you would like to see all the policies relevant to Learning and Teaching visit Policy Central (http://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policy-central).

**Student Code of Conduct**

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

**Results**

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

**Student Support**

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/

**Learning Skills**

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

• Getting help with your assignment
• Workshops
• StudyWise
• Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

https://unitguides.mq.edu.au/unit_offerings/139975/unit_guide/print
Student Enquiry Service
For all student enquiries, visit Student Connect at ask.mq.edu.au
If you are a Global MBA student contact globalmba.support@mq.edu.au

Equity Support
Students with a disability are encouraged to contact the Disability Service who can provide appropriate help with any issues that arise during their studies.

IT Help
For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.
When using the University's IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.
