Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

This unit explores the concepts of sustainable value creation from a variety of perspectives. Supply chains across functional and organisational boundaries and the contribution of logistics to strategy implementation will be examined. Additionally, students will be given the tools to analyse and assess the degree to which costs and benefits are balanced to determine the sustainability of value creation.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Analyse and explain the fundamental concepts and principles of supply chain management.

ULO2: Apply a range of quantitative techniques for effective supply chain performance analysis.

ULO3: Appraise the impact of e-commerce and other emerging initiatives in the field of supply chain management, both as an individual and as a part of a group.

General Assessment Information

Late Assessment Policy:

Late assessment submissions must be submitted through the appropriate submission link in [iLearn](#). No extensions will be granted unless an application for [Special Consideration](#) is made and approved. There will be a **deduction of 10%** of the total available marks made from the total awarded mark for each **24 hour period** or part thereof that the submission is late. Late submissions will not be accepted after solutions have been discussed and/or made available.

Note: applications for [Special Consideration Policy](#) must be made within 5 (five) business days of the due date and time.
