Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

Throughout the session, we will discuss and critically reflect upon the economic, technological, societal, and global dimensions of entrepreneurship, and explore a range of concepts, models and approaches that represent the theory of entrepreneurship. You will apply this knowledge to practice by working in teams to experience multiple aspects of a new venture start-up. These will include ethical, societal and financial considerations, the creativity of developing a business idea, the development and formulation of a business model and plan, as well as unique marketing issues, ownership, growth and global aspects of entrepreneurship.
