Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description This unit examines the conceptual frameworks and fundamental skills required for effective negotiations. Students learn how to resolve conflict and overcome impasses in various negotiation contexts including commercial, legal and labour relations in both domestic and international settings. This unit will expose students to core negotiation frameworks, strategies and tactics required to engage in effective negotiations. Students will have the opportunity to apply this theoretical learning through a series of practical negotiation simulations held in tutorials, thereby facilitating the evaluation of frameworks examined in the unit as well as providing students with the opportunity to reflect on their own capacity to negotiate effectively.
