#### **Session 2 Learning and Teaching Update**

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

This unit provides students with contemporary knowledge and skills concerning the effective management of people at work. The unit reviews the key systems required for organisations to effectively manage their people in the context of their overall business strategy and the allied managerial skills required for successful implementation. Students learn what the options are for recruitment, selection, development, performance management, reward systems and other fundamental aspects of managing people and the key challenges facing organisations. A particular focus of this unit is the requirement for students to critically evaluate real organisational practices against contemporary theory as well as long established principles.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Evaluate recent developments and contemporary issues in managing people at work.

**ULO2:** Defend the importance of thinking strategically about HRM from different theoretical perspectives and the implications for the roles of HR professionals.

**ULO3:** Critically analyse HR policies and practices against contemporary theory and established principles.

**ULO4:** Design HR strategies in key areas of practice that support the creation of value and competitive advantage while also promoting employee wellbeing and decent work.

**ULO5:** Prepare a critically appraised review of a topic.

## General Assessment Information
