Unit description

This unit introduces the skills, techniques and knowledge required by professional interpreters to competently work in specific institutional settings: business interpreting, medical interpreting and legal interpreting. Through a mix of theory and applied practice, students learn about the broader contexts of these domains and then prepare for a simulation of a typical interpreting scenario for each of these settings. Student will build skills in terminology and glossary development, discourse management, message transfer, and reflective self-analysis.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Assessment Tasks

Name	Weighting	Hurdle	Due
Self-assessment report	45%	No	weeks 5, 9 and 14
Participatory task	10%	No	ongoing
Interpreting performance	45%	No	weeks 4, 8 and 13

Self-assessment report

Assessment Type **1**: Reflective Writing

Indicative Time on Task **2**: 40 hours

Due: **weeks 5, 9 and 14**

Weighting: **45%**

After the role play sessions, students will be given a copy of their interpretation as a video clip. Students are required to write a report analysing their interpretation and the decisions they made in creating it. Students should discuss any improved decisions that they could make in future. Word length 1,000 words. These reports are worth 15% each.

On successful completion you will be able to:

- Generate creative solutions to complex interpersonal and professional conduct issues arising in interpreting practice.
- Develop strategies to enable ongoing improvement based on self assessment of interpreting performance across these settings.

Participatory task

Assessment Type **1**: Participatory task

Indicative Time on Task **2**: 14 hours

Due: **ongoing**

Weighting: **10%**

During semester, students will be asked to do regular readings and homework tasks to extend their learning. Completion of these tasks will support their participation in class discussions. The mark for this aspect will be based on holistic class participation throughout semester.

On successful completion you will be able to:

- Demonstrate effective interpreting skills and techniques across business, medical and legal interpreting domains.

Interpreting performance

On three occasions throughout semester, students will take part in a domain-specific simulated role play with an industry practitioner (GP, police officer, business person) and a LOTE (Languages other than English) client. During each role play, students will be filmed, so that they can analyse their performance for a later self-analysis report. Performance will be marked by LOTE tutors, and students will be given feedback. Each of the three interpreting performances is worth 15%.

On successful completion you will be able to:

- Demonstrate effective interpreting skills and techniques across business, medical and legal interpreting domains.
- Apply theoretical and contextual knowledge to interpreting practice in these specific settings.
