#### Disclaimer

Macquarie University has taken all reasonable measures to ensure the information in this publication is accurate and up-to-date. However, the information may change or become out-dated as a result of change in University policies, procedures or rules. The University reserves the right to make changes to any information in this publication without notice. Users of this publication are advised to check the website version of this publication [or the relevant faculty or department] before acting on any information in this publication.

#### Notice

As part of [Phase 3 of our return to campus plan](#), most units will now run tutorials, seminars and other small group activities on campus, and most will keep an online version available to those students unable to return or those who choose to continue their studies online.

To check the availability of face-to-face activities for your unit, please go to [timetable viewer](#). To check detailed information on unit assessments visit your unit's iLearn space or consult your unit convenor.

Unit description

This unit will provide an understanding of the theoretical framework of psychoacoustics underlying hearing threshold, hearing loss and related audiometric concepts; equip students with skills required to perform standard audiometric assessments of adults and older children, including otoscopy, pure tone audiometry, speech discrimination testing, clinical masking, and acoustic immittance; and facilitate the development of problem-solving and clinical integration skills for interpretation of audiological information, appropriate clinical decision making and referral.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Explain the theoretical framework of psychoacoustics underlying hearing threshold, hearing loss and related audiometric concepts.

**ULO2:** Perform basic audiometric assessments of adults and older children, including otoscopy, pure tone audiometry, speech discrimination testing, clinical masking, and acoustic immittance.

**ULO3:** Discuss the clinical application of the basic audiological testing in an adult population.

**ULO4:** Apply problem-solving strategies to make clinical decisions and to integrate and interpret audiological information.

## Assessment Tasks

Name	Weighting	Hurdle	Due
<a href="#">Clinical-based exercise 1</a>	20%	No	26/4/21
<a href="#">Clinical-based exercise 2</a>	20%	No	24/5/21
<a href="#">Participation</a>	5%	No	31/05/21
<a href="#">Quiz</a>	15%	No	22/3/21
<a href="#">Exam</a>	40%	No	Exam Period

### Clinical-based exercise 1

Assessment Type <sup>1</sup>: Practice-based task

Indicative Time on Task <sup>2</sup>: 20 hours

Due: **26/4/21**

Weighting: **20%**

This essay aims to assess your understanding of the principles underlying audiological assessment. The details of the essay will be provided to you at the beginning of the semester. It will be assessed according to the assessment criteria outlined. The essay should be no more than 2000 words (excluding references and citations).

On successful completion you will be able to:

- Perform basic audiometric assessments of adults and older children, including otoscopy, pure tone audiometry, speech discrimination testing, clinical masking, and acoustic immittance.
- Discuss the clinical application of the basic audiological testing in an adult population.
- Apply problem-solving strategies to make clinical decisions and to integrate and interpret audiological information.

### Clinical-based exercise 2

Assessment Type <sup>1</sup>: Practice-based task

Indicative Time on Task <sup>2</sup>: 20 hours

Due: **24/5/21**

Weighting: **20%**

This essay aims to assess your understanding of the principles underlying audiological assessment. The details of the essay will be provided to you at the beginning of the semester. It will be assessed according to the assessment criteria outlined. The essay should be no more than 2000 words (excluding references and citations).

On successful completion you will be able to:

- Perform basic audiometric assessments of adults and older children, including otoscopy, pure tone audiometry, speech discrimination testing, clinical masking, and acoustic immittance.
- Discuss the clinical application of the basic audiological testing in an adult population.
- Apply problem-solving strategies to make clinical decisions and to integrate and interpret audiological information.

## Participation

Assessment Type <sup>1</sup>: Participatory task

Indicative Time on Task <sup>2</sup>: 5 hours

Due: **31/05/21**

Weighting: **5%**

Participation in this unit will attract 5% of the units' total marks. Participation will be marked based upon completion of activities on this units iLearn page. Activities include forum posts, and quizzes, with a mark of 5% constituting completion of  $\geq 75\%$  of activities, 2.5% constituting completion of between 50-74% of activities and 0% for  $<50\%$  of activities.

On successful completion you will be able to:

- Explain the theoretical framework of psychoacoustics underlying hearing threshold, hearing loss and related audiometric concepts.
- Perform basic audiometric assessments of adults and older children, including otoscopy, pure tone audiometry, speech discrimination testing, clinical masking, and acoustic immittance.
- Discuss the clinical application of the basic audiological testing in an adult population.

- Apply problem-solving strategies to make clinical decisions and to integrate and interpret audiological information.

## Quiz

Assessment Type <sup>1</sup>: Quiz/Test

Indicative Time on Task <sup>2</sup>: 10 hours

Due: **22/3/21**

Weighting: **15%**

The aim of the quiz is to assess your understanding of various aspects of psychoacoustics such as loudness, pitch, hearing and principles underlying masking. The quiz will be 1 h in duration.

On successful completion you will be able to:

- Explain the theoretical framework of psychoacoustics underlying hearing threshold, hearing loss and related audiometric concepts.

## Exam

Assessment Type <sup>1</sup>: Examination

Indicative Time on Task <sup>2</sup>: 30 hours

Due: **Exam Period**

Weighting: **40%**

The aim of the exam is to integrate the theory learned in this unit with clinical cases. This exam will be 3 hours in duration.

On successful completion you will be able to:

- Explain the theoretical framework of psychoacoustics underlying hearing threshold, hearing loss and related audiometric concepts.
- Perform basic audiometric assessments of adults and older children, including otoscopy, pure tone audiometry, speech discrimination testing, clinical masking, and acoustic immittance.
- Discuss the clinical application of the basic audiological testing in an adult population.
- Apply problem-solving strategies to make clinical decisions and to integrate and interpret audiological information.

<sup>1</sup> If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

<sup>2</sup> Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

## Delivery and Resources

Online lectures and face to face practica

## Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](#) (<https://policies.mq.edu.au>). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies](#) (<https://students.mq.edu.au/support/study/policies>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](#) (<https://policies.mq.edu.au>) and use the [search tool](#).

## Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

## Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit [ask.mq.edu.au](https://ask.mq.edu.au) or if you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

## Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

### Learning Skills

Learning Skills ([mq.edu.au/learningskills](http://mq.edu.au/learningskills)) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- [Getting help with your assignment](#)
- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

## Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

## Student Enquiries

For all student enquiries, visit Student Connect at [ask.mq.edu.au](http://ask.mq.edu.au)

If you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

## IT Help

For help with University computer systems and technology, visit [http://www.mq.edu.au/about\\_us/offices\\_and\\_units/information\\_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.
