Notice

As part of [Phase 3 of our return to campus plan](#), most units will now run tutorials, seminars and other small group activities on campus, and most will keep an online version available to those students unable to return or those who choose to continue their studies online.

To check the availability of face-to-face activities for your unit, please go to [timetable viewer](#). To check detailed information on unit assessments visit your unit's iLearn space or consult your unit convenor.

Unit description

This unit aims to equip students with a deep understanding of and the ability to evaluate the applications of hearing aids, implantable devices, and assistive listening systems. The unit develops students' understanding of the mechanisms by which hearing devices meet the needs of hearing impaired people and the evidence for the effectiveness of a variety of technologies. In a wider sense this unit aims to equip students with the skills and information needed to evaluate existing and emerging hearing device technologies to provide evidence-based treatment.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Extend basic knowledge acquired in CAUD805 to a more in-depth understanding of the complex technological features of modern hearing devices.

ULO2: Examine and appraise signal processing; its importance in regulating the advanced features of hearing devices and its strengths and limitations

ULO3: Debate and critically evaluate the clinical benefits/efficacy of hearing device technology

ULO4: Translate theoretical knowledge to technical skills, and practical aspects of hearing device selection and fitting.

ULO5: Implement knowledge and skills to facilitate clinical practice including; fitting, verifying, measuring the outcomes and evaluating future technologies of hearing devices

General Assessment Information

The procedure for the handling of late submission of assessment tasks is as follows:

- Extensions will only be granted on documented evidence of significant disruption to your studies and can be requested by completing a Special Consideration request via ask.mq.edu.au with the requisite supporting documentation.
- Unless you have been granted an extension under special consideration, a penalty of 5% of the total marks for the assessment task per day (with the weekend counting as one day) will apply to late submissions.
- Unless otherwise negotiated, assessment tasks will not be accepted at all AFTER the date on which the marked assignments are returned to students in the unit.

Assessment Tasks

Name	Weighting	Hurdle	Due
Participation	5%	No	7/6/2021
Cochlear Implant essay	20%	No	15/3/2021
Client fitting assignment	15%	No	26/4/2021
Group project	20%	No	24/5/2021
Final examination	40%	No	Exam period

Participation

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 5 hours

Due: **7/6/2021**

Weighting: **5%**

Participation in this unit will attract 5% of the units' total marks. Participation will be marked based upon completion of activities on this units iLearn page. Activities include forum posts, and quizzes, with a mark of 5% constituting completion of $\geq 75\%$ of activities, 2.5% constituting completion of between 50-74% of activities, and 0% for $< 50\%$ of activities.

On successful completion you will be able to:

- Examine and appraise signal processing; its importance in regulating the advanced features of hearing devices and its strengths and limitations
- Debate and critically evaluate the clinical benefits/efficacy of hearing device technology
- Translate theoretical knowledge to technical skills, and practical aspects of hearing device selection and fitting.

Cochlear Implant essay

Assessment Type ¹: Essay

Indicative Time on Task ²: 15 hours

Due: **15/3/2021**

Weighting: **20%**

The essay will cover the topics of cochlear implant candidacy, factors affecting success and the intersection of hearing aid and cochlear implant fittings. Word count 2000.

On successful completion you will be able to:

- Extend basic knowledge acquired in CAUD805 to a more in-depth understanding of the complex technological features of modern hearing devices.
- Debate and critically evaluate the clinical benefits/efficacy of hearing device technology
- Implement knowledge and skills to facilitate clinical practice including; fitting, verifying, measuring the outcomes and evaluating future technologies of hearing devices

Client fitting assignment

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 15 hours

Due: **26/4/2021**

Weighting: **15%**

Students will be assigned a client with a particular hearing loss and background, appropriate hearing aid and other technology must be selected and discussed. 2500 words.

On successful completion you will be able to:

- Extend basic knowledge acquired in CAUD805 to a more in-depth understanding of the complex technological features of modern hearing devices.
- Examine and appraise signal processing; its importance in regulating the advanced features of hearing devices and its strengths and limitations
- Debate and critically evaluate the clinical benefits/efficacy of hearing device technology
- Translate theoretical knowledge to technical skills, and practical aspects of hearing device selection and fitting.
- Implement knowledge and skills to facilitate clinical practice including; fitting, verifying, measuring the outcomes and evaluating future technologies of hearing devices

Group project

Assessment Type ¹: Project

Indicative Time on Task ²: 15 hours

Due: **24/5/2021**

Weighting: **20%**

Students will work in groups to examine the practicalities of setting up a private practice. There are many issues in running a successful business. However, this group project aims to focus on 3 issues which are: (1) securing income; (2) controlling expenses; and (3) complying with regulations. Further details will be provided. No fixed word count.

On successful completion you will be able to:

- Translate theoretical knowledge to technical skills, and practical aspects of hearing device selection and fitting.

Final examination

Assessment Type ¹: Examination

Indicative Time on Task ²: 25 hours

Due: **Exam period**

Weighting: **40%**

Long and short answers.

On successful completion you will be able to:

- Extend basic knowledge acquired in CAUD805 to a more in-depth understanding of the

complex technological features of modern hearing devices.

- Examine and appraise signal processing; its importance in regulating the advanced features of hearing devices and its strengths and limitations
- Debate and critically evaluate the clinical benefits/efficacy of hearing device technology
- Translate theoretical knowledge to technical skills, and practical aspects of hearing device selection and fitting.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Technology

Work will require basic general computer skills. Some knowledge of Audiology specific technology such as audiometers, real-ear fitting hardware and software is assumed (CAUD8005 is a pre-requisite and should furnish the requisite skills). No additional technology is required.

Information

iLearn will predominantly be used for communication, provision of lecture materials and discussion. Please check iLearn frequently for any updates.

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Grade Appeal Policy](#)
- [Complaint Management Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies](https://students.mq.edu.au/support/study/policies) (<https://students.mq.edu.au/support/study/policies>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>) and use the [search tool](#).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

Learning Skills

Learning Skills (mq.edu.au/learningskills) provides academic writing resources and study strategies to help you improve your marks and take control of your study.

- [Getting help with your assignment](#)
- [Workshops](#)
- [StudyWise](#)
- [Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

Student Services and Support

Students with a disability are encouraged to contact the [Disability Service](#) who can provide appropriate help with any issues that arise during their studies.

Student Enquiries

For all student enquiries, visit Student Connect at ask.mq.edu.au

If you are a Global MBA student contact globalmba.support@mq.edu.au

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.
