Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description

In this unit, students will explore the relationships between healthcare policy and funding settings, ethical speech pathology service delivery and practice, and the future of the speech pathology profession. Emerging national and international topics in healthcare will be included to prepare students for future practice and leadership.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Demonstrate understanding of current and projected legal regulations, and federal and state policies, and their potential impact on speech pathology service delivery.

ULO2: Analyse the implications of major health care funding systems for the delivery of speech pathology services in Australia and elsewhere.

ULO3: Explain the ethical application of marketing, branding, and e-media promotion of professional services within speech pathology.

ULO4: Critically evaluate the relationship between individual professional development and leadership systems in healthcare, and how this impacts the development of the speech pathology profession.

General Assessment Information

Word limits

Assessment submissions with excessive word counts will receive a penalty commensurate with the amount the submission has exceeded the word limit stated in the assessment description.

Excessive word counts will result in the following penalties:

- From 11 to 20% over the word limit = reduction by one grading band.
- More than 20% over the word limit = reduction by **at least** two grading bands, with further penalties applied at the discretion of the unit convenor.

For example: Word limit = 2000 words; Submission word count = 2240, i.e., 12% over the limit, and therefore a penalty is applied as follows:

- Initial grade = D
- Penalty = reduction of one grading band
- Final grade = C

Penalty for late submission

Late submission of assessments will result in the following penalties:

- 1 day late = reduction by **no more than** one grading band, at the discretion of the unit convenor
- 2 days late = reduction by **no more than** two grading bands, at the discretion of the unit convenor
- 3 or more days late = reduction by **at least** two grading bands, with further reductions at the discretion of the unit convenor

For example: A submission is two days late, and therefore a penalty is applied as follows:

- Initial grade = HD
- Maximum penalty = reduction of two grading bands
- Final grade = C

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Critical analysis of policy</u>	40%	Yes	Week 7
<u>Critical analysis of speech pathology marketing</u>	30%	No	Week 10
<u>Critical self-reflection and development planning</u>	30%	Yes	Week 14

Critical analysis of policy

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 31 hours

Due: **Week 7**

Weighting: **40%**

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

In this assessment, students will be required to discuss and critically appraise current or proposed policy settings relevant to speech pathology practice. Potential sources of policies are Speech Pathology Australia, Australian or international federal and state governments, and other relevant regulatory bodies. Students must demonstrate advanced understanding of the current or possible future effects of the policy settings on speech pathology practice in Australia, and offer a coherent response to the challenges and opportunities presented.

On successful completion you will be able to:

- Demonstrate understanding of current and projected legal regulations, and federal and state policies, and their potential impact on speech pathology service delivery.
- Analyse the implications of major health care funding systems for the delivery of speech pathology services in Australia and elsewhere.

Critical analysis of speech pathology marketing

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 23 hours

Due: **Week 10**

Weighting: **30%**

In this assessment, students will critically evaluate an example of current speech pathology marketing material that is available in Australia. Students will apply concepts derived from the Speech Pathology Australia Code of Ethics, and other relevant professional guidelines in their evaluation.

On successful completion you will be able to:

- Demonstrate understanding of current and projected legal regulations, and federal and state policies, and their potential impact on speech pathology service delivery.
- Explain the ethical application of marketing, branding, and e-media promotion of

professional services within speech pathology.

Critical self-reflection and development planning

Assessment Type ¹: Reflective Writing

Indicative Time on Task ²: 23 hours

Due: **Week 14**

Weighting: **30%**

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

In this assessment, students will identify areas of professional competency requiring further development as new graduate speech pathologists, and how this contributes to the speech pathology profession more broadly. They will also identify and critically evaluate their role in a challenging clinical situation that they have experienced, and discuss what they would do differently in a similar situation in future.

On successful completion you will be able to:

- Analyse the implications of major health care funding systems for the delivery of speech pathology services in Australia and elsewhere.
- Critically evaluate the relationship between individual professional development and leadership systems in healthcare, and how this impacts the development of the speech pathology profession.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

NOTE: *The standard delivery of this unit has been affected by the current Public Health Orders and associated restrictions implemented by the NSW Government, and the response of the University to these circumstances. As a consequence, the delivery of this unit may be altered during Session 2 should these circumstances change. If on-campus learning activities are undertaken during Session 2, they will be delivered in accordance with a COVID Safe plan.*

Students will participate in 2 hour lectorial classes blending teacher-fronted delivery with small

group activities. Students will be expected to engage with learning materials before attending and participating in weekly classes, and then to complete learning activities following class. All scheduled learning activities will occur over the standard 13 weeks of the session.
