Session 2 Learning and Teaching Update

The decision has been made to conduct study online for the remainder of Session 2 for all units WITHOUT mandatory on-campus learning activities. Exams for Session 2 will also be online where possible to do so.

This is due to the extension of the lockdown orders and to provide certainty around arrangements for the remainder of Session 2. We hope to return to campus beyond Session 2 as soon as it is safe and appropriate to do so.

Some classes/teaching activities cannot be moved online and must be taught on campus. You should already know if you are in one of these classes/teaching activities and your unit convenor will provide you with more information via iLearn. If you want to confirm, see the list of [units with mandatory on-campus classes/teaching activities](#).

Visit the [MQ COVID-19 information page](#) for more detail.

Unit description The fundamentals of financial management are introduced from the perspective of the finance manager in a firm, namely those making investment, financing and dividend decisions. Finance theory is applied with the aim of providing a coherent framework and insights to assist in forming reasoned judgements. Case studies and financial planning models are used to provide context. The unit covers methods used in evaluating investment projects, assessing risk for competing projects, valuation and capital structure.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Apply finance theory, frameworks and methods to form evidence-based and strategic investment solutions for a range of problems.
