### Unit description

The unit provides a foundational overview of the theoretical perspectives that have contributed to the history and philosophy of early childhood education. It examines philosophies, theories and theorists over time that have helped shape views about children and children's learning, curriculum development and the role of the teacher. The unit will enable students to recognise the importance of philosophy in early childhood education as they read research and engage with philosophical ideas. Students will also begin to develop a broad knowledge of curriculum approaches, including Froebel, Montessori, Steiner and Reggio Emilia that are implemented across Australia in contemporary early childhood settings.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at [https://www.mq.edu.au/study/calendar-of-dates](https://www.mq.edu.au/study/calendar-of-dates)

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Demonstrate an understanding of the historical basis of early childhood philosophy.
ULO2: Discuss the theoretical influences underpinning early childhood pedagogies and practices.
ULO3: Identify how history and philosophy have impacted Australian early childhood education.
ULO4: Develop the skills of researching, writing, presenting and submitting academic work.

General Assessment Information

There are three (3) assessment tasks in this subject. In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Assessment Presentation and Submission Guidelines

Please follow these guidelines when you submit each assignment:

● Allow a left and right-hand margin of at least 2cm in all assignments.
● Please type all assignments using 12-point font and 1.5 spacing.
● All assessments must be submitted through Turnitin in .doc or .pdf format
● It is the responsibility of the student to ensure that all assessments are successfully submitted through Turnitin.
● Faculty assignment cover sheets are NOT required.

Draft Submissions & Turnitin Originality Reports

● Students may use Turnitin’s Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
● Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
● The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
● Generally, one Originality Report is generated every 24 hours up to the due date.

Please note:

● Students should regularly save a copy of all assignments before submission.
● Students are responsible for checking that the correct file has been uploaded, that their submission has been successful, and that it has been submitted by the due date and time.

Assignment extensions and late penalties

● In general, there should be no need for extensions except through illness or misadventure that
would be categorised as serious and unavoidable disruption according to the University definition of same, see: https://students.mq.edu.au/study/my-study-program/special-consideration

- Applications for extensions must be made via AskMQ according to the Special Consideration policy. Extensions can only be granted if they meet the Special Considerations policy and are submitted via https://ask.mq.edu.au/. This will ensure consistency in the consideration of such requests is maintained.

- Late submissions: Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply - 10/100 marks of credit (10% of the total assessment weighting) will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessment - e.g., quizzes, online tests. A zero result for the assignment will be recorded after the late submission period has ended if no task has been received.

- If a student is still permitted to submit on the basis of unavoidable disruption, an alternative topic may be set.

- Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.

### Requesting a re-assessment of an assignment

If you have evidence that your task has been incorrectly assessed against the grade descriptors you can request a re-mark. To request a re-mark you need to contact the unit convenor within 7 days of the date of return of the assignment and provide a detailed assessment of your script against the task criteria. Evidence from your assignment must be provided to support your judgements.

**Note:**

- Please do not request a re-mark for a Failed assessment as they are all double-marked as a part of the moderation process.
- The outcome of a re-mark may be a higher/lower or unchanged grade. Grades are standards referenced and effort is NOT a criterion.

### University Policy on Grading

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. The following descriptive criteria are included for your information.

**Descriptive Criteria for awarding grades in the unit**

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit
will be 45.

Students will be awarded grades ranging from HD to F according to guidelines set out in the policy: https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment-in-effect-from-session-2-2016 The following generic grade descriptors provide university-wide standards for awarding final grades.

<table>
<thead>
<tr>
<th>Grade</th>
<th>Descriptor</th>
</tr>
</thead>
<tbody>
<tr>
<td>HD (High Distinction)</td>
<td>Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem-solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.</td>
</tr>
<tr>
<td>D (Distinction)</td>
<td>Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.</td>
</tr>
<tr>
<td>Cr (Credit)</td>
<td>Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.</td>
</tr>
<tr>
<td>P (Pass)</td>
<td>Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes</td>
</tr>
<tr>
<td>F (Fail)</td>
<td>Does not provide evidence of attainment of learning outcomes. There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.</td>
</tr>
</tbody>
</table>

Note: If you fail a unit with a professional experience component, the fail grade will be on your transcript irrespective of the timing of the placement.

**Withdrawing from this unit**

If you are considering withdrawing from this unit, please seek academic advice via https://ask.mq.edu.au before doing so as this unit may be a co-requisite or prerequisite for units in the following sessions and may impact on your progression through the degree.

**Results**

Results shown in iLearn, or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au.

**Assessment 2: Research essay: Dominant views of early childhood education**

**Assessment Type:** Essay  
**Indicative Time on Task:** 31 hours  
**Due:** 20/5/22  
**Weighting:** 35%

This essay requires students to consider the diverse ways that early childhood education has been viewed in the past and today. How have views about early childhood education developed, what has informed the ways it is viewed today, and what are the implications of those diverse views for early childhood education, children, families and society more broadly? (Word count 1800)

On successful completion you will be able to:

- Demonstrate an understanding of the historical basis of early childhood philosophy.
- Discuss the theoretical influences underpinning early childhood pedagogies and practices.
- Identify how history and philosophy have impacted Australian early childhood education.
- Develop the skills of researching, writing, presenting and submitting academic work.

**Assessment 3: Overview of unit final exam**

**Assessment Type:** Examination  
**Indicative Time on Task:** 30 hours  
**Due:** During Exam period  
**Weighting:** 40%

Open book exam. (2 hours)
On successful completion you will be able to:

- Demonstrate an understanding of the historical basis of early childhood philosophy.
- Discuss the theoretical influences underpinning early childhood pedagogies and practices.
- Identify how history and philosophy have impacted Australian early childhood education.

Assessment 1: Presentation / Debate

Assessment Type: Presentation

Indicative Time on Task: 24 hours

Due: Varies

Weighting: 25%

This assessment requires you to deliver a presentation on a theorist or dominant view of early childhood education covered in the subject. (oral)

On successful completion you will be able to:

- Demonstrate an understanding of the historical basis of early childhood philosophy.
- Discuss the theoretical influences underpinning early childhood pedagogies and practices.
- Identify how history and philosophy have impacted Australian early childhood education.
- Develop the skills of researching, writing, presenting and submitting academic work.

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Required texts

You are required to purchase your own copies of these two texts. Readings from the required texts will be used to support lecture and tutorial content.

Structure

The unit comprises one one-hour lecture and one two-hour tutorial (internal students) per week.

Lectures

Weekly lectures are available on i-Learn. You must listen to all lectures.

PowerPoint slides are available in iLearn in advance of the weekly lecture and/or are available in the Active Learning Tool.

Tutorials

Tutorials form an essential component of this subject.

Tutorials provide opportunities for sharing learning materials and resources, developing critical thinking and are the venue for students to present their Assessment 1.

Materials required for weekly tutorials will be available in iLearn in advance of the tutorial.

In tutorials, students will discuss issues and questions arising from the lectures and prescribed readings. They are expected to base their arguments/discussions on evidence from published research and other relevant material.

Students are required to participate in small group activities, whole class discussion, to read the weekly material in advance, and to complete brief tasks either as individuals or in pairs. The weekly Study Guide provides details of readings/preparation prior to the tutorial and is available on the unit iLearn site.

Attendance Requirements

Attendance at one two hour tutorial is expected every week.

Information about the unit iLearn site

This unit has a full web presence through iLearn. Students will need regular access to the Internet and a computer to complete this unit.

Weekly access to iLearn is compulsory for all students.

Important assessment information will be posted on i-Learn, as will other relevant unit notices and materials including:

- Weekly lectures: You must listen to all lectures. Lecture PowerPoint slides are available in iLearn in advance of the weekly lecture and/or are available in the Active Learning Tool.
- Weekly study guides are provided to assist your studies. The study guides include a list of compulsory and recommended readings, various activities and materials for
discussion and critical reflection, and electronic links and suggested references. External students especially are encouraged to use this web component.

- Notices and correspondance from and to your Subject Convenor and Tutor should be through I-Learn.
- Submission of Assessment Task 2 is also through the Turnitin portal on the unit i-Learn page.

**Access and Technical Assistance**

Information for students about access to the online component of this unit is available at https://ilearn.mq.edu.au/login/index.php. You will need to enter your student username and password.

Please do NOT contact the Unit Convenor regarding iLearn technical help.

No extensions will be given for any technical issues. Allow enough time for your submissions.

Assistance is available from IT Helpdesk ph: 1800 67 4357 or log a request at help.mq.edu.au. OneHelp is the online IT support service for both students and staff.

**This unit requires students to use several ICT and software skills:**

- Internet access: The iLearn site contains materials for this unit; it is also required for the online submission of all Assessment Tasks, and for the use of Turnitin submission for ALL tasks.
- Word processing, visual representations, and document formatting: You are required to use an appropriate form of software to present your assignments.
- Uploading of assessment tasks to iLearn.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Assessment Procedure
- Complaints Resolution Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit Student Policies (https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit Policy Central (https://policies.mq.edu.au) and use the search tool.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe academic integrity – honesty, respect, trust, responsibility, fairness and
courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free online writing and maths support, academic skills development and wellbeing consultations.

**Attendance for Undergraduate Units**

All Internal tutorials begin in Week 1 of Session.

Activities completed during weekly tutorials (internal) or on campus days (external) are essential for building the core knowledge and/or skills required to demonstrate the learning outcomes of this unit [and to meet the AITSL Graduate Teacher Standards and/or ACECQA requirements]. Attendance at all tutorials or on campus days is expected and the roll will be taken.

Students are required to attend the tutorial in which they are enrolled. Any changes to tutorial enrolments must be completed officially through e-student. Please do not contact the unit convenor requesting a change.

**Unit Expectations**

- Students are expected to read weekly readings before completing tasks and attending tutorials.
- Students are expected to listen/attend weekly lectures before completing tasks and attending tutorials.

Note: It is not the responsibility of unit staff to contact students who have failed to submit assignments. If you have any missing items of assessment, it is your responsibility to make contact with the unit convenor.

**Electronic Communication**

It is the student’s responsibility to check all electronic communication on a regular weekly basis.

Communication may occur via:

- Official MQ Student Email Address
- The Dialogue function on iLearn
- Other iLearn communication functions

**Student Support**

Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

**The Writing Centre**

The Writing Centre provides resources to develop your English language proficiency, academic writing, and communication skills.

- Workshops
- Chat with a WriteWISE peer writing leader
Student Services and Support

Macquarie University offers a range of **Student Support Services** including:

- IT Support
- Accessibility and disability support with study
- Mental health support
- Safety support to respond to bullying, harassment, sexual harassment and sexual assault
- Social support including information about finances, tenancy and legal issues

When using the University's IT, you must adhere to the **Acceptable Use of IT Resources Policy**. The policy applies to all who connect to the MQ network including students.

5Rs Framework

The 5Rs Framework, developed by the School of Education at Macquarie University, is embedded throughout your teacher education course. Your use of the 5Rs Framework will help you develop the capabilities that will make your teaching career sustainable and fulfilling. In this unit, you will learn using the 5Rs framework in the following important ways:

**RESILIENT**: Lectures, readings and tutorials facilitate students to become informed, inspired, well-prepared and resilient EC teachers, by supporting students to develop their understanding of what EC work actually entails, as well as the proud traditions of the EC profession, its history, and their place in it.

**REFLEXIVE**: Multiple perspectives, philosophical approaches and purposes of EC are presented to students through lectures, tutorials and readings. Students engage deeply in reflection on a self-selected EC theorist to share their understanding with their peers. In this way,
they start to consider their own teaching philosophy.

RESPONSIVE: Students are introduced to various purposes of EC and to the ideas of leaders currently working in EC. They are encouraged to consider what type of setting they would eventually like to work in and what they would be able to bring to the profession.

READY TO LEARN: This subject reinforces the need for EC teachers to continually reflect on the multiple purposes of EC, to develop skills in advocacy for socially just practices that support children, families and communities, and to consciously develop their own teacher identity.

RESEARCH ENGAGED: All lectures draw on research - of both the historical and contemporary context of EC. Students are supported to draw on research to support their arguments in their essay and open-book exam.
