General Assessment Information

Assessment Presentation and Submission Guidelines

Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format
- It is the responsibility of the student to ensure that all assessments are successfully submitted through Turnitin.
- Faculty assignment cover sheets are NOT required.

Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

Please note:

- Students should regularly save a copy of all assignments before submission.
- Students are responsible for checking that the correct file has been uploaded, that their submission has been successful, and that it has been submitted by the due date and time.

Assignment extensions and late penalties

- In general, there should be no need for extensions except through illness or misadventure that would be categorised as serious and unavoidable disruption according to the University definition of same, see: <https://students.mq.edu.au/study/my-study-program/special-consideration>
- Applications for extensions must be made via AskMQ according to the Special Consideration policy. Extensions can only be granted if they meet the Special Considerations policy and are submitted via <https://ask.mq.edu.au/>. This will ensure consistency in the consideration of such requests is maintained.
- Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.
- Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings, etc.). Late submission of time sensitive tasks (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs, etc.) will only be addressed by the unit convenor in a Special Consideration application. Special Consideration outcome may result in a new question or topic.

Delivery and Resources

This unit runs for nine weeks. Students are urged to be mindful of this when planning access to their weekly tutor, engaging in course content, and seeking and structuring supports for each assessment task.

Required and recommended texts are available via Leganto, and noted within iLearn each week. Reading, reflecting upon, and thoroughly engaging with each weekly prescribed text and resource is strongly recommended.

This unit has a full web presence through iLearn. There is a distinct forum space for external students, and the weekly resources have been chosen to be accessible to both external and internal students. Please reach out to the convenor or ask in the external student forum if a resource is not accessible.

Students will need regular access to a computer and the Internet to complete this unit.

Weekly access to iLearn is compulsory for all students. Important assessment information will be posted here, as will other relevant unit notices and materials, including a reading template and guide to lecture note taking to assist your studies.

Various activities and materials for discussion and critical reflection are included and external students especially are encouraged to use this web component. Electronic links and suggested references will be included in the Resources section. Please check the iLearn unit regularly.

Weekly lectures are available on the web through the ECHO360 lecture component. You must listen to all lectures if you do not attend these 'live'.

PowerPoint slides are available in iLearn in advance of the weekly lecture and/or are available in the Active Learning Tool.

5 Rs

Ready to Learn

Weekly activities and major Assignment - both require students to engage in personal reflection, as well as engaging with a range of resources that will challenge existing bias, and promote new understandings.

Research Engaged.

Weekly activities and Major Assignment - both require application of analytical skills relevant to classroom research which TES can use on PEx and graduates will use in the future e.g. understanding how and where to gather appropriate information and resources for their practise; understanding students' phonemic awareness skills; applying knowledge of evidence based best practise to inform their classroom planning and facilitation.

Responsive

Engaging, reflecting and responding to resources relating to personal experiences, the formal existing structures and systems of education, and student imagined future practise as educators and emerging scholars. This is enacted through peer engagement and activities within tutorial activities and both major assessment tasks.

Reflexive

Self-exploration is a core part of this unit, as students engage with and respond to historical and present day policies and practise.

Resilience

Developing a historically informed, evidence based understanding of best practise for educational settings as applicable to both Indigenous and non-Indigenous students.
