## Delivery and Resources

The scope and delivery of this unit is highly responsive to students' needs and the requirements of the Brief to which they are asked to respond.

Class topics will address both the requirements of consultancy reports in general and the specific issue the consultancy report is asked to address. Students are expected to participate in the development of both method and content and to cooperate with each other in progressing a discussion of the issues involved.

There is no reading list as one assignment is to develop a short reference list and apply the content to the report being prepared.
