Unit description
This unit is the first of a series of key units within the Bachelor of Clinical Science that focus on the core knowledge and skills underpinning a career in health care as a researcher, manager, or practitioner. Starting with core concepts in professional conduct and university learning, you will explore professionalism through a variety of topics, including: reflection, evidence, communication, and teamwork. Learning activities will include interactive tutorials, online activities, and expert lectures allowing you to develop your understanding of professional practice and build your capacity to become a reflective learner in the health context.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

- **ULO1**: Apply the fundamental skills required for personal reflection and life-long learning.
- **ULO2**: Identify core concepts of communication.
- **ULO3**: Define the key attributes of effective teams.
- **ULO4**: Analyse the role of leadership and followership in teamwork.
ULO5: Select and integrate evidence from reliable academic sources
ULO6: Recognise the importance of core skills in healthcare and research

**General Assessment Information**

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the Assessment Procedure (clause 128).

To pass this unit, students must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements including professionalism and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

**Student Professionalism**

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses. As part of developing professionalism, students are expected to attend all small group interactive sessions including tutorials, as well as clinical- and laboratory-based practical sessions.

Students are expected to attend a minimum of 80% of all small group interactive sessions. If you are unable to attend a small group activity, please refer to the iLearn site regarding further action.

Similarly, as part of developing professionalism, students are expected to submit all work by the due date. Applications for assessment task extensions must be supported by appropriate evidence and submitted via [www.ask.mq.edu.au](http://www.ask.mq.edu.au). For further details, please refer to the Special Consideration Policy available at [https://students.mq.edu.au/study/my-study-program/special-consideration](https://students.mq.edu.au/study/my-study-program/special-consideration).

**Late Submission**

Late submissions will receive a 5% per day penalty including weekends and public holidays. If you submit the assessment task 10 days or more beyond the due date, without an approved extension, you will be awarded a maximum of 50% of the overall assessment marks. For example:
