General Information

Unit convenor and teaching staff Angela Laird angela.laird@mq.edu.au
Credit points 10
Prerequisites (130cp at 1000 level or above) and permission by special approval
Corequisites
Co-badged status
Unit description This unit will provide you with an insight into how research is conducted and research experience through a placement within a research team within the Faculty of Medicine, Health and Human Sciences . You will develop research skills and contribute to a research project under the supervision of a researcher within the Faculty. You will also develop your scientific communication skills allowing you to confidently discuss and present scientific methodology and findings. This unit is subject to a quota. Limited places are available. Please refer to the Faculty for further information.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Describe main fields of contemporary medical and health-related research.
- ULO2:** Perform research under supervision.
- ULO3:** Critique and review medical and health-related research methods and/or data.
- ULO4:** Evaluate scientific literature and relate to medical and health-related research data collected.

General Assessment Information

Grade descriptors and other information concerning grading are contained in the Macquarie University Assessment Policy, available at <https://staff.mq.edu.au/work/strategy-planning-and-go>

[vernance/university-policies-and-procedures/policies/assessment](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University [Assessment Policy](#), and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, students must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements including professionalism and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

Student Professionalism

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses. As part of developing professionalism, students are expected to attend all small group interactive sessions including tutorials, as well as clinical- and laboratory-based practical sessions.

Students are expected to attend a minimum of 80% of all small group interactive sessions. If you are unable to attend a small group activity, please refer to the iLearn site regarding further action.

Similarly, as part of developing professionalism, students are expected to submit all work by the due date. Applications for assessment task extensions must be supported by appropriate evidence and submitted via www.ask.mq.edu.au. For further details, please refer to the Special Consideration Policy available at <https://students.mq.edu.au/study/my-study-program/special-consideration>.

Late Submission

Late submissions will receive a 5% per day penalty including weekends and public holidays. If you submit the assessment task 10 days or more beyond the due date, without an approved extension, you will be awarded a maximum of 50% of the overall assessment marks. For example:

Due date	Received	Days late	Deduction	Raw mark	Final mark
Friday 14th	Monday 17th	3	15%	75%	60%

Assessment Tasks

Name	Weighting	Hurdle	Due
Graphical abstract	20%	No	Week 4
Research proposal	20%	No	Week 6

Name	Weighting	Hurdle	Due
<u>Research Engagement</u>	30%	No	Assessed from Week 2-11 (Lab book due Week 12)
<u>Poster Presentation and Discussion</u>	30%	No	Week 13

Graphical abstract

Assessment Type ¹: Professional writing

Indicative Time on Task ²: 15 hours

Due: **Week 4**

Weighting: **20%**

Creation of a graphical abstract of the work of a peer.

On successful completion you will be able to:

- Describe main fields of contemporary medical and health-related research.
- Critique and review medical and health-related research methods and/or data.

Research proposal

Assessment Type ¹: Report

Indicative Time on Task ²: 15 hours

Due: **Week 6**

Weighting: **20%**

Research proposal based on the research placement.

On successful completion you will be able to:

- Describe main fields of contemporary medical and health-related research.
- Evaluate scientific literature and relate to medical and health-related research data collected.

Research Engagement

Assessment Type ¹: Log book

Indicative Time on Task ²: 5 hours

Due: **Assessed from Week 2-11 (Lab book due Week 12)**

Weighting: **30%**

Engagement in your research placement, including documentation of research activities in a laboratory book or research diary and participation in research activities and discussion.

On successful completion you will be able to:

- Describe main fields of contemporary medical and health-related research.
- Perform research under supervision.
- Evaluate scientific literature and relate to medical and health-related research data collected.

Poster Presentation and Discussion

Assessment Type ¹: Poster

Indicative Time on Task ²: 20 hours

Due: **Week 13**

Weighting: **30%**

A poster presentation on the research activities undertaken during your placement and engagement in discussion with peers of own and others research activities.

On successful completion you will be able to:

- Describe main fields of contemporary medical and health-related research.
- Perform research under supervision.
- Critique and review medical and health-related research methods and/or data.
- Evaluate scientific literature and relate to medical and health-related research data collected.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Delivery

The research placements make up the majority of contact hours within this unit. These placements may include work within the Faculty of Medicine, Health and Human Sciences laboratory (when COVID restrictions allow it) or work with other teams within other settings within the Faculty. The remaining contact hours are delivered through a co-location model with the Research Placement Units offered within the Masters of Research (MEDI7041 and MEDI7042). Learning activities, outcomes and assessments differ between the different cohorts but co-locating these units allows candidates to participate in peer activities relevant to research engagement such as research discussions, presentations and critique.

Resources

Technology

Completion of online training and learning activities throughout the unit will require you to have access to a tablet, laptop or similar device. If you do not have your own device you may borrow one from the University library.

Required Unit Materials

For placements in laboratories within the Macquarie Medical School you are required to wear closed shoes that cover the whole foot and a laboratory gown/coat (provided) whilst in the laboratory venue.

Online training modules and laboratory inductions

If you need access to the laboratory you will be required to complete online training modules and a face-to-face laboratory induction.

Recommended Readings

Details of recommended readings will be provided by supervisors in the host research group. You should use this material to actively seek further reading through searching the current literature (e.g. research articles and reviews) using tools such as PubMed, Scopus, and/or GoogleScholar. This material should supplement and extend your understanding of the research topic, and assist in preparation of assessed material.

Research Documentation

You should keep a laboratory book or research diary for documentation of your day-to-day work, including details such as experimental methods, observations, results, analysis, and conclusions. This document will be assessed within your Research Engagement assessment task. This document serves as an important written record in research and may be used to guide future work in your host group and will remain the property of the research group at the end of the placement.

Unit Schedule

Week 1: You will nominate your list of preferred research projects from a provided booklet. You will be notified of your allocated research project.

Weeks 2-11 (excluding session break): You will work on a research project under the supervision of a research team. You may be required to undertake online laboratory and/or ethics training modules to commence your project.

Week 2, 4 and 9: You will have classes or workshops scheduled to help develop the skills required for your assessment tasks.

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Assessment Procedure](#)
- [Complaints Resolution Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies](https://students.mq.edu.au/support/study/policies) (<https://students.mq.edu.au/support/study/policies>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>) and use the [search tool](#).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe [academic integrity](#) – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing and maths support](#), [academic skills development](#) and [wellbeing consultations](#).

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

The Writing Centre

[The Writing Centre](#) provides resources to develop your English language proficiency, academic writing, and communication skills.

- [Workshops](#)
- [Chat with a WriteWISE peer writing leader](#)
- [Access StudyWISE](#)
- [Upload an assignment to Studiosity](#)
- [Complete the Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

Student Services and Support

Macquarie University offers a range of [Student Support Services](#) including:

- [IT Support](#)
- [Accessibility and disability support](#) with study
- Mental health [support](#)
- [Safety support](#) to respond to bullying, harassment, sexual harassment and sexual assault
- [Social support including information about finances, tenancy and legal issues](#)

Student Enquiries

Got a question? Ask us via [AskMQ](#), or contact [Service Connect](#).

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.
