Unit description

This unit encourages students to reflect on their undergraduate degree, and to integrate their knowledge from the sub-disciplines of psychology into a more holistic understanding of psychology. This unit also assists students to understand their options with a psychology degree, the standards of professional practice that will be required of them as psychologists, and pathways to higher study or employment. In order to help students gain a more practical understanding of the psychology profession, and to make informed decisions about their own future, this unit includes a mandatory 32 hour placement with an organisation that deals with issues relevant to psychology.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Identify a social issue and devise practical solutions that are supported by sound psychological theories and evidence.

ULO2: Use skills and knowledge acquired over the psychology degree in a real world context and develop new practical skills and knowledge over the course of a volunteer placement.

ULO3: Critically evaluate a body of literature on a social issue in relation to relevant psychology sub-disciplines.

ULO4: Integrate and synthesise knowledge from various psychology sub-disciplines.

ULO5: Critically reflect on how the different sub-disciplines in psychology link within the whole person and apply to wider social contexts, including the placement organisation's

activities.

ULO6: Reflect on their learning in psychology (including practical learning), and its application to professional and ethical practice (including at their volunteer placement).

ULO7: Demonstrate effective oral, written and visual communication skills that are appropriate to the purpose, medium and audience.

General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-28 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	-60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100		75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

Special Consideration

If you are unable to complete an assessment task on or by the specified date due circumstances that are unexpected, unavoidable, significantly disruptive and beyond your control, you may apply for special consideration in accordance with the [special consideration policy](#). Applications for special consideration must be supported by appropriate evidence and submitted via ask.mq.edu.au.

Assessment Tasks

Name	Weighting	Hurdle	Due
Final Examination	40%	No	As scheduled in formal examination period
Project report	40%	No	Part 1 due Friday Wk4 11.55pm; Parts 2-5 Monday Wk10 11.55pm
Literature review	20%	No	Friday week 5, 11.55pm
PACE Placement	0%	Yes	Friday Week 13 11.55pm

Final Examination

Assessment Type [1](#): Examination

Indicative Time on Task [2](#): 26 hours

Due: **As scheduled in formal examination period**

Weighting: **40%**

Final examination held within the University's formal exam period, in accordance with relevant requirements.

On successful completion you will be able to:

- Integrate and synthesise knowledge from various psychology sub-disciplines.

Project report

Assessment Type [1](#): Report

Indicative Time on Task [2](#): 26 hours

Due: **Part 1 due Friday Wk4 11.55pm; Parts 2-5 Monday Wk10 11.55pm**

Weighting: **40%**

Students submit a 1500 word report across 5 sections, related to their placement experiences.

On successful completion you will be able to:

- Identify a social issue and devise practical solutions that are supported by sound psychological theories and evidence.
- Critically reflect on how the different sub-disciplines in psychology link within the whole person and apply to wider social contexts, including the placement organisation's activities.
- Reflect on their learning in psychology (including practical learning), and its application to professional and ethical practice (including at their volunteer placement).

Assessment Type **1**: Literature review

Indicative Time on Task **2**: 20 hours

Due: **Friday week 5, 11.55pm**

Weighting: **20%**

Students are required to submit a 700 word integrated review that brings together existing knowledge from various disciplines in psychology.

On successful completion you will be able to:

- Critically evaluate a body of literature on a social issue in relation to relevant psychology sub-disciplines.
- Integrate and synthesise knowledge from various psychology sub-disciplines.
- Critically reflect on how the different sub-disciplines in psychology link within the whole person and apply to wider social contexts, including the placement organisation's activities.
- Demonstrate effective oral, written and visual communication skills that are appropriate to the purpose, medium and audience.

PACE Placement

Assessment Type **1**: Work-integrated task

Indicative Time on Task **2**: 32 hours

Due: **Friday Week 13 11.55pm**

Weighting: **0%**

This is a hurdle assessment task (see [assessment policy](#) for more information on hurdle assessment tasks)

Students spend a minimum of 32 hours applying the skills and knowledge from their psychology

degree to a placement. Students are required to keep a logbook, which is signed off by their placement supervisor.

On successful completion you will be able to:

- Identify a social issue and devise practical solutions that are supported by sound psychological theories and evidence.
- Use skills and knowledge acquired over the psychology degree in a real world context and develop new practical skills and knowledge over the course of a volunteer placement.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Learning activities

As a student enrolled in this unit, you will engage in a range of online and/or face-to-face learning activities, including lectures, tutorials, personal reflection, readings, online modules and a placement. Details can be found on the iLearn site for this unit.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

Inclusion and Diversity

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

Professionalism

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
