Unit description

This Professional Experience unit will help prepare students for classroom teaching by developing understanding of literacy and numeracy demands generally and in specific secondary subject area(s). Effective classroom teaching in any subject area is culturally sensitive and inclusive. Students learn more effectively when their teachers know them and how they learn. Learning experiences in the unit will focus on knowledge of the principles and strategies of literacy and numeracy and how these can be implemented in teaching subject areas to support and engage diverse learners. Independent practitioner research will be undertaken during the Professional Experience component of the unit affording the opportunity to evaluate and better understand the impact of cultural and learning backgrounds on student learning.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Understand the significance of the social construction of literacy in syllabus materials and for classroom practice with diverse student populations.
- ULO2:** Analyse the numeracy and literacy demands of subject areas and syllabuses materials and the implications for effective classroom practice.
- ULO3:** Develop knowledge of a range of text types typical of secondary subject areas, their schematic structure and grammatical features and wider understandings of teaching reading and writing in subject areas and more broadly.
- ULO4:** Employ the principles and practices of literacy and numeracy in planning for and teaching in diverse classrooms.
- ULO5:** Evaluate the significance of cultural and linguistic factors for numeracy, mathematics, language development and literacy.
- ULO6:** Undertake independent research to interpret data relating to student backgrounds and learning needs and design research and theory informed culturally inclusive and sustaining experiences and resources.
- ULO7:** Critique prior cultural assumptions and beliefs about teaching literacy and numeracy and demonstrate a reflexive approach to improving knowledge and practice of teaching.
- ULO8:** Explore, implement and evaluate a range of evidence based teaching techniques in the professional experience placement.

ULO9: Critique (or reflect on) one's professional practice and that of their peers.

General Assessment Information

Assessment Presentation and Submission Guidelines

Please follow these guidelines when you submit each assignment:

- Allow a left and right-hand margin of at least 2cm in all assignments.
- Please type all assignments using 12-point font and 1.5 spacing.
- All assessments must be submitted through Turnitin in .doc or .pdf format
- It is the responsibility of the student to ensure that all assessments are successfully submitted through Turnitin.
- Faculty assignment cover sheets are NOT required.

Draft Submissions & Turnitin Originality Reports

- Students may use Turnitin's Originality Report as a learning tool to improve their academic writing if this option is made available in the unit.
- Students are strongly encouraged to upload a draft copy of each assessment to Turnitin at least one week prior to the due date to obtain an Originality Report.
- The Originality Report provides students with a similarity index that may indicate if plagiarism has occurred. Students will be able to make amendments to their drafts prior to their final submission on the due date.
- Generally, one Originality Report is generated every 24 hours up to the due date.

Please note:

- Students should regularly save a copy of all assignments before submission.
- Students are responsible for checking that the correct file has been uploaded, that their submission has been successful, and that it has been submitted by the due date and time.

Assignment extensions and late penalties

- In general, there should be no need for extensions except through illness or

misadventure that would be categorised as serious and unavoidable disruption according to the University definition of same, see: <https://students.mq.edu.au/study/my-study-program/special-consideration>

- Applications for extensions must be made via AskMQ according to the Special Consideration policy. Extensions can only be granted if they meet the Special Considerations policy and are submitted via <https://ask.mq.edu.au/>. This will ensure consistency in the consideration of such requests is maintained.
- Students should keep an electronic file of all assessments. Claims regarding "lost" assessments cannot be made if the file cannot be produced. It is also advisable to keep an electronic file of all drafts and the final submission on a USB untouched/unopened after submission. This can be used to demonstrate easily that the assessment has not been amended after the submission date.
- Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings, etc.). Late submission of time sensitive tasks (such as tests/ exams, performance assessments/presentations, scheduled practical assessments/labs, etc.) will only be addressed by the unit convenor in a Special Consideration application. Special Consideration outcome may result in a new question or topic.

University policy on grading

Criteria for awarding grades for assessment tasks

Assignments will be awarded grades ranging from HD to F according to guidelines set out in the University's Grading Policy. The following descriptive criteria are included for your information.

Descriptive Criteria for awarding grades in the unit

In order to meet the unit outcomes and successfully pass this unit, students must make a genuine attempt at all assessment tasks. Where any submitted assessment task is considered to be unsatisfactory in this regard, the highest possible final grade that can be awarded for the unit will be 45.

Students will be awarded grades ranging from HD to F according to guidelines set out in the policy: <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/assessment-in-effect-from-session-2-2016>

The following generic grade descriptors provide university-wide standards for awarding final grades.

Grade	Descriptor
HD (High Distinction)	Provides consistent evidence of deep and critical understanding in relation to the learning outcomes. There is substantial originality and insight in identifying, generating and communicating competing arguments, perspectives or problem-solving approaches; critical evaluation of problems, their solutions and their implications; creativity in application as appropriate to the discipline.
D (Distinction)	Provides evidence of integration and evaluation of critical ideas, principles and theories, distinctive insight and ability in applying relevant skills and concepts in relation to learning outcomes. There is demonstration of frequent originality in defining and analysing issues or problems and providing solutions; and the use of means of communication appropriate to the discipline and the audience.
Cr (Credit)	Provides evidence of learning that goes beyond replication of content knowledge or skills relevant to the learning outcomes. There is demonstration of substantial understanding of fundamental concepts in the field of study and the ability to apply these concepts in a variety of contexts; convincing argumentation with appropriate coherent justification; communication of ideas fluently and clearly in terms of the conventions of the discipline.
P (Pass).	Provides sufficient evidence of the achievement of learning outcomes. There is demonstration of understanding and application of fundamental concepts of the field of study; routine argumentation with acceptable justification; communication of information and ideas adequately in terms of the conventions of the discipline. The learning attainment is considered satisfactory or adequate or competent or capable in relation to the specified outcomes
F (Fail)	Does not provide evidence of attainment of learning outcomes. ?There is missing or partial or superficial or faulty understanding and application of the fundamental concepts in the field of study; missing, undeveloped, inappropriate or confusing argumentation; incomplete, confusing or lacking communication of ideas in ways that give little attention to the conventions of the discipline.

Note: If you fail a unit with a professional experience component, the fail grade will be on your transcript irrespective of the timing of the placement.

Withdrawing from this unit

If you are considering withdrawing from this unit, please seek academic advice via <https://ask.m>

q.edu.au before doing so as this unit may be a co-requisite or prerequisite for units in the following sessions and may impact on your progression through the degree.

Delivery and Resources

Information about the unit iLearn site

This unit has a full web presence through iLearn.

Students will need regular access to a computer and the Internet to complete this unit.

Weekly access to iLearn is compulsory for all students. Important assessment information will be posted here, as will other relevant unit notices and materials, including a reading template and guide to lecture note taking to assist your studies.

Various activities and materials for discussion and critical reflection are included and external students especially are encouraged to use this web component. Electronic links and suggested references will be included in the Resources section. Please check the iLearn unit regularly.

Weekly lectures are available on the web through the ECHO360 lecture component. You must listen to all lectures if you do not attend these 'live'.

PowerPoint slides are available in iLearn in advance of the weekly lecture and/or are available in the Active Learning Tool.

Access and technical assistance

Information for students about access to the online component of this unit is available at <https://ilearn.mq.edu.au/login/index.php>. You will need to enter your student username and password.

Please do NOT contact the Unit Convenor regarding iLearn technical help.

No extensions will be given for any technical issues. Allow enough time for your submissions.

Assistance is available from IT Helpdesk ph: 1800 67 4357 or log a request at help.mq.edu.au. OneHelp is the online IT support service for both students and staff.

This unit requires students to use several ICT and software skills:

- Internet access: The iLearn site contains materials for this unit; it is also required for the online submission of all Assessment Tasks, and for the use of Turnitin submission for ALL tasks.
- Word processing, visual representations, and document formatting: You are required to use an appropriate form of software to present your assignments.
- Uploading of assessment tasks to iLearn.

Structure

The unit structure can be found in the university timetable <https://timetables.mq.edu.au/>

In the tutorial students will discuss issues and questions arising from the lectures and prescribed readings. They are expected to base their arguments/discussions on evidence from published research and other relevant material. There will be a supporting website for the unit providing additional readings, links and materials. Lectures will also be available through Echo in iLearn from the following website link: <http://ilearn.mq.edu.au>

Students are required to participate in small group activities, whole class discussion, to read the weekly material in advance, and to complete brief tasks either as individuals or in pairs. The weekly program for the course with the accompanying readings/ preparation is available on the unit iLearn site.

Unit Schedule

Please see iLearn for details.

School of Education Procedures

In addition, the following policies and procedures of the School of Education are applicable in this unit.

Fitness to Practice

Academic Senate has approved the development of a Fitness to Practice (FTP) procedure to provide further clarity to students enrolled in practical, clinical and professional programs who have not met the requirements of the General Coursework Rules. It establishes how the University will manage the progression of students enrolled in practical, clinical or professional (PCP) programs or units listed on Schedule 3 of the Academic Progression Policy, with embedded placements and/or registration, accreditation or other mandated requirements.

The Procedure is governed by [General Coursework Rules](#), and the [Academic Progression Policy](#) and is supported by the [Inherent Requirements Framework](#). It provides the process to identify, notify, intervene, support, monitor and exclude when required, those students who are not meeting the FTP requirements of their program.

FTP is the demonstration of professional competence, acceptable professional behaviour, freedom from impairment and compliance with program specific requirements needed for a student to practice properly and safely throughout their practical, clinical or professional program.

Students must ensure they meet Inherent Requirements before enrolling in their program; that they have the physical, cognitive, communication and behavioural capacity to complete the program. Students with a disability or chronic health condition may have reasonable adjustments made. Students must also demonstrate that they are fit to practice and demonstrate the capabilities and professional behaviours required of that profession.

Attendance for Master of Teaching (Primary and Secondary) units

Attendance at all synchronous activities, completion of non-synchronous formative/diagnostic class tasks and involvement in professional forums is compulsory as the Master of Teaching is a professional qualification. All students must meet the 80% attendance requirement.

Activities completed during weekly tutorials or on campus days are essential for building the core

knowledge and/or skills required to demonstrate the learning outcomes of this unit and to meet the AITSL Graduate Teacher Standards. Attendance at all tutorials or on campus days is expected and the roll will be taken.

Students are required to attend the tutorial in which they are enrolled. Any changes to tutorial enrolments must be completed officially through e-student. Please do not contact the unit convenor requesting a change.

Unit Expectations

- Students are expected to read weekly readings before completing tasks and attending tutorials
- Students are expected to listen/attend weekly lectures before completing tasks and attending tutorials

Note: It is not the responsibility of unit staff to contact students who have failed to submit assignments. If you have any missing items of assessment, it is your responsibility to make contact with the unit convenor.

Electronic Communication

It is the student's responsibility to check all electronic communication on a regular weekly basis. Communication may occur via:

- Official MQ Student Email Address
- The Dialogue function on iLearn
- Other iLearn communication functions

External Students

- Information about the dates if the on-campus sessions can be found in the university timetable. <https://timetables.mq.edu.au/>
- The on-campus sessions are essential to student engagement and learning and attendance on all days is expected. Failure to attend or to have an approved Special Consideration may result in a Fail grade for the unit. Please see attendance requirements in this unit guide.
- Prior to the on-campus sessions, you should have read the prescribed readings and

listened to the lectures. Summarise the main points and make a note of the key terms and definitions. Prepare any discussion questions of your own that you wish to share.

- Please make effective use of the online component of the unit and access iLearn regularly. Keep up to date with listening to the lectures on a weekly basis.

LANTITE

FOR POSTGRAD EDST8xxx PE UNITS

Students in the MTeach(Prim/Sec) must have met the standard for both the Literacy and Numeracy test prior to commencing the professional experience placement unit EDST8240 - Professional Practice 3 and Educational Research. Enrolling in EDST8240 while waiting for your results will not be accepted.

Passing a Professional Experience Unit

In order to pass a Professional Experience unit, students must achieve a satisfactory result for their professional experience placement AND achieve a satisfactory result overall for their academic assessment tasks (where applicable) in the unit.

Professional Experience Unit Placement Expectations

- Students must be able to present evidence of completion of the following prior to session census date (or as otherwise advised) in order to receive a placement for Professional Experience:
- A Working with Children Check or State/ Territory equivalent. For school placements this must be verified by DoE before your first placement. Complete and email: The [practicum students declaration](#) and a copy of relevant ID documents to the department's [probity unit](#) at least two weeks prior to the start date of your first professional experience placement. You will also need to present photo ID on your first day of professional experience.
- Anaphylaxis training (practical and online training) (school placements only). Please note that Anaphylaxis training is only current for 2 years so students will need to update this, most probably at the start of their final year
- Read and acknowledge agreement to abide by the [DoE Code of Conduct](#) (school placements only)
- Child Protection Awareness Training (CPAT) [\(school placements only\)](#) (once only)
- Mandatory Child Protection Training (school placements only) (annually)

- Evidence of COVID-19 vaccination - see SONIA for where you must submit your immunization evidence.

For more details re school placement requirements see: <https://education.nsw.gov.au/teaching-and-learning/professional-learning/pre-service-teacher-resources/induction-for-pre-service-teachers/mandatory-pre-requisites-for-pre-service-teachers-participating->

This includes completing the pre-service teacher acknowledgement: https://education.nsw.gov.au/content/dam/main-education/teaching-and-learning/professional-learning/pre-service-teacher-resources/Document2_Pre-service_teacher_Acknowledgement_October_2020.pdf

Students are responsible for ensuring that their evidence is current. Please be aware that you may need to update your training or credential during your program of study.

- A Working with Children Check or State/Territory equivalent is required by the end of Week 2 to be eligible for a placement. Students may need to withdraw from this unit if this has not been obtained in time.
- Students who are completing a unit offered by another department are expected to inform and negotiate with that unit convenor about their professional experience block dates and to discuss how that unit's requirements can be met. For some situations, it may mean that you are enrolled externally for that unit so that your attendance for tutorials for that unit is not impacted.
- Feedback from Tertiary Supervisors and/or Supervising Teachers is of a general nature. It is incumbent on the student to check the requirements of any assessments or bookwork prior to submission.
- If a Student is identified being in need of additional support for Professional Practice and/or Bookwork, the [Department's 'Additional Support' procedure](#) will be activated and they will not be able to withdraw themselves from this Unit.
- The timing of placements can vary. For placements early in the Session, Fail grades may be approved by the University prior to the end of Session for students who do not meet the placement expectations of the Unit.

Fitness to practice requirements

- Macquarie University operates under a 'Fitness to Practice' model as specified in the

University's Academic Progression Policy. For this Unit, this means that, when undertaking a placement, a student is declaring that they are able to demonstrate professional competence, acceptable professional behaviour, freedom from impairment, and compliance with program specific requirements needed for a student to practice properly and safely throughout their Practical, Clinical or Professional program or unit. It is the responsibility of the student to determine whether they are fit to undertake a placement. Therefore, if a student is feeling unfit to undertake a placement, they should not do so. For more information <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/academic-progression>

The relevant [General Coursework Rules](#) (#17-19) are as follows:

(17) The following requirements apply where a student is enrolled in a practical, clinical or professional course with fitness to practice requirements:

1. the University and the provider of the clinical or professional experience opportunity may appoint a suitably qualified supervisor who is external to the University to supervise a student's practical professional experience;
1. if a student fails one practical, clinical or professional activity they may be permanently excluded from that course; or
1. if a student fails an essential unit twice or fails the equivalent of 20 credit points they may be permanently excluded from further enrolment in that course.

(18) Any determinations made under Rule 17 (a-c) will be made in accordance with the University's policies and procedures on placement and fitness to practice, in force from time to time.

(19) Notwithstanding the above, a student may be suspended from participation in a practical, clinical or professional activity, for any reason, until such time as any investigation or a process set out in a University policy or procedure, including an appeal process, is completed.

- Students completing a double degree will be able to continue with their other degree program provided they meet the academic progression requirements of the Academic Progression Policy.
- Students completing a single Education degree (such as the BEd) are advised to seek academic advice.

On-campus sessions (if applicable)

The dates for the on-campus sessions can be found in the university timetable <https://timetables.mq.edu.au/>

Further specific details and any updates about times and locations will be posted on iLearn as an Announcement during first half of the semester.

Professional Experience Unit Placement Expectations

To be eligible to commence the block placement component of this unit, students

- Must have submitted all written assessment tasks and/or associated unit component requirements prior to the commencement of the block
- Must meet the participation requirements for the unit

(Unit Convenor to define participation requirements)

- Students may not be able to commence their placement until all alleged academic honesty breaches have been investigated and concluded.

In order to meet the Professional Experience placement expectations of this unit, students must:

- attain a 'Satisfactory' grade for their Professional Experience Practical Work in their Evaluation Report, AND
- attain a 'Satisfactory' grade for their Professional Experience Folder in their Evaluation Report

5Rs Framework

Resilience: You will reflect on how you take on feedback in your professional experience placement.

Responsiveness: You will analyse the literacy and numeracy needs of a case study student.
