General Information

Unit convenor and teaching staff Milton Baar milton.baar@mq.edu.au
Credit points 10
Prerequisites (130cp at 1000 level or above and (COMP1300 or COMP107) and (COMP1350 or ISYS114) and (COMP343 or COMP2300))
Corequisites
Co-badged status COMP6325
Unit description This unit provides a practical introduction to cyber security management. It tackles GRC (Governance, Risk Management, Compliance) and incident response. As such, it covers a range of topics including legal and ethical issues, human factor and security culture, legacy systems, security supply chain, regulatory frameworks and policy development, incident triage and business recovery. Effective communication to non-technical audiences plays also a key role in this unit.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Use international frameworks and Standards to develop cyber security policies, standards and procedures as part of an information security management system, including legal and regulatory compliance.

ULO2: Use qualitative and quantitative risk assessment techniques to both manage cyber security risk by selecting controls and to communicate risk management strategies to business stakeholders.

ULO3: Manage operational security by developing plans to support business continuity and cyber incident response, including digital forensics and evidence management.

General Assessment Information

General Faculty Policy on assessment submission deadlines and late submissions:

Online quizzes, in-class activities, or scheduled tests and exam must be undertaken at the time indicated in the unit guide. Should these activities be missed due to illness or misadventure, students may apply for Special Consideration.

All other assessments must be submitted by 2355 on their due date.

Should these assessments be missed due to illness or misadventure, students should apply for Special Consideration.

Late Assessment Submission Penalty

From 1 July 2022, Students enrolled in Session based units with written assessments will have the following late penalty applied. Please see <https://students.mq.edu.au/study/assessment-exams/assessments> for more information. Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11:55 pm. A 1-hour grace period is provided to students who experience a technical concern. For any late submission of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

Assessments where Late Submissions will be accepted

In this unit, late submissions will be accepted as follows:

1. Assignments 1 & 2 – YES, Standard Late Penalty applies
2. Weekly Quizzes - NO, unless Special Consideration is granted
3. Weekly Participation - NO, unless Special Consideration is granted
4. Module Exams - NO, unless Special Consideration is granted

Module Examinations

Module Examinations will be scheduled during tutorial timeslots in weeks 5, 9 and 13, and will generally replace that week's tutorial. Your attention is drawn to the university's 'Fit to Sit' policy, which states that by commencing an examination you are certifying yourself as fit to sit that examination. In particular, if you commence a Module Examination late, with insufficient time to finish it, you will *not* be offered a Supplementary Examination. It is the responsibility of students to make sure that they are aware of the time at which the Module Exam will commence.

Supplementary Examinations

Applications for Supplementary Examinations under the Disruption to Studies Policy must be

made via AskMQ. If this is approved, the Unit Convenor will *attempt* to schedule an examination at a time convenient to the student and will notify the student of the date and time of the examination in a timely fashion.

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Weekly participation</u>	15%	No	Weekly during workshops
<u>Weekly Quiz</u>	10%	No	Weekly
<u>Module Exam #1</u>	15%	No	Week 5
<u>Assignment 1</u>	15%	No	Week 7
<u>Module Exam #2</u>	15%	No	Week 9
<u>Module Exam #3</u>	15%	No	Week 13
<u>Assignment 2</u>	15%	No	Week 13

Weekly participation

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 10 hours

Due: **Weekly during workshops**

Weighting: **15%**

Participation in weekly discussion relating contemporary topics - privacy legislation, security breaches, regulatory changes, etc. - to the methodologies introduced in the lectures and workshops. Discussion will take place in the classroom.

On successful completion you will be able to:

- Use international frameworks and Standards to develop cyber security policies, standards and procedures as part of an information security management system, including legal and regulatory compliance.
- Use qualitative and quantitative risk assessment techniques to both manage cyber security risk by selecting controls and to communicate risk management strategies to business stakeholders.
- Manage operational security by developing plans to support business continuity and cyber incident response, including digital forensics and evidence management.

Weekly Quiz

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 5 hours

Due: **Weekly**

Weighting: **10%**

Each week material will be followed by a short quiz to test student understanding. The final mark will be calculated from the best 10 of 12 scores achieved by the student.

On successful completion you will be able to:

- Use international frameworks and Standards to develop cyber security policies, standards and procedures as part of an information security management system, including legal and regulatory compliance.
- Use qualitative and quantitative risk assessment techniques to both manage cyber security risk by selecting controls and to communicate risk management strategies to business stakeholders.
- Manage operational security by developing plans to support business continuity and cyber incident response, including digital forensics and evidence management.

Module Exam #1

Assessment Type ¹: Examination

Indicative Time on Task ²: 7 hours

Due: **Week 5**

Weighting: **15%**

A 50 minutes long written examination that will test your understanding of material covered in weeks 1 to 4.

On successful completion you will be able to:

- Use international frameworks and Standards to develop cyber security policies, standards and procedures as part of an information security management system, including legal and regulatory compliance.

Assignment 1

Assessment Type ¹: Project

Indicative Time on Task ²: 7 hours

Due: **Week 7**

Weighting: **15%**

In this assignment, the student will be required to write an Enterprise Security Policy, based upon the frameworks and Standards examined in Module 1.

On successful completion you will be able to:

- Use international frameworks and Standards to develop cyber security policies, standards and procedures as part of an information security management system, including legal and regulatory compliance.

Module Exam #2

Assessment Type ¹: Examination

Indicative Time on Task ²: 7 hours

Due: **Week 9**

Weighting: **15%**

A 50 minutes long written examination that will test your understanding of material covered in weeks 5 to 8.

On successful completion you will be able to:

- Use qualitative and quantitative risk assessment techniques to both manage cyber security risk by selecting controls and to communicate risk management strategies to business stakeholders.

Module Exam #3

Assessment Type ¹: Examination

Indicative Time on Task ²: 6 hours

Due: **Week 13**

Weighting: **15%**

A 50 minutes long written examination that will test your understanding of material covered in weeks 9 to 12.

On successful completion you will be able to:

- Manage operational security by developing plans to support business continuity and cyber incident response, including digital forensics and evidence management.

Assignment 2

Assessment Type ¹: Project

Indicative Time on Task ²: 8 hours

Due: **Week 13**

Weighting: **15%**

Students are required to present the results of a risk assessment, along with suggested mitigation strategies, in order for a business stakeholder (typically a risk or asset owner) to decide upon the appropriate strategy.

On successful completion you will be able to:

- Use qualitative and quantitative risk assessment techniques to both manage cyber security risk by selecting controls and to communicate risk management strategies to business stakeholders.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Delivery is face-to-face and all student resources are included in iLearn. Physical attendance is expected at all lectures and practicals.

Reading the lectures and background material should be done before attending the lecture.

Completing the workshop tasks should be undertaken before attending the tutorials/practicals

Unit Schedule

Unit Schedule

The unit comprises three major modules, each separately examinable.

Module 1: Governance and Compliance

- Introduction and Overview
- Business and security operations
- Governance, legal and regulatory, frameworks, standards and compliance
- Security architecture, authentication and access control models
- The Human Factor: Policies, culture and communication

Module 2 - Information Risk Management

- Introduction to Information Risk Management
- Threat Intelligence, Qualitative Risk Management
- Estimation, Calibration and Quantitative Risk Management
- Advanced Risk Management

Module 3 - Security Operations

- Business Continuity and Disaster Recovery Planning
- The Incident Response Cycle
- Incident Analysis, logs and SIEM, Security Orchestration and Response
- Digital Forensics and Evidence Management, Crisis Management and Crisis Communications

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Assessment Procedure](#)
- [Complaints Resolution Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies \(https://students.mq.edu.au/support/study/policies\)](https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central \(https://policies.mq.edu.au\)](https://policies.mq.edu.au) and use the [search tool](#).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe [academic integrity](#) – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing an](#)

[d maths support](#), [academic skills development](#) and [wellbeing consultations](#).

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

The Writing Centre

[The Writing Centre](#) provides resources to develop your English language proficiency, academic writing, and communication skills.

- [Workshops](#)
- [Chat with a WriteWISE peer writing leader](#)
- [Access StudyWISE](#)
- [Upload an assignment to Studiosity](#)
- [Complete the Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

Student Services and Support

Macquarie University offers a range of [Student Support Services](#) including:

- [IT Support](#)
- [Accessibility and disability support](#) with study
- Mental health [support](#)
- [Safety support](#) to respond to bullying, harassment, sexual harassment and sexual assault
- [Social support including information about finances, tenancy and legal issues](#)

Student Enquiries

Got a question? Ask us via [AskMQ](#), or contact [Service Connect](#).

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

Changes from Previous Offering

Weekly participation marks are primarily based on posting to and discussion on iLearn
