Credit points
10

Prerequisites
(PHTY808 or PHTY8200) and (PHTY809 or PHTY8201) and (PHTY810 or PHTY8202) and
(PHTY811 or PHTY8203)

Corequisites

Co-badged status

Unit description
This unit will focus on the delivery of physiotherapy services in the areas of occupational
health, sport and recreation, within the context of the governance frameworks of these
settings. You will become adept at identifying risk factors for injury, managing recovery and
optimising performance in a workplace and sports setting. You will also engage in discussion
of contemporary topical issues and the impact of these to physiotherapists working in these
areas. An integrated clinical component is incorporated within the unit allowing you an
opportunity to apply your knowledge and skills to real world scenarios.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are
available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Demonstrate sound knowledge of the Work, Health and Safety (WHS) regulatory
framework, medico-legal issues, and the role of consultant physiotherapists in
occupational health and return to work. (Professional)

ULO2: Plan, conduct and analyse assessments of people participating in sporting or
workplace activities using evidence-led screening tools and movement analysis
technology. (Clinical Practitioner)

**ULO3:** Plan and conduct risk assessments of environments where sporting or work activities occur in order to prioritise risk avoidance, minimisation, or acceptance strategies. (Clinical Practitioner)

**ULO4:** Build and implement surveillance tools to identify internal and external risk factors for injury in sporting and workplace contexts. (Scientist & Scholar)

**ULO5:** Plan and implement a patient-centred management strategy, including on-field emergency management, that addresses the individual's goals and requirements of the sporting or workplace tasks, and supports the individual to recover at work or return to sport. (Clinical Practitioner)

**ULO6:** Discuss the implications of improving or enhancing sporting or workplace performance through physical training, dietary supplementation and external aids. (Scientist & Scholar)

**ULO7:** Discuss topical issues affecting workplace or sporting cultural diversity, performance and safety, including their implications for physiotherapy practice (Engaged Global Citizen)

---

**General Assessment Information**

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor. Students will be awarded a final grade, which corresponds to the grade descriptors specified in the Assessment Procedure (clause 128). The final grade awarded is not necessarily a summation of the individual assessment components.

To pass this unit, students must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements including professionalism, and achieve a final mark of 50 or better.

**Extensions for Assessment Tasks**

Applications for assessment task extensions may be considered for short-term, unexpected, serious, and unavoidable circumstances affecting assessment. Applications must be submitted via www.ask.mq.edu.au. For further details please refer to the Special Considerations Policy. You can also find out more on the MQ Student Portal at the following link: https://students.mq.edu.au/study/assessment-exams/special-consideration

Should you encounter any personal issues or concerns in regard to health and wellbeing during your studies you can also gain personal support and advice on campus. Please see the following link for further information: https://students.mq.edu.au/support/personal

**Late Submission of Work**

All assignments which are officially received after the due date, and where no extension has
been granted by the Unit Convenor, will incur a deduction of 5% of the overall assessment weighting for the first day, and 5% for each subsequent day, including the actual day on which the work is received. Assessments received 5 days or more beyond the due date, without an approved extension, will be awarded a maximum of 50% of the overall assessment marks. Weekends and public holidays are included. For example:

<table>

<td>Friday, 14th</td>
<td>Monday 17th</td>
<td>3</td>
<td>15%</td>
<td>75</td>
<td>60</td>
</tr>
</tbody>
</table>

**Late Completion of Clinical Placement**

PHTY8205 includes 70 hours of clinical placement involving 35 hours of sports placement and 35 hours of workplace placement. At times, sports placements are effected by unexpected events including inclement weather or postponements of games/trainings. Similarly, workplace placement may be effected by public health orders. If a situation arises where you are unable to complete all placement hours by the end of session 1, you will be awarded a K grade for this unit until your placement can be completed and your grade is finalised.

</tr>
</tbody>
</table>

**Webinar series**

Assessment Type ¹: Media presentation
Indicative Time on Task ²: 30 hours
Due: **Week 10**
Weighting: **40%**

In small groups you will submit a series of webinars based off a provided case scenario from a workplace or sporting context. Each webinar will present a different subtopic relating to the case scenario, such as assessment, early management or secondary prevention. Each group member will be responsible for their own subtopic and webinar. Each webinar will be marked individually.
The group will be responsible for developing the case study and working together to ensure all subtopics fit together for an overall group mark.

On successful completion you will be able to:

- Demonstrate sound knowledge of the Work, Health and Safety (WHS) regulatory framework, medico-legal issues, and the role of consultant physiotherapists in occupational health and return to work. (Professional)
- Plan, conduct and analyse assessments of people participating in sporting or workplace activities using evidence-led screening tools and movement analysis technology. (Clinical Practitioner)
- Plan and conduct risk assessments of environments where sporting or work activities occur in order to prioritise risk avoidance, minimisation, or acceptance strategies. (Clinical Practitioner)
- Build and implement surveillance tools to identify internal and external risk factors for injury in sporting and workplace contexts. (Scientist & Scholar)
- Plan and implement a patient-centred management strategy, including on-field emergency management, that addresses the individual's goals and requirements of the sporting or workplace tasks, and supports the individual to recover at work or return to sport. (Clinical Practitioner)
- Discuss the implications of improving or enhancing sporting or workplace performance through physical training, dietary supplementation and external aids. (Scientist & Scholar)
- Discuss topical issues affecting workplace or sporting cultural diversity, performance and safety, including their implications for physiotherapy practice (Engaged Global Citizen)

Workplace based clinical performance

Assessment Type 1: Clinical performance evaluation
Indicative Time on Task 2: 2 hours
Due: End of placement
Weighting: 30%

Your performance on WHS placements will be assessed via the Integrated Clinical Placement Assessment (ICPA).
On successful completion you will be able to:

- Demonstrate sound knowledge of the Work, Health and Safety (WHS) regulatory framework, medico-legal issues, and the role of consultant physiotherapists in occupational health and return to work. (Professional)
- Plan, conduct and analyse assessments of people participating in sporting or workplace activities using evidence-led screening tools and movement analysis technology. (Clinical Practitioner)
- Plan and conduct risk assessments of environments where sporting or work activities occur in order to prioritise risk avoidance, minimisation, or acceptance strategies. (Clinical Practitioner)
- Build and implement surveillance tools to identify internal and external risk factors for injury in sporting and workplace contexts. (Scientist & Scholar)
- Plan and implement a patient-centred management strategy, including on-field emergency management, that addresses the individual's goals and requirements of the sporting or workplace tasks, and supports the individual to recover at work or return to sport. (Clinical Practitioner)
- Discuss the implications of improving or enhancing sporting or workplace performance through physical training, dietary supplementation and external aids. (Scientist & Scholar)
- Discuss topical issues affecting workplace or sporting cultural diversity, performance and safety, including their implications for physiotherapy practice (Engaged Global Citizen)

Sports-based clinical performance

Assessment Type 1: Clinical performance evaluation
Indicative Time on Task 2: 2 hours
Due: End of placement
Weighting: 30%

Your performance on sports placements will be assessed via the Integrated Clinical Placement Assessment (ICPA).

On successful completion you will be able to:

- Plan, conduct and analyse assessments of people participating in sporting or workplace activities using evidence-led screening tools and movement analysis technology. (Clinical Practitioner)
Plan and conduct risk assessments of environments where sporting or work activities occur in order to prioritise risk avoidance, minimisation, or acceptance strategies. (Clinical Practitioner)

Build and implement surveillance tools to identify internal and external risk factors for injury in sporting and workplace contexts. (Scientist & Scholar)

Plan and implement a patient-centred management strategy, including on-field emergency management, that addresses the individual's goals and requirements of the sporting or workplace tasks, and supports the individual to recover at work or return to sport. (Clinical Practitioner)

Discuss the implications of improving or enhancing sporting or workplace performance through physical training, dietary supplementation and external aids. (Scientist & Scholar)

Discuss topical issues affecting workplace or sporting cultural diversity, performance and safety, including their implications for physiotherapy practice (Engaged Global Citizen)

Placement log book

Assessment Type: Log book
Indicative Time on Task: 2 hours
Due: End of placement
Weighting: 0%

This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)

You will submit a logbook of briefly describing your experiences and hours accrued during clinical placements.

On successful completion you will be able to:

- Plan, conduct and analyse assessments of people participating in sporting or workplace activities using evidence-led screening tools and movement analysis technology. (Clinical Practitioner)
- Plan and conduct risk assessments of environments where sporting or work activities occur in order to prioritise risk avoidance, minimisation, or acceptance strategies. (Clinical Practitioner)
- Plan and implement a patient-centred management strategy, including on-field emergency management, that addresses the individual's goals and requirements of the sporting or workplace tasks, and supports the individual to recover at work or return to

https://unitguides.mq.edu.au/unit_offerings/149990/unit_guide/print
• Discuss topical issues affecting workplace or sporting cultural diversity, performance and safety, including their implications for physiotherapy practice (Engaged Global Citizen)
You may make a request to your unit convenor to attend a different workshop on a one-off basis for extenuating circumstances.

Failure to attend any learning and teaching activities may impact your final results. It is your responsibility to contact the unit convenors by email to inform tutors if you are going to be absent.

Unit materials and readings

It is recommended that you obtain the following textbook for this unit. Electronic and physical copies of this textbook and older editions are available via the MQ library.

Additional resources enhancing the content of this unit will be referred to throughout the unit and will come from a range of sources, journal articles, and multimedia sources. The following texts will also be useful references for this unit are:

Technology and equipment

On-campus

Teaching rooms are equipped with state of art audio-visual and ICT equipment including iPads, internet connection, high quality video cameras and multiple LCD screens.

Off-campus

To study optimally when off campus you will need to have access to a reliable internet connection to retrieve unit information & at times to complete assessment tasks via iLearn.

Consultation with staff

All staff will be available for individual consultation. See iLearn for contact details.

Unit Schedule

Detailed information pertaining to the unit schedule can be found on iLearn.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
• Academic Integrity Policy
• Academic Progression Policy
• Assessment Policy
• Fitness to Practice Procedure
• Assessment Procedure
• Complaints Resolution Procedure for Students and Members of the Public
• Special Consideration Policy

Students seeking more policy resources can visit Student Policies (https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit Policy Central (https://policies.mq.edu.au) and use the search tool.

**Student Code of Conduct**

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

**Results**

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

**Academic Integrity**

At Macquarie, we believe **academic integrity** – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing and maths support](https://students.mq.edu.au/support/), academic skills development and wellbeing consultations.

**Student Support**

Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

**The Writing Centre**

The Writing Centre provides resources to develop your English language proficiency, academic writing, and communication skills.

• Workshops
• Chat with a WriteWISE peer writing leader
• Access StudyWISE

https://unitguides.mq.edu.au/unit_offerings/149990/unit_guide/print
• Upload an assignment to Studiosity
• Complete the Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

• Subject and Research Guides
• Ask a Librarian

Student Services and Support

Macquarie University offers a range of Student Support Services including:

• IT Support
• Accessibility and disability support with study
• Mental health support
• Safety support to respond to bullying, harassment, sexual harassment and sexual assault
• Social support including information about finances, tenancy and legal issues

Student Enquiries

Got a question? Ask us via AskMQ, or contact Service Connect.

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University’s IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.

Changes from Previous Offering

The timetabling of the unit has changed from previous offerings. While no change has been made to the total number of contact hours, students will now undertake 6 weeks of 2-hour practical sessions rather than 4-weeks of 3 hour sessions.
