Credit points
10

Prerequisites
(PHTY808 or PHTY8200) and (PHTY809 or PHTY8201) and (PHTY810 or PHTY8202) and (PHTY811 or PHTY8203)

Corequisites

Co-badged status

Unit description
The unit will focus on addressing patient-centred care in the context of complex health systems whilst considering the translation of evidence into clinical practice. You will explore the interaction of systems, people and services in the development and delivery of high quality and safe healthcare, and develop knowledge of the governance of healthcare and the skills to evaluate and enhance healthcare. This will extend your research skills to identify issues relevant to, and pose potential solutions for, contemporary physiotherapy practice. An integrated clinical component is incorporated within the unit allowing you an opportunity to apply your knowledge and skills to real world scenarios.
Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Analyse the quality of healthcare services, including consideration of accessibility, appropriateness, timeliness, efficiency, effectiveness, and safety. (Engaged Global Citizen)

ULO2: Apply a systems thinking approach and appropriate methodology to analyse, evaluate and generate potential innovative solutions to complex health care problems across diverse settings. (Engaged Global Citizen)

ULO3: Describe the role of governance within a complex system, and the role of policy and procedure in assuring and enhancing healthcare quality across diverse settings. (Engaged Global Citizen)

ULO4: Communicate effectively with others to optimise the quality of services aimed at enhancing health and wellbeing across contemporary physiotherapy settings, such as those associated with work and recreation. (Professional)

General Assessment Information
All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor. Students will be awarded a final grade, which corresponds to the grade descriptors specified in the Assessment Procedure (clause 128). The final grade awarded is not necessarily a summation of the individual assessment components.

To pass this unit, students must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements including professionalism, and achieve a final mark of 50 or better.

Grading of Assessments
You will receive a grade for each assessment within this unit. The grades awarded will reflect a holistic evaluation of the work against the criteria outlined within the corresponding assessment rubric. Numerical marks will be calculated for each assessment based on the following percentages, and rounded to the nearest full mark:

- High distinction (HD) – 95%
- Distinction (D) – 80%
Unit guide PHTY8207 Healthcare Complexity and Physiotherapy

- Credit (C) – 70%
- Pass (P) – 60%
- Pass threshold (P-) - 50%
- Fail (F) – 40%

Extensions for Assessment Tasks

Late Submission of Work

All assignments which are officially received after the due date, and where no extension has been granted by the Unit Convenor, may incur a deduction of 10% of the overall assessment weighting for the first day, and 10% for each subsequent day, including the actual day on which the work is received. Assessments received 5 days or more beyond the due date, without an approved extension, will be awarded a maximum of 50% of the overall assessment marks. Weekends and public holidays are included. For example:

Quality Evaluation Report

Assessment Type: Report
Indicative Time on Task: 20 hours
Due: 9am Monday April 4th
Weighting: 30%
You will be required to analyse a clinical scenario related to physiotherapy practice against relevant domain/s of healthcare quality, presenting and justifying your conclusions. The report will include an annotated bibliography.

On successful completion you will be able to:

- Analyse the quality of healthcare services, including consideration of accessibility, appropriateness, timeliness, efficiency, effectiveness, and safety. (Engaged Global Citizen)
- Apply a systems thinking approach and appropriate methodology to analyse, evaluate and generate potential innovative solutions to complex health care problems across diverse settings. (Engaged Global Citizen)

Quality Improvement Plan

Assessment Type: Practice-based task
Indicative Time on Task: 30 hours
Due: 9am Monday May 30th
Weighting: 50%

You will present a detailed written plan for a quality improvement project associated with your experiences on your workplace or sports placement.

On successful completion you will be able to:

- Analyse the quality of healthcare services, including consideration of accessibility, appropriateness, timeliness, efficiency, effectiveness, and safety. (Engaged Global Citizen)
- Apply a systems thinking approach and appropriate methodology to analyse, evaluate and generate potential innovative solutions to complex health care problems across diverse settings. (Engaged Global Citizen)
- Describe the role of governance within a complex system, and the role of policy and procedure in assuring and enhancing healthcare quality across diverse settings. (Engaged Global Citizen)
- Communicate effectively with others to optimise the quality of services aimed at enhancing health and wellbeing across contemporary physiotherapy settings, such as those associated with work and recreation. (Professional)
Oral presentation

Assessment Type: Presentation
Indicative Time on Task: 10 hours
Due: 9am Tuesday 21st June
Weighting: 20%

You will provide a brief oral presentation of a quality improvement project plan associated with your experiences on your workplace or sports placement.

On successful completion you will be able to:

- Analyse the quality of healthcare services, including consideration of accessibility, appropriateness, timeliness, efficiency, effectiveness, and safety. (Engaged Global Citizen)
- Apply a systems thinking approach and appropriate methodology to analyse, evaluate and generate potential innovative solutions to complex health care problems across diverse settings. (Engaged Global Citizen)
- Describe the role of governance within a complex system, and the role of policy and procedure in assuring and enhancing healthcare quality across diverse settings. (Engaged Global Citizen)
- Communicate effectively with others to optimise the quality of services aimed at enhancing health and wellbeing across contemporary physiotherapy settings, such as those associated with work and recreation. (Professional)

Placement log book

Assessment Type: Log book
Indicative Time on Task: 2 hours
Due: 9am Wednesday June 1st
Weighting: 0%

This is a hurdle assessment task (see assessment policy for more information on hurdle assessment tasks)

You will submit a logbook briefly describing your experiences and hours accrued during placements.
On successful completion you will be able to:

- Analyse the quality of healthcare services, including consideration of accessibility, appropriateness, timeliness, efficiency, effectiveness, and safety. (Engaged Global Citizen)
- Apply a systems thinking approach and appropriate methodology to analyse, evaluate and generate potential innovative solutions to complex health care problems across diverse settings. (Engaged Global Citizen)
- Describe the role of governance within a complex system, and the role of policy and procedure in assuring and enhancing healthcare quality across diverse settings. (Engaged Global Citizen)
- Communicate effectively with others to optimise the quality of services aimed at enhancing health and wellbeing across contemporary physiotherapy settings, such as those associated with work and recreation. (Professional)

1 If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

**Delivery and Resources**

**Assumed knowledge**

This unit builds and integrates material from previous semesters, particularly clinical placements and evidence-based healthcare.

**Learning and teaching strategy**

This unit encompasses an active learning approach where you will be expected to purposefully engage in enhancing your own learning experience. Online modules will provide content and also incorporate interactive activities such as quizzes and forums. Online module content will be further built upon in tutorials. The teaching approach will be based on you developing a deep understanding of the principles and the ability to independently think critically and solve problems, with additional support through academic mentorship. The face-to-face teaching time within this unit is less than within previous units, with an expectation that you will engage more independently in your learning as well as integrating learning from the clinical experiences undertaken as part of this unit.
Unit organisation

This is a ten credit point unit run over the session. Within this session there will be approximately 14 hours of online content for you to work through independently, including preparatory activities for your tutorials. There is a 2 hr tutorial in Week 3 and Week 8, and 2 hours of academic mentorship available to support understanding of content and application to assessments. Furthermore, there are 70 hours of integrated clinical experiences in sports and workplace settings, with these experiences being imperative to the understanding of systems complexity. Further information is available in iLearn.

Attendance

In the Faculty of Medicine, Health & Human Sciences professionalism is a key capability embedded in all our programs. As part of developing professionalism, Faculty of Medicine, Health & Human Sciences students are expected to attend all small group interactive sessions including tutorials, clinical and laboratory practical sessions.

All tutorials are scheduled in your individual timetable. The timetable for classes can be found on the University web site at: http://www.timetables.mq.edu.au/. You may make a request to your tutor to attend a different tutorial on a one-off basis for extenuating circumstances. You will also be able to select an appropriate time for your academic mentorship sessions from multiple times available in Week 9 and Week 12.

Failure to attend any learning and teaching activities, including tutorials and academic mentorship sessions, may impact your final results. It is your responsibility to contact the unit convenors by email to inform tutors if you are going to be absent.

Unit materials and readings

There is no compulsory textbook for this unit. Resources enhancing the content of this unit will be referred to throughout the unit and will come from a range of sources, including government reports, journal articles, and multimedia sources. Specific information will be provided on the unit iLearn site.

Technology and equipment

On-campus

Teaching rooms are equipped with state of art audio-visual and ICT equipment including iPads, internet connection, high quality video cameras and multiple LCD screens.

Off-campus

To study optimally when off campus you will need to have access to a reliable internet connection to retrieve unit information & at times to submit assessment tasks via iLearn.
Consultation with staff

All staff will be available for individual consultation. See iLearn for contact details.

Policies and Procedures

Macquarie University policies and procedures are accessible from Policy Central (https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Assessment Procedure
- Complaints Resolution Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit Student Policies (https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit Policy Central (https://policies.mq.edu.au) and use the search tool.

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: https://students.mq.edu.au/admin/other-resources/student-conduct

Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe academic integrity – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free online writing and maths support, academic skills development and wellbeing consultations.
Student Support

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/

The Writing Centre

The Writing Centre provides resources to develop your English language proficiency, academic writing, and communication skills.

- Workshops
- Chat with a WriteWISE peer writing leader
- Access StudyWISE
- Upload an assignment to Studiosity
- Complete the Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

- Subject and Research Guides
- Ask a Librarian

Student Services and Support

Macquarie University offers a range of Student Support Services including:

- IT Support
- Accessibility and disability support with study
- Mental health support
- Safety support to respond to bullying, harassment, sexual harassment and sexual assault
- Social support including information about finances, tenancy and legal issues

Student Enquiries

Got a question? Ask us via AskMQ, or contact Service Connect.

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.

Changes from Previous Offering

The length of assessment task 1 (quality evaluation report) has been reduced in response to

https://unitguides.mq.edu.au/unit_offerings/149992/unit_guide/print
both staff and student feedback.
