Unit description

This unit focuses on the role of accounting in governance and accountability. The link between accounting and governance is discussed through the concepts of measurement, valuation, conceptual framework, reporting and communication of financial and non-financial information. The unit also acquaints students with how to apply computerised accounting software to record financial transactions and adjust accounting entries, and to prepare bank reconciliation and financial statements. On the completion of this unit, students are expected to understand the role of accounting in discharging accountability, provide accounting treatment for assets, liabilities and equity, analyse and interpret financial statements, and understand the regulatory accounting environment. Critical, analytical and integrative thinking, problem solving, communication and teamwork skills are developed through treatments of accounting transactions and events, and the completion of a business report and group project.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Delivery and Resources

Prescribed text:

Carlton, S., McAlpine-Mladenovic, R., Palm, C., Mitrione, L., Kirk, N. and Wong, L.(2022)

'Accounting: Reporting, Analysis and Decision Making (7th edition)', Wiley, QLD, Australia.

- Access to the textbook is essential for lecture references and for tutorial questions. All chapter references in the unit schedule refer to the prescribed textbook unless otherwise indicated.
- The recommended textbook is an E-TEXT with interactive features. The E-TEXT can be purchased online at <https://www.wileydirect.com.au/buy/accounting-reporting-analysis-and-decision-making/> or via booktopia at the beginning of the session.
- As an alternative to the recommended E-TEXT, the hard copy of the textbook can be purchased from both sources. Limited copies of the textbook are available at the University library.

Recommended additional materials:

- Solomon, L (2013) 'Corporate governance and accountability', Wiley, Chichester, United Kingdom. **(CHAPTER 1 only).**
- Hoggett, J. Edwards, L. Medlin, J. Chalmers, K. Hellmann, A., Beattie, C., Maxfield, J. (2015) 'Accounting' Wiley, QLD, Australia. **(CHAPTER 15 only).**

TECHNOLOGY USED AND REQUIRED

- You must be familiar with the learning management system, iLearn;
- Leganto where access to the e-textbook and other recommended readings are available can be found in ACCG1001 iLearn website;
- You will need to conduct research and be familiar with Internet search engines and library database to source materials;
- You will be required to use the MYOB software to complete the MYOB tasks.

UNIT WEB PAGE

- Course materials will be made available on the learning management system (iLearn). It is essential that you regularly visit the unit's web page. It is here that you will have access to the Unit Guide, announcements, supplementary reading materials, lecture and tutorial materials, and staff consultation hours.
- The web page for this unit can be found at: <http://ilearn.mq.edu.au>. To access the web page, you need to enter your username and password. You should contact IT Helpdesk

if you need any assistance at: <https://students.mq.edu.au/support/technology/service-desk>

Learning and Teaching Activities Classes

Classes for ACCG1001 in Session 3 2022 consist of a **pre recorded online lecture** and a **tutorial**. Attendance at both the lecture and your timetabled tutorial is required to achieve successful student outcomes.

The **lectures** will be **uploaded** on **iLearn**. Each session's lecture will provide an explanation of that session's learning concepts as well as practical explanations and examples to supplement the concept materials. Each session you are expected to read both the relevant textbook chapter(s) listed in the unit schedule and any supplementary materials specified on iLearn in addition to watching the pre- recorded lecture. Lecture slides, in pdf format, will be available on the ACCG1001 iLearn web page on a session basis.

The **tutorial classes** will be for a duration of **1.5 hours** and **commence in Session 2**. Students will enrol in **EITHER** a face to face tutorial **OR** an online zoom tutorial. The tutorials will involve the tutor and the students working through pre-set tutorial questions as well as in-class tutorial activities. Students must register for a tutorial and attend their registered tutorial. Students are advised that any **changes to tutorial classes** must be made **online through eStudent**.

The purpose of tutorials (from Session 2 to 13) is to provide an **interactive learning environment** in which to apply and practice the content covered in lectures. You are expected to attend the lectures and attempt tutorial homework questions before attending your registered tutorial class. The suggested solutions to tutorial homework questions will be made available on the ACCG1001 iLearn web page at the end of each session.
