Unit description
This is the second of two practical units in which students attend Macquarie University's Chiropractic and Research Centres as chiropractic interns. In this unit students become responsible for patient management and care under the guidance of the clinic supervisors.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Take a chiropractic clinical history, perform the relevant physical examination, order any necessary radiographs, refer for any other necessary evaluation in order to provisionally diagnose the patient's condition and carry out safe and effective chiropractic management of a patient (as taught by the Department) within the allocated time.

ULO2: Educate patients in the aims and objectives of the proposed care including a rehabilitation program.

ULO3: Demonstrate an understanding of effective administrative structures required for
the running of a chiropractic clinic.

**ULO4:** Apply accurate and appropriate clinical record keeping skills.

**ULO5:** Demonstrate satisfactory competency in the ongoing assessments and attendance criteria for the clinic internship. Demonstrate ability to meet quotas as determined by the Department with respect to patient consultation requirements as set out in the Council on Chiropractic Education Australasia Inc (CCEA) Standards for First Professional Award Programs in Chiropractic Guidelines (Appendix 1 in Clinic Manual) inclusive of radiography quotas set by the Department with respect to the number of diagnostic radiographs produced and reports written. Demonstrated compliance to all requirements for the unit as described in the Clinic Manual.

**ULO6:** Display sociocultural competency awareness and respect.

**ULO7:** Critically analyse ethical and legal issues, chiropractic code of practice and compromising situations.

**ULO8:** Gain an understanding of the occupational health and safety area and how chiropractors work in this field.
