Disclaimer

Macquarie University has taken all reasonable measures to ensure the information in this publication is accurate and up-to-date. However, the information may change or become out-dated as a result of change in University policies, procedures or rules. The University reserves the right to make changes to any information in this publication without notice. Users of this publication are advised to check the website version of this publication [or the relevant faculty or department] before acting on any information in this publication.

General Information

Unit convenor and teaching staff Mridula Sharma mridula.sharma@mq.edu.au
Credit points 10
Prerequisites CAUD8009 and CAUD8010
Corequisites
Co-badged status CAUD7016
Unit description This unit aims to further develop skills in the assessment and clinical management of more complex cases that are seen in audiological practice. It encourages a holistic or a multidisciplinary approach to both assessment and management. Diagnostic procedures include auditory evoked potentials at cortical level that measure auditory precept and discrimination. Complex disorders include tinnitus, auditory neuropathy spectrum disorder, non-organic hearing loss, cortical deafness, vestibular rehab, meniere's disease, and auditory processing disorders.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: competently appraise, evaluate and apply audiological management skills of complex cases.

ULO2: demonstrate knowledge of auditory pathway anatomy and physiology especially at cortical level.

ULO3: competently develop, apply and discuss appropriate selection of assessments for complex disorders.

ULO4: competently develop, apply and discuss multidisciplinary approach for complex cases.

General Assessment Information

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

Late Submissions

Unless a Special Consideration request has been submitted and approved, a 5% penalty (OF THE TOTAL POSSIBLE MARK) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For example:

Number of days (hours) late	Total Possible Marks	Deduction	Raw mark	Final mark
1 day (1-24 hours)	100	5	75	70
2 days (24-48 hours)	100	10	75	65
3 days (48-72 hours)	100	15	75	60
7 days (144-168 hours)	100	35	75	40
>7 days (>168 hours)	100	-	75	0

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for Special Consideration.

Assessment Tasks

Name	Weighting	Hurdle	Due
Online self assessments	10%	No	weekly
Essay	20%	No	8/8/2022
Lab report	10%	No	10/10/2022
Case report	20%	No	24/10/2022
Exam	40%	No	Exam period

Online self assessments

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 5 hours

Due: **weekly**

Weighting: **10%**

Students will complete questions to assess their understanding of topics within the course

On successful completion you will be able to:

- competently appraise, evaluate and apply audiological management skills of complex cases.
- demonstrate knowledge of auditory pathway anatomy and physiology especially at cortical level.
- competently develop, apply and discuss appropriate selection of assessments for complex disorders.
- competently develop, apply and discuss multidisciplinary approach for complex cases.

Essay

Assessment Type ¹: Essay

Indicative Time on Task ²: 25 hours

Due: **8/8/2022**

Weighting: **20%**

Students will use evidence from published literature to discuss auditory physiology

On successful completion you will be able to:

- competently appraise, evaluate and apply audiological management skills of complex cases.
- demonstrate knowledge of auditory pathway anatomy and physiology especially at cortical level.
- competently develop, apply and discuss appropriate selection of assessments for complex disorders.
- competently develop, apply and discuss multidisciplinary approach for complex cases.

Lab report

Assessment Type ¹: Lab report

Indicative Time on Task ²: 19 hours

Due: **10/10/2022**

Weighting: **10%**

Students will apply evidence from the literature to discuss the results of the simulation practica

On successful completion you will be able to:

- competently appraise, evaluate and apply audiological management skills of complex cases.
- demonstrate knowledge of auditory pathway anatomy and physiology especially at cortical level.
- competently develop, apply and discuss appropriate selection of assessments for complex disorders.
- competently develop, apply and discuss multidisciplinary approach for complex cases.

Case report

Assessment Type ¹: Case study/analysis

Indicative Time on Task ²: 25 hours

Due: **24/10/2022**

Weighting: **20%**

Students will apply evidence from the literature to discuss the diagnosis and management of a complex disorder

On successful completion you will be able to:

- competently appraise, evaluate and apply audiological management skills of complex cases.
- demonstrate knowledge of auditory pathway anatomy and physiology especially at cortical level.
- competently develop, apply and discuss appropriate selection of assessments for complex disorders.
- competently develop, apply and discuss multidisciplinary approach for complex cases.

Exam

Assessment Type ¹: Examination

Indicative Time on Task ²: 25 hours

Due: **Exam period**

Weighting: **40%**

This assessment will evaluate theoretical and clinical concepts to determine the knowledge and understanding of the topics within the course

On successful completion you will be able to:

- competently appraise, evaluate and apply audiological management skills of complex cases.
- demonstrate knowledge of auditory pathway anatomy and physiology especially at cortical level.
- competently develop, apply and discuss appropriate selection of assessments for complex disorders.
- competently develop, apply and discuss multidisciplinary approach for complex cases.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

As a student enrolled in this unit, you will engage in a range of preparatory work that includes listening to online lectures and come in on Monday mornings (9-12pm) face-to-face learning activities, including [readings, online modules, videos and lectures etc]. Details can be found on the iLearn site for this unit.

Recommended Readings

Recommended readings are provided for each topic on the ilearn.

Technology Used

Active participation in the learning activities throughout the unit will require students to have access to a tablet, laptop or similar device. Students who do not own their own laptop computer may borrow one from the university library.

Unit Schedule

See below for the lecture Seminar series that will be held in the AHH, level 1, Rm 1.602

See below for the lecture Seminar series

<u>Date</u>	Topic/Theme	Lecturer
18 th July	Unit outline; Anatomy & Physiology; Cortical Deafness	Mridula Sharma
19 th July	Sudden Hearing Loss; Fluctuating Hearing Loss	John Newall
19 th Sept	Listening disorders (Hidden Hearing Loss); CAEPs	Mridula Sharma & Joaquin Valderrama
20 th Sept	ASSR online lecture	Juan P Faundez*
26 th Sept	ANSD; Tinnitus	Catherine McMahon (9-10:30); Mridula Sharma
4 th Oct (online)	First Nation and the Ear health (TBC)	Hearing Australia Team- Clare Manhood*
10 th Oct	Auditory training; Vestibular Rehabilitation;	Yee-Foong Stone (9-10:30); Mridula Sharma
17 th Oct	Pseudo-hypacusis; Classic Tests	Mridula Sharma
24 th Oct	Review	Mridula Sharma

* Zoom details for lectures:

Meeting URL:	https://macquarie.zoom.us/j/87625391792?pwd=E2CtsEka6vh66zm16xDq3J2iNednHB.1&from=addon
Meeting ID:	876 2539 1792
Passcode:	101020

Joint Case Studies with the Indian Speech and Hearing Institute, Manipal, India on Fridays, 2-4pm and will be held online

Date	Topic/Theme	Zoom link
7 th Oct	Tinnitus	Meeting URL: https://macquarie.zoom.us/j/83604299143?from=addon
		Meeting ID: 836 0429 9143
14 th Oct	APD	Meeting URL: https://macquarie.zoom.us/j/83604299143?from=addon
		Meeting ID: 836 0429 9143
21 st Oct	ANSD	Meeting URL: https://macquarie.zoom.us/j/83604299143?from=addon
		Meeting ID: 836 0429 9143

In addition, there are practica to familiarise yourself with ASSR, CAEPs and Auditory processing assessments

Policies and Procedures

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- [Academic Appeals Policy](#)
- [Academic Integrity Policy](#)
- [Academic Progression Policy](#)
- [Assessment Policy](#)
- [Fitness to Practice Procedure](#)
- [Assessment Procedure](#)
- [Complaints Resolution Procedure for Students and Members of the Public](#)
- [Special Consideration Policy](#)

Students seeking more policy resources can visit [Student Policies](https://students.mq.edu.au/support/study/policies) (<https://students.mq.edu.au/support/study/policies>). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](https://policies.mq.edu.au) (<https://policies.mq.edu.au>) and use the [search tool](#).

Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: <https://students.mq.edu.au/admin/other-resources/student-conduct>

Results

Results published on platform other than [eStudent](#), (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in [eStudent](#). For more information visit ask.mq.edu.au or if you are a Global MBA student contact globalmba.support@mq.edu.au

Academic Integrity

At Macquarie, we believe [academic integrity](#) – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free [online writing and maths support](#), [academic skills development](#) and [wellbeing consultations](#).

Student Support

Macquarie University provides a range of support services for students. For details, visit <http://students.mq.edu.au/support/>

The Writing Centre

[The Writing Centre](#) provides resources to develop your English language proficiency, academic writing, and communication skills.

- [Workshops](#)
- [Chat with a WriteWISE peer writing leader](#)

- [Access StudyWISE](#)
- [Upload an assignment to Studiosity](#)
- [Complete the Academic Integrity Module](#)

The Library provides online and face to face support to help you find and use relevant information resources.

- [Subject and Research Guides](#)
- [Ask a Librarian](#)

Student Services and Support

Macquarie University offers a range of [Student Support Services](#) including:

- [IT Support](#)
- [Accessibility and disability support](#) with study
- Mental health [support](#)
- [Safety support](#) to respond to bullying, harassment, sexual harassment and sexual assault
- [Social support including information about finances, tenancy and legal issues](#)

Student Enquiries

Got a question? Ask us via [AskMQ](#), or contact [Service Connect](#).

IT Help

For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University's IT, you must adhere to the [Acceptable Use of IT Resources Policy](#). The policy applies to all who connect to the MQ network including students.

INCLUSION AND DIVERSITY

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

PROFESIONALISM

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
