Unit description

This unit will provide an opportunity for you to revise, reflect and be assessed on your consolidated learning across Stage 1 of the Macquarie MD. It will involve a weekly longitudinal lecture program that runs across the entire duration of the year (MDA and MDB), as well as special sessions and seminars focused on developing the skills involved in responding to feedback, developing action plans and critically reflecting on performance. You will use your experiences, learning, and reflective activities across the year to reflect on your Macquarie Assessment Portfolio. You will learn how to evaluate feedback, create action plans to address feedback and reflect critically on their professional development, in reference to mid-program capability aspects, expectation statement and Stage 1 EPAs.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Analyse your achievement of the Stage 1 Macquarie MD capability expectation statements, in the domains of Scientist & Scholar, Clinical Practitioner, Engaged Global Citizen, and Professional (Capability 1: Scientist and Scholar, 2: Clinical Practitioner, 3: Engaged Global Citizen, and 4: Professional)

ULO2: Discuss progress of level of entrustment over Stage 1 with reference to the Stage 1 Entrustable Professional Activities (Capability 2: Clinical Practitioner)

ULO3: Use feedback from teachers, clinicians, peers and patients, to inform self-evaluation and critical reflection (Capability 4: Professional)

General Assessment Information

Detailed information regarding the assessment of the Macquarie MD and unit-specific assessment is available on the MQMDAssess Macquarie MD Assessment 2022 Intake iLearn site.

Grading

All final grades in the Macquarie MD are reviewed by the MD Course Board and Faculty Assessment Committee and ratified by the Faculty of Medicine, Health and Human Sciences Faculty Board. Therefore, they are not the sole responsibility of the Unit Convenor. To pass this unit students must demonstrate sufficient evidence of achievement of the learning outcomes, attempt all assessment tasks, and meet any ungraded requirements which include professionalism.

Extensions for Assessment tasks

Applications for assessment task extensions must be submitted via <https://ask.mq.edu.au/>. For further details please refer to the Special Consideration Policy available at <https://students.mq.edu.au/study/assessment-exams/special-consideration>

Professional Expectations

Professionalism is a key capability embedded in the Macquarie MD. Professional Behaviour Notifications (PBN) which can be a breach (PBNB) or a commendation (PBNC) may be awarded. PBNs will be recorded in the student's portfolio. As part of developing professionalism, Macquarie MD students are expected to attend all small group interactive sessions including clinical, practical, laboratory and team-based learning activities. If attendance is deemed to be of concern, the student will be referred to the Stage 1 Lead for remediation, subsequent monitoring, and recording in the portfolio. Similarly, as part of developing professionalism, Macquarie MD students are expected to submit all work by the due date. Late submission without prior approved extension will result in a professional behaviour notification- breach (PBNB) in the portfolio.

Assessment Tasks

Name	Weighting	Hurdle	Due
Portfolio Reflection 1	0%	No	MDA Week 20
Portfolio Examination	50%	Yes	MDB Week 8
Portfolio Reflection 2	0%	No	MDB Week 8
