Unit description

This unit describes and analyses the methodology of contemporary research in banking and finance. It covers quantitative and qualitative methods to assist students to conduct further research in the future.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Recognise research methods used in the banking and finance areas.
- ULO2:** Articulate research questions in response to a business problem or opportunity.
- ULO3:** Apply relevant methods to address finance issues or problems.
- ULO4:** Work productively in a group to design a research study.

General Assessment Information

Late Assessment Submission Penalty (written assessments)

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the

total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of '0' will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.

For any late submissions of time-sensitive tasks, such as scheduled tests/exams, performance assessments/presentations, and/or scheduled practical assessments/labs, students need to submit an application for [Special Consideration](#).

Assessment Tasks

Name	Weighting	Hurdle	Due
<u>Data Analysis Project</u>	15%	No	11:58 pm of Sunday Week 7 (11 September)
<u>Research Proposal</u>	40%	No	11:58 of Sunday in Week 12 (30 October)
<u>Assignment</u>	45%	No	Week 13

Data Analysis Project

Assessment Type [1](#): Quantitative analysis task

Indicative Time on Task [2](#): 10 hours

Due: **11:58 pm of Sunday Week 7 (11 September)**

Weighting: **15%**

A project will be designed to test the knowledge of data analysis using statistical software packages.

On successful completion you will be able to:

- Recognise research methods used in the banking and finance areas.
- Apply relevant methods to address finance issues or problems.

Research Proposal

Assessment Type [1](#): Project

Indicative Time on Task [2](#): 30 hours

Due: **11:58 of Sunday in Week 12 (30 October)**

Weighting: **40%**

The task involves development of a research proposal, a presentation and an individual literature review. The group work (including research proposal and presentation) is worth 30% and the individual task (that is, the literature review) is worth 10%.

On successful completion you will be able to:

- Recognise research methods used in the banking and finance areas.
- Articulate research questions in response to a business problem or opportunity.
- Apply relevant methods to address finance issues or problems.
- Work productively in a group to design a research study.

Assignment

Assessment Type ¹: Project

Indicative Time on Task ²: 15 hours

Due: **Week 13**

Weighting: **45%**

The assignment will consist of two components. The first component will require students to use relevant software to conduct quantitative analysis. The second component will require students to use the research skills learned to evaluate and connect papers related to finance issues or problems.

On successful completion you will be able to:

- Recognise research methods used in the banking and finance areas.
- Articulate research questions in response to a business problem or opportunity.
- Apply relevant methods to address finance issues or problems.

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation
