Unit description

Social media networks provide a dynamic, interactive, and cost-effective platform that helps marketing managers to tackle contemporary marketing challenges. The applications of social media enable marketers to co-create marketing content, co-develop and share stories that stimulates and encourages consumer engagement with the firm. The widespread use of social media has driven businesses, regardless of their size and scope, to adopt social media marketing in their marketing activities.

This unit will develop students' knowledge about social media marketing as a contemporary approach to market a business through ongoing interactions with the consumers. The unit will focus on developing students' skills to critically evaluate organisations' social media marketing, and the effectiveness of the social media activities and campaigns. The unit will develop students' ability to create a social media campaign to market new products/services, or to reinforce existing products/services.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Discuss and apply social media marketing theories and activities to interact with the consumers

ULO2: Critically evaluate the effectiveness of organisations' social media marketing, activities, and campaigns

ULO3: Create a social media campaign to market new or existing products/services and justify the effectiveness of the campaign.

General Assessment Information

Late submissions of assessments Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late.

- *Late submissions will only be accepted up to 96 hours after the due date and time.*
- *No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.*

Table 1: Penalty calculation based on submission time

Submission time after the due date (including weekends)	Penalty (% of available assessment task mark)	Example: for a non-timed assessment task marked out of 30
< 24 hours	10%	10% x 30 marks = 3-mark deduction
24-48 hours	20%	20% x 30 marks = 6-mark deduction
48-72 hours	30%	30% x 30 marks = 9-mark deduction
72-96 hours	40%	40% x 30 marks = 12-mark deduction
> 96 hours	100%	Assignment won't be accepted

Special Consideration To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.
