Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Recognise the role of finance in supporting the Sustainable Development Goals and explain the impact of sustainable finance on financing markets, market participants and financial instruments.

ULO2: Critically assess and evaluate the tools and techniques used for achieving sustainable development goals and the UN Global Compact into financing markets.

ULO3: Create solutions which integrate principles from the United Nation's Global Compact into the full lifecycle of a finance transaction.
General Assessment Information

Late submissions of assessments

Unless a Special Consideration request has been submitted and approved, no extensions will be granted. There will be a deduction of 10% of the total available assessment-task marks made from the total awarded mark for each 24-hour period or part thereof that the submission is late. Late submissions will only be accepted up to 96 hours after the due date and time.

No late submissions will be accepted for timed assessments – e.g., quizzes, online tests.

Special Consideration

To request an extension on the due date/time for a timed or non-timed assessment task, you must submit a Special Consideration application. An application for Special Consideration does not guarantee approval.

The approved extension date for a student becomes the new due date for that student. The late submission penalties above then apply as of the new due date.

Delivery and Resources

Learning and Teaching Activities

Strategy: Programs in the Applied Finance Centre adopt a deep teaching and learning strategy. Students acquire and retain knowledge and can make sense of the issues and concepts and apply them in the “real world”. The program relies heavily on student engagement and participation by: (a) Continuous learning throughout the term. This is encouraged through a combination of students undertaking prescribed reading throughout the units and/or completion of practice problems, online activities, case studies, assignments, class discussions, etc and interaction via forums; and (b) Assessments, which enable the student to demonstrate his/her understanding of the learning objectives achieved through the continuous learning. There are no large-scale or formal lectures.

Student Participation: This is a blended unit where students need to complete assigned activities before live Zoom sessions and weekend sessions. Students participate in this unit by: (a) Actively engaging with the videos and required readings of this unit; (b) Working systematically through and completing online activities; (c) Interacting in forums and face-to-face/online sessions, and (d) Completing all assessment tasks.
