Unit description

This unit consists of one or more placements totalling 300 hours, in one or more professional psychology workplaces under the supervision of an Adjunct supervisor. It gives students the opportunity to apply the knowledge and skills developed in the program to real-world and professional practice situations as required by the accrediting body. This prepares the students for the 6th and final year of training and, in turn, registration and future, independent, professional practice.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Demonstrate knowledge of the legislative frameworks relevant to the practice of Psychology and operate according to professional standards, the Psychology Board of Australia's code of ethics and guidelines.

ULO2: Communicate effectively across a wide range of client groups, colleagues and other professionals, using a variety of formats, taking into account developmental and cultural considerations

ULO3: Demonstrate development of competence as a provisional psychologist including the professional and personal skills for assessing continuous development needs.

ULO4: Apply evidence, consistent with psychological best practice, in the selection and use of assessments as well as the design of interventions.

ULO5: Prepare for professional practice by undertaking relevant mandatory administration, maintaining accurate records of development activities and undertake professional training (e.g. risk awareness).

General Assessment Information

Skills training days can be logged towards placement requirements - 19 hours of practica and skills training will be completed in Week 0 of Session 2.

Internal supervision can be logged towards placement requirements - 2 hours of group supervision and 1 hour of individual supervision will be completed during Session 2.

Total hours of logged placement activities may be between 300 - 322.5, inclusive of a minimum of 40 hours of supervision. In some cases, additional field placement hours and supervision may be required to achieve competency.

Supervision is expected to be at the ratio of one hour for every 7.5 hours of placement (i.e. one hour of supervision and 6.5 hours of practice for each day). Actual hours per day of field placement may vary.

Grade descriptors and other information concerning grading are contained in the [Macquarie University Assessment Policy](#).

All final grades are determined by a grading committee, in accordance with the Macquarie University Assessment Policy, and are not the sole responsibility of the Unit Convenor.

Students will be awarded a final grade and a mark which must correspond to the grade descriptors specified in the [Assessment Procedure](#) (clause 128).

To pass this unit, you must demonstrate sufficient evidence of achievement of the learning outcomes, meet any ungraded requirements, and achieve a final mark of 50 or better.

Further details for each assessment task will be available on iLearn.

Inclusion and Diversity

Social inclusion at Macquarie University is about giving everyone who has the potential to benefit from higher education the opportunity to study at university, participate in campus life and flourish in their chosen field. The University has made significant moves to promote an equitable, diverse and exciting campus community for the benefit of staff and students. It is your responsibility to contribute towards the development of an inclusive culture and practice in the

areas of learning and teaching, research, and service orientation and delivery. As a member of the Macquarie University community, you must not discriminate against or harass others based on their sex, gender, race, marital status, carers' responsibilities, disability, sexual orientation, age, political conviction or religious belief. All staff and students are expected to display appropriate behaviour that is conducive to a healthy learning environment for everyone.

Professionalism

In the Faculty of Medicine, Health and Human Sciences, professionalism is a key capability embedded in all our courses.

As part of developing professionalism, students are expected to attend all small group interactive sessions including clinical, practical, laboratory, work-integrated learning (e.g., PACE placements), and team-based learning activities. Some learning activities are recorded (e.g., face-to-face lectures), however you are encouraged to avoid relying upon such material as they do not recreate the whole learning experience and technical issues can and do occur. As an adult learner, we respect your decision to choose how you engage with your learning, but we would remind you that the learning opportunities we create for you have been done so to enable your success, and that by not engaging you may impact your ability to successfully complete this unit. We equally expect that you show respect for the academic staff who have worked hard to develop meaningful activities and prioritise your learning by communicating with them in advance if you are unable to attend a small group interactive session.

Another dimension of professionalism is having respect for your peers. It is the right of every student to learn in an environment that is free of disruption and distraction. Please arrive to all learning activities on time, and if you are unavoidably detained, please join activity as quietly as possible to minimise disruption. Phones and other electronic devices that produce noise and other distractions must be turned off prior to entering class. Where your own device (e.g., laptop) is being used for class-related activities, you are asked to close down all other applications to avoid distraction to you and others. Please treat your fellow students with the utmost respect. If you are uncomfortable participating in any specific activity, please let the relevant academic know.
