Unit description

This unit aims to teach the fundamentals of critical thinking and reasoning. Students learn how to construct, analyse and critically evaluate arguments; how to detect common fallacies in reasoning; and how to think logically and creatively. We teach these skills by developing practical techniques for the evaluation of reasoning, and applying them to arguments from business, law, science, politics, philosophy and the media. Critical thinking skills are invaluable across all disciplines, and will benefit students in academic contexts and in life beyond university.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Recognise the structure of arguments, and represent that structure in a clear standardised form.

ULO2: Differentiate between types of reasoning and the methods of evaluation appropriate to each.

ULO3: Appraise the arguments of others and represent them in a clear and standardised form.

ULO4: Construct well-reasoned arguments of your own.

ULO5: Apply the skills of critical analysis to arguments from a variety of contexts and disciplines.

General Assessment Information

Detailed assessment information and rubrics

Detailed information about each of the assessments, including rubrics and submission instructions will be available in the Assessment block in iLearn. Please make sure you read the assessment information carefully, watch the Guide to Assessment video, and post a message in the relevant Assessment forum if you have any questions.

Special Consideration

Requests for extensions should be submitted via a Special Consideration request, which is available in the <http://ask.mq.edu.au> portal. Your request should be submitted no later than five days after the due date and should be accompanied by appropriate documentation. Please see <https://students.mq.edu.au/study/assessment-exams/special-consideration> for further details and instructions. Read this information closely as your request may be turned down if you have not followed procedure, or if you have not submitted a request in a timely manner. The Macquarie University Special Consideration Policy can be found at the end of this document.

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). **Late submission of time sensitive tasks** (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) **will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.**

Academic Integrity

In Philosophy, academic honesty is taken very seriously, and a range of methods, including but not restricted to the use of Turnitin, are used to detect plagiarism. Misrepresenting someone else's work as your own may be grounds for referral to the Faculty Disciplinary Committee. If you have questions about how to properly cite work or how to credit sources, please ask the convenor for help and see also the Academic Integrity Policy <https://staff.mq.edu.au/work/strategy-planning-and-governance/university-policies-and-procedures/policies/academic-integrity>

Note: All assignments in this unit are individual assignments. Collusion (unauthorised collaboration on individual assignments) is a breach of the Academic Integrity Policy.

This includes sharing or making use of shared assignments, in person or online, including through file-sharing websites. If in doubt, contact a member of teaching staff.

A helpful resource if you would like to know more about referencing and avoiding plagiarism is Macquarie's Academic Integrity Module, available here: <https://students.mq.edu.au/support/study/skills-development>. You will need to complete this Module before accessing the unit content, if you have not already done so. More information is available in iLearn.

Academic Writing and Study Support

Macquarie University offers a number of services to help with academic writing, referencing and study skills. For details, see: <https://students.mq.edu.au/support/study/skills/assignments>

For information about policies related to Assessment, see *Policies and Procedures* section below.

Personal Argument	25%	No	11.55pm, Tuesday 3/01/2023
Peer Review	10%	No	11:55pm, Wednesday 18/1/2023
Final Scenario Report	35%	No	11.55pm, Monday 23/01/2023
Online Engagement	10%	No	11.55pm, Wednesday 25/01/2023

Online Quizzes

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 30 hours

Due: **11.55pm, 23/12/2022 (Quiz 1) 27/01/2023 (Quiz 2)**

Weighting: **20%**

Online multiple-choice quizzes which you will take through the unit website.

On successful completion you will be able to:

- Differentiate between types of reasoning and the methods of evaluation appropriate to each.
- Construct well-reasoned arguments of your own.

Personal Argument

Assessment Type ¹: Reflective Writing

Indicative Time on Task ²: 10 hours

Due: **11.55pm, Tuesday 3/01/2023**

Weighting: **25%**

A short reflective task in which you will represent and reflect on a short argument on a socially significant issue.

On successful completion you will be able to:

- Recognise the structure of arguments, and represent that structure in a clear standardised form.
- Differentiate between types of reasoning and the methods of evaluation appropriate to each.
- Construct well-reasoned arguments of your own.
- Apply the skills of critical analysis to arguments from a variety of contexts and disciplines.

Peer Review

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 4 hours

Due: **11:55pm, Wednesday 18/1/2023**

Weighting: **10%**

You will review the anonymised arguments (from the Personal Argument assignment) of some of your fellow students. You will answer a series of multiple choice questions about each of these arguments, and give a short comment on each paper. Your mark will be determined by how well you review fits with those of your peers and online tutors.

On successful completion you will be able to:

- Appraise the arguments of others and represent them in a clear and standardised form.
- Apply the skills of critical analysis to arguments from a variety of contexts and disciplines.

Final Scenario Report

Assessment Type ¹: Report

Indicative Time on Task ²: 40 hours

Due: **11.55pm, Monday 23/01/2023**

Weighting: **35%**

The Final Scenario Report assignment requires you use all the skills you have acquired throughout the course from Topics 1-12 to write a report analysing an argument and providing guidance and material for a counter-response.

On successful completion you will be able to:

- Recognise the structure of arguments, and represent that structure in a clear standardised form.
- Differentiate between types of reasoning and the methods of evaluation appropriate to each.
- Appraise the arguments of others and represent them in a clear and standardised form.
- Construct well-reasoned arguments of your own.
- Apply the skills of critical analysis to arguments from a variety of contexts and disciplines.

Online Engagement

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 18 hours

Due: **11.55pm, Wednesday 25/01/2023**

Weighting: **10%**

Students will review their understanding of particular topics by participating in short online “self assessment” and engagement tasks.

On successful completion you will be able to:

- Recognise the structure of arguments, and represent that structure in a clear standardised form.
- Differentiate between types of reasoning and the methods of evaluation appropriate to each.

- Appraise the arguments of others and represent them in a clear and standardised form.
 - Construct well-reasoned arguments of your own.
 - Apply the skills of critical analysis to arguments from a variety of contexts and disciplines.
-

¹ If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the [Writing Centre](#) for academic skills support.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Lectures

Lectures in this unit will be delivered online.

Two one-hour lecture videos for each of the 12 topics will be released through the Echo 360 block in iLearn. You should watch these videos before joining the relevant forums.

Please note, that since this is an intensive subject, we will be doing between 2 - 3 topics per week (for a total of 5 weeks), meaning each week will contain between 4 - 6 hours of required lecture content.

Online Participation

At the beginning of semester, you will be assigned to an online participation group with a member of the teaching staff as an On-line Engagement Group leader. You will be expected to use self-assessments for understanding and contribute to your online group about assigned material. This will all be made available to you through the course web-site. See the Online Engagement information in iLearn for information about the assessment of Online Engagement in this unit.

Course Texts

The Course Notes available through the PHIL/PHIX 1037 ilearn site constitute a text for the course. No other text is required. If you would like advice on supplementary texts, contact the convenors.

Teaching staff consultation times

Teaching staff will be available for regular consultation times throughout the week. See iLearn for details. You are strongly encouraged to make use of these consultation times, if you are having any trouble or if you would like to discuss the unit content.

Unit Webpages and E-Resources

This unit is delivered online through iLearn (<http://ilearn.mq.edu.au>). PC and Internet access are required. Basic computer skills (e.g., internet browsing) and skills in word processing are also a requirement. Please consult teaching staff for any further, more specific requirements.

Unit Schedule

Please note that in Semester three this unit is offered only in an **intensive** form, which means that we will be covering a normal semesters worth of content in a condensed period of time. We will be looking at 12 topics over a 5 week period, and so each week we will be looking at 2 or 3 topics. This makes this unit somewhat demanding in terms of time and effort, but also extremely rewarding in terms of the knowledge and understanding gained in a relatively short period of time. Please plan your time carefully, particularly if you have other commitments over the holiday period.

Week 1: Introduction and Standardisation (starting 12th of December)		
Topic 1	Introduction to Critical Thinking	
Topic 2	Building and Representing Arguments	
Topic 3	Deconstructing Arguments	
Week 2: Deductive and Inductive Arguments (starting 19th of December)		
Topic 4	Deductive Arguments	
Topic 5	Inductive Arguments	
	Mid-semester break	
Week 3: Critical Thinking and the Human Mind (starting 3rd of January)		
Topic 6	Critical Thinking and the Human Mind	
Topic 7	The Impact of Cognitive Biases	
Week 4: Language and Rhetoric (starting 9th of January)		
Topic 8	The Language We Use: the power to persuade	

Topic 9	The Language We Use: When words lead us astray	
Week 5: Pseudo-Reasoning and Fallacies (starting 16th of January)		
Topic 10	The Rules of Engagement	
Topic 11	When the Rules are Abandoned: Pseudo-reasoning and fallacies	
Topic 12	Putting it all together: An extended example	
Week 6 (starting 23rd of January)		
Topic 13	No lectures: Final assignment week
