Unit description

This unit concentrates on the nature and function of equity with particular emphasis on the law of trusts. The historical development of the equitable jurisdiction and its past and present relationship with the common law informs the examination of equitable assignments and dispositions, the action for breach of confidence and fiduciary relationships. The broad scope of influence of trust law (express, implied and constructive) on both commercial and close personal relationships as well as the connection between trust and other legal topics such as contract and debt is also studied.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: Critically analyse the legal doctrine and policy that underpins equity and trusts.

ULO2: Analyse complex factual situations involving equity and trusts law and apply relevant legal principles to solving legal problems

ULO3: Formulate, present and evaluate oral and written arguments on complex equity and trusts problems and principles, drawing upon relevant legal authority and policy considerations.

General Assessment Information

LATE ASSESSMENT SUBMISSION PENALTY

Unless a Special Consideration request has been submitted and approved, **a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted**, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

This late penalty will apply to non-timed sensitive assessment (the Assignment). **Late submission of time sensitive tasks** (the Quizzes, Tutorial Participation and the Final Exam/ Take Home Test) **will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.**

SUBMITTING ASSESSMENTS

Apart from Participation, all assessments are submitted **electronically through iLearn. Turnitin plagiarism detection software** is used to check all written assessments. Students should carefully check that they **submit the correct file** for an assessment as no resubmissions will be accepted after the due date and time, including instances where students upload an incorrect file in error.

Fit to Sit Model

Macquarie University operates under a 'Fit to Sit' model. This means that in sitting an exam and/ or in-class test or otherwise submitting an assessment (including an online quiz), a student declares themselves fit to do so. Therefore, if a student is feeling unfit to sit the exam or test, or otherwise submit the assessment (as the case may be), they should not do so.

If a student sits an exam or test, or otherwise submits an assessment, knowing that they are unfit to do so, they will not be granted Special Consideration. It is the responsibility of the student to determine whether they are fit to sit an examination or test or otherwise submit an assessment, or whether a Special Consideration application should be submitted.

A student's sitting an examination or test or otherwise submitting an assessment will not

preclude the student from being granted Special Consideration if the student can demonstrate that:

- they were unfit to make reasonable judgement on their fitness to undertake the assessment, due to mental illness or other exceptional circumstances;
- they were taken ill during the assessment (in the case of an examination or test); or
- other exceptional circumstances beyond their control vitiated the Fit to Sit declaration.
