Each student is expected to address to question(s) in no less than 100 words. Each Week's Discussion Board will close at 9am the following week and no further submissions will be accepted.

The guidelines for how to communicate using online communication tools are called Netiquette (or internet etiquette). Please refer to the complete [Netiquette guidelines](#).

An online discussion, like a face-to-face discussion, is a personal exchange of information. This means you can either respond immediately to discussion points or take some time to respond more carefully. Ideas and impressions are written rather than spoken, so you don't have the advantage of body language to help you interpret meaning. It is therefore, important to:

- be polite and avoid bad language
- acknowledge people's contributions
- respect other people's point of view
- be non-judgemental and supportive
- be aware of cultural differences
- be careful with humour and sarcasm.
