Unit description

Global politics is often dramatic and contentious covering big picture dilemmas such as what are the causes of war and peace? How do we find solutions to shared global problems like climate change and preventing the spread of nuclear weapons? How do we make sense of persistent poverty and underdevelopment in some parts of the world but not others? Whose political ideas matter most and why? Finally, what have been the implications of globalisation for world politics? This unit equips students with the tools to understand the forces that shape the world we live in by introducing them to the key issues, institutions, ideas and actors involved in global politics. The first section of the unit outlines the historical context, key theories and concepts, and fundamental institutions of contemporary global politics. The second section covers important contemporary issues including security challenges, climate change, nuclear proliferation, terrorism, global inequality, the role of culture, religion and identity in global politics, great power rivalry, and globalisation. The unit gives students the foundations necessary for undertaking a major in International Relations or Politics.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

- ULO1:** Understand and evaluate the role of historical events and the meanings that have been attributed to them in world politics.
- ULO2:** Apply and develop further independent research skills required to discover relevant evidence to support academic arguments.
- ULO3:** Understand and apply the academic skills required to write cogently and to structure arguments in a logical order.
- ULO4:** Critically engage with and analyse the key issues and challenges that are the current focus of world politics.
- ULO5:** Understand, explain and apply the key concepts, theories, methods, and issues relevant to the study of International Relations at an introductory level.
- ULO6:** Identify and understand the defining debates in the field of Global Politics.

General Assessment Information

Essays may be FAILED for the following reasons

1. **Plagiarism** – for example, where sentences or paragraphs are taken word-for-word or nearly word-for-word from another source and presented as original expression. See the University's Academic Honesty Policy (link below) for an in-depth explanation of what constitutes plagiarism. Plagiarism is taken very seriously by the Convenor and the Department generally. All

suspected incidents of plagiarism will be referred to a Faculty Academic Integrity Officer for review, which may result in a range of penalties, including a zero grade for an assessment task.

2. **Excessive use of direct quotes** may result in a fail grade. As a general rule, no more than 10% of the overall word length of a research paper should appear in direct quotes.

Students must try to express their ideas and arguments in their own words as much as possible. This demonstrates true understanding.

3. Identical or nearly **identical essays** will be referred to a Faculty Academic Integrity Officer for review and potential penalty – regardless of the original authorship.

4. Work that is significantly below the required **word length**.

5. Essays written with **poor English grammar and expression** may be failed if the marker is unable to understand the argument(s) raised.

6. Work that has been previously submitted and assessed in other units (and this unit if you have failed previously) that is then re-submitted for assessment for this unit, in whole or part, will be referred to an Academic Integrity Officer for review and potential penalty. This is defined as '**self-plagiarism**' under the Academic Honesty Policy.

Examination

The only exception to taking an examination at the designated time (above) is where a student has experienced 'unexpected, unavoidable and serious circumstances' that prevented them from completing the paper, that can be documented. In these circumstances, the student should consider applying for 'Special Consideration'. Consult the Special Consideration Policy (below) for further information about what criteria must be met.

If a Supplementary Examination is granted as a result of the Special Consideration process, the examination will be scheduled after the conclusion of the official examination period.

You are advised that it is Macquarie University policy not to set early examinations for individuals or groups of students. All students are expected to ensure that they are available to take the exam as scheduled.

Extensions

Any student seeking an extension of time to submit their major research essay must apply formally for 'special consideration' using the ask.mq.edu.au system.

Applications should be made before the due date for the assignment.

Whilst we do understand that many or most students support themselves through paid employment, extensions cannot be granted on this basis alone. Students must manage their time and workloads accordingly. Essay topics will be made available early in the semester leaving sufficient time for essay preparation. Meeting deadlines for assignments is treated very seriously in this course. **Note that the penalties for late submission are high under the Faculty of Arts new policy.**

Late Assessment Submission Penalty

Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the

total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a mark of '0' (zero) will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical issue.

*This late penalty will apply to non-timed sensitive assessment (incl essays, reports, posters, portfolios, journals, recordings etc). **Late submission of time sensitive tasks** (such as tests/exams, performance assessments/presentations, scheduled practical assessments/labs etc) **will only be addressed by the unit convenor in a Special consideration application. Special Consideration outcome may result in a new question or topic.***

Assignment Submission

Hard copy submission of assignments will not be required for this course. All assignments are to be submitted online using the ilearn website for this unit. A Turnitin link for submission for the research essay, quiz and final exam will be set up there. Comments and grades will also be available online.

Turn-it-in

All written work in this course is required to be uploaded using the Turnitin link provided on the ilearn website for this unit. Turnitin is a type of anti-plagiarism software used by the university. Work that is not uploaded using the Turnitin link on ilearn will not be graded and will receive a mark of zero.

Re-submission of assessment tasks

Re-submission of assessment tasks is not allowed in this unit. Please consult with your tutor or the Convenor before handing in any assessment task if you have any questions. Also, see the section below titled 'student support' for details about workshops on research skills, essay writing, and plagiarism available to all students in the first weeks of the semester.
