Unit description

The unit introduces students to the principal areas of law in Australia which aim to preserve competition in the economy and to ensure consumer protection. Attention will focus on the competition law provisions in the *Competition and Consumer Act 2010* and their theoretical underpinnings. Topics include cartels; anticompetitive agreements and concerted practices; misuse of market power; mergers; warranties and guarantees; misleading or deceptive conduct; unconscionable conduct and unfair contract terms; remedies and enforcement of both consumer and competition law.

## Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

## Learning Outcomes

On successful completion of this unit, you will be able to:

**ULO1:** Apply the economic concepts used in competition law to examine the effects of anticompetitive practices.

**ULO2:** Analyse the development of competition law in Australia and various parts of the world and appraise the objective(s) of competition law in the economy.

**ULO3:** Critically assess the powers of the courts, regulatory bodies, and private individuals to evaluate the role of different enforcement methods in competition and

consumer law.

**ULO4:** Apply the Competition and Consumer Act, case law, and soft law to solve problems in competition and consumer law.
