Unit description
The law of contracts is a fundamental area of study for an undergraduate degree in law and serves as the basis for a variety of later core and elective units. This unit equips students with a knowledge of essential doctrinal principles of contract law and the capacity to apply legal problem solving skills to the resolution of contractual disputes. It covers the formation of contracts, the contents and interpretation of contractual terms, the vitiating factors affecting contract formation, the discharge of contractual liabilities and other related issues such as formal requirements, illegality and privity of contract. In addition, the unit conveys an understanding of the main competing philosophies of contract and the practical role of contracts in a broader social and historical context.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:
ULO1: Describe the legal principles relating to contract law.

ULO2: Explain the main competing philosophies underpinning contract law and describe the role of contracts in a historical and social context.

ULO3: Formulate, present and evaluate oral and written arguments about contract law, drawing upon relevant precedent and policy considerations.

ULO4: Analyse hypothetical fact situations, identify legal and factual issues involving the law relating to contract law, and apply relevant principles to solve legal problems.

ULO5: Demonstrate research, writing and referencing skills appropriate to students undertaking a 100 level unit.

General Assessment Information

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – 10 marks out of 100 credit will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments - e.g. quizzes, online tests.

All assessments are submitted electronically. Turnitin plagiarism detection software is used to check all written assessments.

Students should carefully check that they submit the correct file for an assessment as no re-submissions will be accepted after the due date and time, including instances where students upload an incorrect file in error.

Word limits are strictly applied. Work above the word limit will not be marked. Footnotes are to be used only for referencing. Referencing must conform to the requirements set out in the Australian Guide to Legal Citation 4th ed.
