Unit description

The international security order is in a period of rapid transformation. This unit examines the major global geopolitical trends, including in the Indo-Pacific, the greater Middle East, Europe, as well as Latin America and Africa. It also analyses the influence of those dynamics on the geostrategies of key countries. Aside from exposing students to the concept of geopolitics as an analytical instrument, the unit will deal with a series of case studies, including the evolving US-Sino rivalry; the Sino-India great power game; the geopolitics of Southeast Asia; the rise of Iran, and the emerging roles of Saudi Arabia and Turkey; the question of the re-emergence of Russia and Germany as great powers; and the United Kingdom in times of Brexit. The unit will provide students with in-depth understanding about the key contemporary global geostrategic dynamics and the implications for regional and international stability.

Important Academic Dates

Information about important academic dates including deadlines for withdrawing from units are available at <https://www.mq.edu.au/study/calendar-of-dates>

Learning Outcomes

On successful completion of this unit, you will be able to:

ULO1: apply in-depth understanding about geopolitical analysis, geopolitical theories and geostrategy in multiple contexts. You will be across the various methods and approaches to geopolitical and geostrategic analysis.

ULO2: understand the difference between classical and critical geopolitics. You will be able to apply different methods for analysing geopolitics and to critically assess geopolitical questions through different analytical lenses.

ULO3: apply in-depth understanding about the historical evolution of modern geopolitics. Students will be equipped with the knowledge of historical case studies of geopolitically important changes before and after the Cold War, and the implications for scholarly understandings of geopolitical study.

ULO4: apply geopolitical analysis and integrated knowledge to assess the significance of current trends in this area and the related implications for scholarship and the policy world. Students will also be able to recognise recurrent geopolitical patterns throughout history.

Assessment Tasks

Name	Weighting	Hurdle	Due
Quiz	20%	No	End of Weeks 3-12
Research Essay	60%	No	End of Week 11
Active Participation	20%	No	End of Weeks 2-11

Quiz

Assessment Type ¹: Quiz/Test

Indicative Time on Task ²: 15 hours

Due: **End of Weeks 3-12**

Weighting: **20%**

This assessment requires students to attempt weekly online multiple choice quizzes.

Participation in the quizzes demonstrates continuous constructive engagement to develop a deeper understanding of the subject matter.

On successful completion you will be able to:

- apply in-depth understanding about geopolitical analysis, geopolitical theories and geostrategy in multiple contexts. You will be across the various methods and approaches to geopolitical and geostrategic analysis.
- understand the difference between classical and critical geopolitics. You will be able to apply different methods for analysing geopolitics and to critically assess geopolitical questions through different analytical lenses.
- apply in-depth understanding about the historical evolution of modern geopolitics. Students will be equipped with the knowledge of historical case studies of geopolitically important changes before and after the Cold War, and the implications for scholarly understandings of geopolitical study.
- apply geopolitical analysis and integrated knowledge to assess the significance of current trends in this area and the related implications for scholarship and the policy world. Students will also be able to recognise recurrent geopolitical patterns throughout history.

Research Essay

Assessment Type ¹: Essay

Indicative Time on Task ²: 46 hours

Due: **End of Week 11**

Weighting: **60%**

Students will prepare a 3,000 word research essay which will develop their ability to conduct independent research, apply critical thinking skills and foundational knowledge acquired during the seminar, and write in a clear, concise and academically rigorous manner.

On successful completion you will be able to:

- apply in-depth understanding about geopolitical analysis, geopolitical theories and geostrategy in multiple contexts. You will be across the various methods and approaches to geopolitical and geostrategic analysis.
- understand the difference between classical and critical geopolitics. You will be able to apply different methods for analysing geopolitics and to critically assess geopolitical

questions through different analytical lenses.

- apply in-depth understanding about the historical evolution of modern geopolitics. Students will be equipped with the knowledge of historical case studies of geopolitically important changes before and after the Cold War, and the implications for scholarly understandings of geopolitical study.
- apply geopolitical analysis and integrated knowledge to assess the significance of current trends in this area and the related implications for scholarship and the policy world. Students will also be able to recognise recurrent geopolitical patterns throughout history.

Active Participation

Assessment Type ¹: Participatory task

Indicative Time on Task ²: 15 hours

Due: **End of Weeks 2-11**

Weighting: **20%**

Students will be expected to actively engage in the weekly iLearn discussion forums.

On successful completion you will be able to:

- apply in-depth understanding about geopolitical analysis, geopolitical theories and geostrategy in multiple contexts. You will be across the various methods and approaches to geopolitical and geostrategic analysis.
- understand the difference between classical and critical geopolitics. You will be able to apply different methods for analysing geopolitics and to critically assess geopolitical questions through different analytical lenses.

² Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

UNIT REQUIREMENTS AND EXPECTATIONS

- You should spend an average of 12 hours per week on this unit. This includes listening to lectures prior to seminar or tutorial, reading weekly required materials as detailed in iLearn, participating in iLearn discussion forums and preparing assessments.
- Internal students are expected to attend all seminar or tutorial sessions, and external students are expected to make significant contributions to on-line activities.
- In most cases students are required to attempt and submit all major assessment tasks in order to pass the unit.

REQUIRED READINGS

- The citations for all the required readings for this unit are available to enrolled students through the unit iLearn site, and at Macquarie University's library site. Electronic copies of required readings may be accessed through the library or will be made available by other means.

TECHNOLOGY USED AND REQUIRED

- Computer and internet access are essential for this unit. Basic computer skills and skills in word processing are also a requirement.
- This unit has an online presence. Login is via: <https://ilearn.mq.edu.au/>
- Students are required to have regular access to a computer and the internet. Mobile devices alone are not sufficient.
- Information about IT used at Macquarie University is available at http://students.mq.edu.au/it_services/

SUBMITTING ASSESSMENT TASKS

- All text-based assessment tasks are to be submitted, marked and returned electronically. This will only happen through the unit iLearn site.
- Assessment tasks must be submitted as a MS word document by the due date.
- Most assessment tasks will be subject to a 'Turnitin' review as an automatic part of the submission process.
- The granting of extensions is subject to the university's Special Consideration Policy. Extensions will not be granted by unit conveners or tutors, but must be lodged through Special Consideration: <https://students.mq.edu.au/study/my-study-program/special-consideration>

LATE SUBMISSION OF ASSESSMENT TASKS

Unless a Special Consideration request has been submitted and approved, (a) a penalty for lateness will apply – 10 marks out of 100 credit will be deducted per day for assignments submitted after the due date – and (b) no assignment will be accepted seven days (incl. weekends) after the original submission deadline. No late submissions will be accepted for timed assessments - e.g. quizzes, online tests.

WORD LIMITS FOR ASSESSMENT TASKS

- Stated word limits include footnotes and footnoted references, but not bibliography, or title page.
- Word limits can generally deviate by 10% either over or under the stated figure.
- If the number of words exceeds the limit by more than 10%, then penalties will apply. These penalties are 5% of the awarded mark for every 100 words over the word limit. If a paper is 300 words over, for instance, it will lose $3 \times 5\% = 15\%$ of the total mark awarded for the assignment. This percentage is taken off the total mark, i.e. if a paper was graded at a credit (65%) and was 300 words over, it would be reduced by 15 marks to a pass (50%).
- The application of this penalty is at the discretion of the course convener.

REASSESSMENT OF ASSIGNMENTS DURING THE SEMESTER

- Macquarie University operates a Grade Appeal Policy in cases where students feel their

work was graded inappropriately: <http://www.mq.edu.au/policy/docs/gradeappeal/policy.html>

- In accordance with the Grade Appeal Policy, individual works are not subject to regrading.

STAFF AVAILABILITY

- Department staff will endeavour to answer student enquiries in a timely manner. However, emails or iLearn messages will not usually be answered over the weekend or public holiday period.
- Students are encouraged to read the Unit Guide and look at instructions posted on the iLearn site before sending email requests to staff.
