MQBS8040

Unit description
This unit focuses on advanced statistical approaches used in Business and Economics and related disciplines. Topics include statistical modelling, time series analysis, structural VAR models, ARCH and GARCH models of asset return volatility, and panel data models. The unit will consider applications of these models to economic and financial data.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Analyse and explain a range of generalised regression methods and their uses.
ULO2: Employ macroeconometric methods to economic and financial data in a variety of contexts and communicate the results.
ULO3: Critically analyse the relevance and limitations of the econometric methods used.

General Assessment Information
Unless a Special Consideration request has been submitted and approved, a 5% penalty (of the total possible mark) will be applied each day a written assessment is not submitted, up until the 7th day (including weekends). After the 7th day, a grade of ‘0’ will be awarded even if the assessment is submitted. Submission time for all written assessments is set at 11.55pm. A 1-hour grace period is provided to students who experience a technical concern.
Assessment Tasks

<td>Week 10</td>
</tr>
</tbody>
</table>

In Class Analysis & Discussion
Assessment Type 1: Participatory task
Indicative Time on Task 2: 24 hours
Due: Ongoing
Weighting: 20%

Students will analyse and discuss quantitative processes and examples.

On successful completion you will be able to:
- Analyse and explain a range of generalised regression methods and their uses.
- Employ macroeconometric methods to economic and financial data in a variety of contexts and communicate the results.

Class Test (2)
Assessment Type 1: Examination
Indicative Time on Task 2: 40 hours
Due: Week 6 and Week 13
Weighting: 40%

Two within session tests of 60 minutes each, worth 20% each. These will occur in week 6 and week 13.

On successful completion you will be able to:
- Analyse and explain a range of generalised regression methods and their uses.
• Critically analyse the relevance and limitations of the econometric methods used.

Quantitative Analysis Task

Assessment Type 1: Problem set
Indicative Time on Task 2: 30 hours
Due: Week 10
Weighting: 40%

Students will be given a set of questions to analyse and interpret. Your analysis will number up to 2,000 words.

On successful completion you will be able to:
• Employ macroeconometric methods to economic and financial data in a variety of contexts and communicate the results.
• Critically analyse the relevance and limitations of the econometric methods used.

1 If you need help with your assignment, please contact:
• the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
• the Writing Centre for academic skills support.

2 Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation

Delivery and Resources

Lecture and Tutorial times
• Lectures for MQBS7040 are scheduled as per the class timetable available at http://www.timetables.mq.edu.au/
• There will be 3 hours teaching per week consisting of one two-hour lecture and a one hour tutorial/lab.

Technology used and required
• If you are enrolled in this unit, you will be listed in the MQBS7040 online unit (iLearn). Login at http://ilearn.mq.edu.au/
• The site will be used to post online lectures, lecture slides, handouts, and assignments.
• The site contains a “forum” to which you may contribute. Please log in to the site on a
regular basis.

- The main software used in MQBS7040 is Eviews which can be accessed through AppStream.

**Required and Recommended Texts and/or Materials**

The recommended textbooks for MQBS7040 are:

Notes and/or materials materials provided by the lecturer.

**Teaching and Learning Strategy**

- Students are expected to complete all pre-lecture preparation tasks in advance of that particular lecture.
- Please make notes summarizing the pre-lecture readings. These notes do not need to be submitted for assessment; however they will permit discussion of the questions and material in class.
- Students are expected to attend and participate in all classes.

**Information**

Details of the assessment tasks will be given in lectures and posted on iLearn. You should check iLearn regularly.

**Policies and Procedures**

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
- Assessment Policy
- Fitness to Practice Procedure
- Assessment Procedure
- Complaints Resolution Procedure for Students and Members of the Public
- Special Consideration Policy

Students seeking more policy resources can visit [Student Policies](https://students.mq.edu.au/support/study/policies). It is your one-stop-shop for the key policies you need to know about throughout your undergraduate student journey.

To find other policies relating to Teaching and Learning, visit [Policy Central](https://policies.mq.edu.au) and use the search tool.
Student Code of Conduct

Macquarie University students have a responsibility to be familiar with the Student Code of Conduct: [https://students.mq.edu.au/admin/other-resources/student-conduct](https://students.mq.edu.au/admin/other-resources/student-conduct)

Results

Results published on platform other than eStudent, (eg. iLearn, Coursera etc.) or released directly by your Unit Convenor, are not confirmed as they are subject to final approval by the University. Once approved, final results will be sent to your student email address and will be made available in eStudent. For more information visit [ask.mq.edu.au](http://ask.mq.edu.au) or if you are a Global MBA student contact [globalmba.support@mq.edu.au](mailto:globalmba.support@mq.edu.au)

Academic Integrity

At Macquarie, we believe academic integrity – honesty, respect, trust, responsibility, fairness and courage – is at the core of learning, teaching and research. We recognise that meeting the expectations required to complete your assessments can be challenging. So, we offer you a range of resources and services to help you reach your potential, including free online writing and maths support, academic skills development and wellbeing consultations.

Student Support

Macquarie University provides a range of support services for students. For details, visit [http://students.mq.edu.au/support/](http://students.mq.edu.au/support/)

The Writing Centre

The Writing Centre provides resources to develop your English language proficiency, academic writing, and communication skills.

- Workshops
- Chat with a WriteWISE peer writing leader
- Access StudyWISE
- Upload an assignment to Studiosity
- Complete the Academic Integrity Module

The Library provides online and face to face support to help you find and use relevant information resources.

- Subject and Research Guides
- Ask a Librarian

Student Services and Support

Macquarie University offers a range of Student Support Services including:

- IT Support
- Accessibility and disability support with study
• Mental health support
• Safety support to respond to bullying, harassment, sexual harassment and sexual assault
• Social support including information about finances, tenancy and legal issues

Student Enquiries
Got a question? Ask us via AskMQ, or contact Service Connect.

IT Help
For help with University computer systems and technology, visit http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/.

When using the University’s IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.
