Credit points
10

Prerequisites
Admission to GradCertFin or GradDipAppFin or MAppFin or MAppFin(Adv)

Corequisites

Co-badged status

Unit description
This unit equips students with financial analysis skills to support advanced study in corporate finance and investment analysis. Emphasis is placed on being able to interpret financial statements in the context of a company's operational performance and strategy, to assess historical financial performance and to prepare a spreadsheet based financial model capable of forecasting integrated financial statements for a company. After this unit, students should understand the language of financial statements, and be able to use an Annual Report to develop an understanding of a company's historical performance and prospects. Specific topics include the Income Statement, Balance Sheet, Cash Flow Statement and financial statement analysis using Dupont methodology. Financial modelling applications will also be developed, so students will be able to prepare forecasts for the three financial statements, as well as being able to integrate the three statements.

Important Academic Dates
Information about important academic dates including deadlines for withdrawing from units are available at https://www.mq.edu.au/study/calendar-of-dates

Learning Outcomes
On successful completion of this unit, you will be able to:

ULO1: Prepare and explain the interrelationships between the three major financial statements.
ULO2: Critically assess a company’s historical financial performance using financial ratios and other analysis tools.

ULO3: Apply financial analysis skills to develop financial projections for a project or business.

ULO4: Construct and demonstrate proficiency in using spreadsheet based integrated financial models to solve a range of finance based problems.

General Assessment Information

Information - Extensions / Penalties

Online Quizzes x 2 - Worth 10% each (Total 20%)

You are expected to make yourself available for assessment during the relevant quiz window.

Students who do not submit this task by the due date and time receive a result of zero. This penalty does not apply when an application for Special Consideration has been made and approved.

Students who do not attempt the quiz receive a mark of zero. This penalty does not apply in cases where an application for Special Consideration has been made and approved.

Further information on submitting an Application for Special Consideration can be found at https://students.mq.edu.au/study/my-study-program/special-consideration

Short Exercises x 4 - Worth 5% each (Total 20%)

Students who do not submit this task by the due date and time receive a result of zero. This penalty does not apply when an application for Special Consideration has been made and approved.

Further information on submitting an Application for Special Consideration can be found at https://students.mq.edu.au/study/my-study-program/special-consideration

Assignment (30%)

No extensions will be granted. There will be a deduction of 10% of the total available marks made from the total awarded mark for each 24 hour period or part thereof that the submission is late (for example, 25 hours late in submission incurs a 20% penalty). This penalty does not apply for cases in which an application for Special Consideration is made and approved.

Late submissions will be accepted up to 96 hours after the due date and time.

Further information on submitting an Application for Special Consideration can be found at https://students.mq.edu.au/study/my-study-program/special-consideration

Final Exam (30%)

You are expected to present yourself for examination at the time and place designated at http://exams.mq.edu.au/timetable

Deferral of an examination is not permitted unless an application for Special Consideration is

Assignment

Assessment Type: Case study/analysis
Indicative Time on Task: 20.00 hours
Due: In iLearn
Weighting: 30%

Analysis of an individual case study topic and presentation of conclusions: 2500 words

On successful completion you will be able to:

- Prepare and explain the interrelationships between the three major financial statements.
- Critically assess a company’s historical financial performance using financial ratios and other analysis tools.
- Apply financial analysis skills to develop financial projections for a project or business.
- Construct and demonstrate proficiency in using spreadsheet based integrated financial models to solve a range of finance based problems.

Online Quizzes

Assessment Type: Quiz/Test
Indicative Time on Task: 10.00 hours
Due: In iLearn
Weighting: 20%

Two online quizzes will be conducted during the term. The first online quiz relates to material in Topics 1-4 and the second online quiz relates to material in Topics 5-9.
On successful completion you will be able to:

- Prepare and explain the interrelationships between the three major financial statements.
- Critically assess a company’s historical financial performance using financial ratios and other analysis tools.
- Apply financial analysis skills to develop financial projections for a project or business.

Short Exercises

Assessment Type 1: Case study/analysis
Indicative Time on Task 2: 20.00 hours
Due: In iLearn
Weighting: 20%

Four short exercises will be assessed during the term. The short exercises relate respectively to material in Topics 1, 2, 3 and 6.

On successful completion you will be able to:

- Prepare and explain the interrelationships between the three major financial statements.
- Critically assess a company’s historical financial performance using financial ratios and other analysis tools.
- Apply financial analysis skills to develop financial projections for a project or business.
- Construct and demonstrate proficiency in using spreadsheet based integrated financial models to solve a range of finance based problems.

Final Exam

Assessment Type 1: Examination
Indicative Time on Task 2: 20.00 hours
Due: In iLearn
Weighting: 30%

Online, open book 3 hour Exam on all Topics.

On successful completion you will be able to:

- Prepare and explain the interrelationships between the three major financial statements.
- Critically assess a company’s historical financial performance using financial ratios and other analysis tools.
- Apply financial analysis skills to develop financial projections for a project or business.
- Construct and demonstrate proficiency in using spreadsheet based integrated financial models to solve a range of finance based problems.
If you need help with your assignment, please contact:

- the academic teaching staff in your unit for guidance in understanding or completing this type of assessment
- the Writing Centre for academic skills support.

Indicative time-on-task is an estimate of the time required for completion of the assessment task and is subject to individual variation.

**Delivery and Resources**

<table>
<thead>
<tr>

</thead>
<tbody>
<tr>
<td></td>
<td>This textbook is available to buy from the publisher, McGraw-Hill Education, as either a print book or an e-book. Please note that the publisher’s prices may be quoted in US dollars and the book may ship from overseas. If you intend to use the print book, please allow sufficient time for delivery. The print book is also available from Booktopia, Dymocks and other sellers. The following links can be used to purchase the textbook:</td>
</tr>
<tr>
<td></td>
<td><a href="https://www.booktopia.com.au">https://www.booktopia.com.au</a></td>
</tr>
<tr>
<td>Additional Readings</td>
<td>Additional readings are included in iLearn. Students should assume these readings are examinable unless otherwise advised.</td>
</tr>
<tr>
<td>Assumed Knowledge</td>
<td>This unit requires students to perform arithmetic (add, subtract, multiply, divide), to work with exponents (raise to the power of), and to perform algebraic manipulation of simple equations. For example, given the arithmetical answer to a calculation, it is expected that you can solve for one of the inputs. <em>If</em> $534 = 221 + X – 440$, <em>what is</em> $X$?</td>
</tr>
<tr>
<td></td>
<td>Additionally, this unit requires students to solve mathematical problems using spreadsheet software by coding formulas into cells in the spreadsheet.</td>
</tr>
<tr>
<td></td>
<td>Students should be familiar with financial mathematics such as simple interest and the time value of money.</td>
</tr>
<tr>
<td></td>
<td>- If $200 is borrowed for 12 months at an interest rate of 6% pa to be paid monthly in arrears, how much interest is paid each month?</td>
</tr>
<tr>
<td></td>
<td>- What is the effective annual interest rate?</td>
</tr>
<tr>
<td>Unit Web Page</td>
<td>The web page for this unit can be found at: <a href="https://ilearn.mq.edu.au/login/">https://ilearn.mq.edu.au/login/</a></td>
</tr>
<tr>
<td>Technology Used and Required</td>
<td>Here you will find forums, downloadable resources and links to important pages.</td>
</tr>
<tr>
<td></td>
<td>The forum allows you to communicate with other students and lecturer(s) and may provide supplementary material.</td>
</tr>
<tr>
<td></td>
<td>You are requested to post your questions on the forums at least 24 hours prior to the assignment submission date or the examination date. Questions posted after that time may not be answered. Please try to not leave your questions to the last few days.</td>
</tr>
<tr>
<td></td>
<td>Important Notice:</td>
</tr>
<tr>
<td></td>
<td>It is important that you familiarise yourself with the unit’s iLearn site.</td>
</tr>
<tr>
<td></td>
<td>All students should check iLearn regularly and look for updates and distribution of materials related to the unit or assessments and participate in forum discussions.</td>
</tr>
<tr>
<td></td>
<td>Assumed access to technology: Access to a computer with word processing and spreadsheet capability is assumed, as is general student computer literacy. A recent version of Excel is the preferred choice of spreadsheet.</td>
</tr>

**Policies and Procedures**

Macquarie University policies and procedures are accessible from [Policy Central](https://policies.mq.edu.au). Students should be aware of the following policies in particular with regard to Learning and Teaching:

- Academic Appeals Policy
- Academic Integrity Policy
- Academic Progression Policy
Student Support

Macquarie University provides a range of support services for students. For details, visit http://students.mq.edu.au/support/

The Writing Centre

The Writing Centre provides resources to develop your English language proficiency, academic writing, and communication skills.

- Workshops
- Chat with a WriteWISE peer writing leader
- Access StudyWISE
- Upload an assignment to Studiosity
- Complete the Academic Integrity Module
The Library provides online and face to face support to help you find and use relevant information resources.

- Subject and Research Guides
- Ask a Librarian

Student Services and Support
Macquarie University offers a range of Student Support Services including:

- IT Support
- Accessibility and disability support with study
- Mental health support
- Safety support to respond to bullying, harassment, sexual harassment and sexual assault
- Social support including information about finances, tenancy and legal issues

Student Enquiries
Got a question? Ask us via AskMQ, or contact Service Connect.

IT Help
For help with University computer systems and technology, visit [http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/](http://www.mq.edu.au/about_us/offices_and_units/information_technology/help/).

When using the University's IT, you must adhere to the Acceptable Use of IT Resources Policy. The policy applies to all who connect to the MQ network including students.
